- b) Communications Staff attended the Making Home Affordable® (MHA) events in Jacksonville in March and Orlando in April. Staff supported Advisor Agencies, and assisted attendees with information regarding the Florida HHF programs.
- c) Staff also is working with Fannie Mae and Elder Affairs on promoting the Elderly Mortgage Assistance (ELMORE) program. Additionally, Communications staff continues to handle homeowner inquiries through the website, call center and Florida Housing's Legislative office.

#### **B. Business Continuity**

##### **1. Background/Present Situation**

- a) Business Continuity staff continues to review and update the business continuity plan, alert notifications process, disaster and evacuation procedures, one-pagers, and other materials. Staff is working to schedule workshops and/or trainings on procedures to follow regarding active shooters, suspicious packages and other important safety issues for all Corporation employees.
- b) Florida Housing also had the nine (9) floor wardens in the Corporation certified in CPR and First Aid last month.

## COMMUNICATIONS

### *Information*

#### C. Corporate Marketing/Outreach

##### 1. Background/Present Situation

- a) Communications distributed the electronic *What's Developing* corporate newsletter in March to approximately 3,000 recipients.
- b) Communications staff is working with Policy staff on marketing and outreach for the new program Multifamily Energy Retrofit Program (MERP).
- c) Staff is working with ITS Department on website maintenance, training and the redevelopment of an improved Corporation website.

**A. Operating Budget Analysis for February 2014**

**1. Background/Present Situation**

- a) The Financial Analysis for February 28, 2014, is attached as [Exhibit A](#).
- b) The Operating Budget for the period ending February 28, 2014, is attached as [Exhibit B](#).

# GUARANTEE PROGRAM

## Information

### III. GUARANTEE PROGRAM

#### A. Status of the Guarantee Program Portfolio

##### 1. Background/Present Situation

- a) Since the implementation of the Guarantee Program in 1993, it has guaranteed 120 transactions, facilitating the construction of over 28,000 housing units in Florida. In November 1994, the Guarantee Program entered into an agreement with HUD to participate in the Risk-Sharing Program; characterized by a 50/50 sharing of default risk in connection with the mortgage guarantee. Of the 43 multifamily developments in the Guarantee Program portfolio today, 31 are Risk-Sharing transactions.
- b) Since November 2008, there have been eight (8) multifamily claims filed on the Guarantee Program, representing the total (and only) multifamily claims incurred in its 20-year history. The last multifamily claim occurred in April 2010. The chart in [Exhibit B](#) reflects the developments that have been foreclosed as of March 31, 2014, listed in chronological order by claim filed date.
- c) There are no foreclosures in inventory and no developments in monetary default in the portfolio.

#### B. Capitalizing Debt and Risk Exposure

##### 1. Background/Present Situation

- a) The global liquidity crisis of 2008 collapsed the market for the variable rate bonds capitalizing the Guarantee Program corpus, ultimately leading staff to restructure the debt, paying off approximately \$89 million and refinancing the remaining \$156.2 million in variable rate bonds to a 5-year term loan with Citibank, closing on December 31, 2009.
- b) At that time, the Guarantee Program's total risk exposure, single-family and multifamily combined, was \$754.5 million. Since then, in keeping with the Board's mandate to cede risk from the portfolio, total risk exposure (as reflected in [Exhibit C](#), chart "Guarantee Fund Capacity", line item "Total Commitments") has been reduced by more than half, as reflected below:

Portfolio Risk Exposure

12/31/2009	12/31/2010	12/31/2011	12/31/2012	12/31/2013	3/31/2014
\$754,475,974	\$728,323,576	\$578,754,817	\$468,471,463	\$306,526,369	\$275,339,056

## GUARANTEE PROGRAM

### *Information*

- c) The continued low interest rate environment has prompted many Developers to refinance their properties, paying-off their guaranteed mortgages and removing them from the Guarantee Program portfolio, representing the primary driver behind the reduction in Total Commitments reflected above. The sharp increase in refinancing activity is reflected in the following chart:

Refinancing Activity

	2009	2010	2011	2012	2013	2014
Loans (#):	0	2	12	9	22	5
Risk ceded (\$):	\$0	\$9,876,854	\$117,963,056	\$83,995,036	\$149,398,081	\$28,607,424

- d) Also contributing to the reduction in Total Commitments is approximately \$100 million in partial prepayments (of mortgages) from SAIL ELI proceeds, \$35 million in scheduled amortization of guaranteed mortgages and \$23 million in foreclosures (Sarah's Place and Nelson Park in 2009, and Heritage in 2010).
- e) Furthermore, Management aggressively reduced the Guarantee Program capitalizing debt, paying off \$90.2 million on April 20, 2011 and another \$15 million on July 29, 2011, leaving \$51.0 million outstanding. On December 21, 2012, the remaining balance of \$51.0 million was paid in full, reducing the Guarantee Fund's capitalizing debt to zero (\$0).

### C. Corpus Investments

#### 1. Background/Present Situation

The Guarantee Fund corpus contains approximately \$168.4 million in invested capital, all of which is currently invested in the Florida Treasury, Special Purpose Investment Account (SPIA), rated "A+f" by Standard & Poor's as of August 31, 2013.

#### E. Guarantee Program Foreclosure Summary ([Exhibit B](#))

#### F. Guarantee Program Portfolio Summary and Guarantee Fund Capacity ([Exhibit C](#))

## HOME RENTAL

### *Information*

#### IV. HOME RENTAL

##### A. Changes to Construction Features and Amenities and/or Resident Programs

###### 1. Background/Present Situation

- a) The following development has requested, and staff has approved, changes to the Construction Features and Amenities and /or Resident Programs in their Application since the last Board meeting:

Amistad (2011-064CH) has requested an amenity swap to the existing Land Use Restriction Agreement language (“LURA”), which states the development will have “outside recreation facilities” consisting of “domino tables and backgammon tables” to “outside recreation facilities” consisting of “domino tables and chess/checker tables”. The change was requested as outdoor backgammon tables could not be located and the change did not affect the points awarded in the original scoring. They also requested a resident program swap to the LURA which states the development will offer an “after school program for children” (awarded 3 points in Application scoring) to “literacy training” (awarded 2 points in Application scoring) and “financial assistance with purchase of a home” (also awarded 2 points in Application scoring).

- b) Staff will amend the LURA for the development as appropriate.

## SINGLE FAMILY BONDS

### *Information*

#### V. SINGLE FAMILY BONDS

##### A. Single Family Homebuyer Programs

###### 1. Background/Present Situation

- a) Florida Housing continues to have funds continuously available for qualifying homebuyers through our First Time Homebuyer (FTHB) Programs. Florida Housing's Programs provide assistance to eligible homebuyers by offering low cost, 30-year, fixed-rate mortgages together with down payment and closing cost assistance. Currently, we have two First Time Homebuyer (FTHB) Programs that offer down payment and closing cost assistance to qualified borrowers; the Florida First Government Loan Program (FL Government Loan Program) and the Florida HFA Preferred Loan Program (FL HFA Preferred). We also offer a Mortgage Credit Certificate Program for those FTHBs who do not need down payment assistance but who may benefit from additional annual federal tax savings offered through this program.
- b) The FL Government Loan Program offers borrowers a 30-year, fixed rate mortgage using all approved government insured loan types. These include Federal Housing Administration (FHA) loans, U.S. Department of Veteran Affairs (VA) loans, and United States Department of Agriculture-Rural Development (USDA) loans. This program is primarily funded through traditional mortgage revenue bond sales and bolstered by the sale of Mortgage Backed Securities (MBS) into the secondary markets. Included in this program is the Military Heroes Program, which offers honorably discharged veterans or active duty military personnel the benefit of a lower first mortgage interest rate.
- c) On February 3, 2014, we introduced a new FTHB Program, the Florida HFA Preferred Conventional Loan Program (FL HFA Preferred). This Program uses a loan product developed by Fannie Mae specifically for state housing finance agencies. Rather than selling bonds as a funding source, this program is structured as a forward delivery "To Be Announced" (TBA) Program in conjunction with one of our contracted investment bankers, Raymond James. Single Family Program staff sets a daily mortgage rate based upon prevailing market rates and predetermined profitability goals. The conventional loans originated by participating lenders offer borrowers a 30-year, fixed rate mortgage. Borrowers benefit from lower mortgage insurance costs on these loans, when compared to similar government insured loans such as FHA, and can qualify with a 3% - 5% down payment.
- d) Florida Housing currently offers qualified homebuyers down payment and closing cost assistance (DPA) in the form of a second mortgage loan on both the FL Government and FL HFA Preferred loan programs. Our Florida Assist is a 0% deferred payment \$10,000 second mortgage that serves homebuyers with an area median income (AMI) of up to 120%, adjusted for household size. It is repayable upon sale of the property, refinance of the first mortgage, at the end of the first mortgage term, or if the homeowner no longer occupies the property as his/her primary residence.

## SINGLE FAMILY BONDS

### *Information*

- e) Our Mortgage Credit Certificate (“MCC”) Program provides qualified first time homebuyers with a non-refundable federal tax credit. Our MCC Program uses a 50% credit rate that provides the homeowner with a maximum \$2000 annual tax credit used to offset any federal tax liability. The homeowner can claim this credit each year they occupy the home as a primary residence, pay mortgage interest, and have a tax liability to offset. We currently have 64 approved lenders participating in the MCC Program compared with 72 in our loan programs. We charge a \$500 issuance fee for each MCC to cover administration and support of the program.
- f) Single Family Program Staff continually offers a three hour, Department of Business and Professional Regulation (DBPR) approved continuing education (“CE”) course for Realtors, which is coordinated through local Realtor boards throughout the state. Realtors who attend these classes receive a general 3 hour CE credit while learning about our First Time Homebuyer Program, our Mortgage Credit Certificate Program, and other affordable housing programs available to their potential homebuyers. We strive to market to large groups such as Realtors and Lenders statewide to maximize the benefit of our time and travel and to help others learn about the resources available through our programs.
- g) Florida Housing sponsors a toll-free telephone line (800-814-HOME), for first time homebuyers to call for information about our program. Callers are able to receive information through pre-recorded information that directs them to our First Time Homebuyer Wizard tool, which is located on our website. Those callers that have additional questions are transferred to Single Family Staff for assistance.

## SUBORDINATED MORTGAGE INITIATIVE (SMI)

### *Information*

#### VI. SUBORDINATED MORTGAGE INITIATIVE (SMI)

##### A. Program Update

##### 1. Background/Present Situation

- a) As of this date, the Board has approved funding for a total of thirty-two (32) Subordinated Mortgage Initiative (SMI) loans to developments credit enhanced by the Guarantee Program and determined to be in financial distress. The loans provide properties with temporary assistance in funding their mortgage debt service obligations for a period of up to twenty-four (24) months. Florida Housing provided funding for up to one (1) mortgage payment per each three month period. The developer is required to make the remaining payments. This process is to be repeated for up to twenty-four (24) months, with Florida Housing potentially making up to a total of eight mortgage payments and the developer making a total of sixteen mortgage payments during this period.
- b) Attached as [Exhibit A](#) is a spreadsheet of the status of the SMI loans approved to date. Highlights of the data are as follows:
  - (1) The Board has approved a total of thirty-two (32) SMI loans in the amount of \$19,120,000.
  - (2) Thirty (30) of these SMI loans have been closed to date in the principal amount of \$17,834,309.01, of which \$17,557,032.82 has been disbursed as of April 4, 2014.
  - (3) One SMI loan, Woods of Vero, received SAIL/ELI funding prior to the final disbursement under the SMI loan. The SAIL/ELI loan reduced the first mortgage balance; as a result the three remaining SMI disbursements for Woods of Vero were reduced accordingly, reducing its SMI loan by \$14,116.97, effectively reducing the amount closed to date to \$17,820,192.04.
  - (4) Two (2) loans, Leigh Meadows and Colony Park, representing two different developers, approved in the total amount of \$665,000, did not close due to the owner/borrower declining the loan.
  - (5) All accrued interest will be due on these loans twenty four months after the final disbursement. The loan will then be amortized based on a twenty year amortization with a balloon payment due at the end of year six.
  - (6) As of April 4, 2014, seventeen (17) loans have been paid in full totaling \$9,406,382.
