A. The ARC of Martin County, Inc. v. Florida Housing Finance Corporation - FHFC Case No.: 2013-037BP

Development Name: (“Development”):	Ashley Oaks
Developer/Principal: (“Developer”):	The ARC of Martin County, Inc.
Number of Units: 1	Location: Martin County
Type: Single Family Residence	Set Aside: 100% @ 60 AMI
Demographics: Persons with Developmental Disabilities	State non-recurring grant funds: \$253,000

1. Background

The ARC of Martin County, Inc. (“Petitioner”) applied for funding under RFA 2013-005 – Financing to Build or Rehabilitate Smaller Permanent Supportive Housing Properties for Persons with Developmental Disabilities (the “RFA”) seeking an allocation of funding. Petitioner was notified of the Board’s intended decision to not fund Petitioner’s Application on or about December 13, 2013. Petitioner timely filed its “Petition,” challenging the Corporation’s rejection of its Application on the grounds that Petitioner failed to demonstrate site control, specifically, that Petitioner failed to provide a closing date that did not expire six months after the Application Deadline.

2. Present Situation

A hearing was conducted on January 30, 2014, before Florida Housing’s appointed Hearing Officer, Christopher D. McGuire. At hearing, Petitioner attempted to introduce evidence of site control, by providing a sales contract that was not part of its Application. The Hearing Officer excluded the contract from being considered. The parties filed Proposed Recommended Orders. After reviewing the Proposed Recommended Orders, the Hearing Officer issued a Recommended Order, finding that Florida Housing correctly scored Petitioner’s Application with regard to the failure to demonstrate site control. The Hearing Officer also held that he was precluded by statute from considering any materials that amend or supplement Petitioner’s Application. A copy of the Recommended Order is attached as [Exhibit A](#). No written argument regarding the Recommended Order has been filed by either party.

3. Recommendation

Staff recommends that the Board adopt the Findings of Fact of the Recommended Order, the Conclusions of Law of the Recommended Order, and the Recommendation of the Recommended Order, and issue a Final Order in accord with same.

D. Request for Proposals (RFP) 2014-102 for Financing To Develop Permanent Supportive Housing For High Needs/High Cost Individuals Who Are Chronically Homeless

1. Background

- a) Florida Housing Finance Corporation (Florida Housing) was appropriated \$10 million by the 2012 Legislature to finance the development of affordable, sustainable and permanent housing for special needs and extremely low income households, as defined in Section 420.0004, Florida Statutes. The legislation specified that Florida Housing must offer the funding through a competitive RFP to non-profit housing developers specializing in housing for these individuals.
- b) To assist with the pilot, Florida Housing used the \$10 million appropriation in this RFP to provide forgivable loans to finance one or more Permanent Supportive Housing Developments targeting High Needs/High Cost populations with disabilities and frail elders who are Chronically Homeless on the street, or are, as a result of their homelessness, living in a more restrictive residential care or institutional setting than they need or desire. The RFP required Applicants to incorporate a multi-year study evaluating the ability of Permanent Supportive Housing linked with coordinated local and state public-private partnerships to reduce public expenditures and improve personal outcomes for High Needs/High Cost Chronically Homeless persons. This required Applicants chosen under this pilot to already be working within a broader, established community framework that has implemented a collaborative approach to identify, screen, assess and prioritize individuals for Permanent Supportive Housing, and work with local and other partners to provide onsite and offsite access to supportive services, including health care. In addition, Applicants are expected to find funding to work with partners experienced in developing and implementing research methodologies and carrying out data collection to evaluate resident outcomes and cost savings to state and local governments. The deadline for receipt of Applications associated with this RFA was 11:00 a.m., Eastern Time, Friday, February 14, 2014.

A. Request Approval of Responses to the Request for Qualifications 2014-01 for Energy Auditors to Provide Services for the Multifamily Energy Retrofit Program (MERP)

1. Background

- a) The Multifamily Energy Retrofit Program (MERP) is an approximately \$6 million revolving loan fund that will provide loans for energy retrofits to aging properties in Florida Housing's portfolio. - b) The Energy Auditors will not be providing any direct contractual services to Florida Housing. The assigned credit underwriter for each preliminary MERP award will select the Energy Auditor from Florida Housing's pool of approved Energy Auditors. Payment or compensation due to the Energy Auditor shall be the responsibility of the owner entity of the development. Likewise, the provision of a certificate of insurance naming the owner entity of the development, as an additional insured and meeting the insurance requirements in the RFQ, shall be the sole responsibility of the Energy Auditor, on a per project basis.
