Issued By:

FLORIDA HOUSING FINANCE CORPORATION

Issued: August 22, 2017

Due: October 23, 2017 ~~October 18, 2017~~ ~~September 28, 2017~~

**SECTION ONE
INTRODUCTION**

Florida Housing Finance Corporation (the Corporation) was appropriated \$40 million of State Apartment Incentive Loan (SAIL) Program funding by the 2017 Legislature for the construction of workforce housing to serve primarily low-income persons (i.e., households with incomes that do not exceed 80 percent of the Area Median Income (AMI) as defined in Section 420.0004, F.S.) and, in the Florida Keys Area of Critical State Concern, to serve households with incomes that do not exceed 140 percent of AMI when strategies are included in the Local Housing Assistance Plan (LHAP) to serve these households. In addition, the Corporation has an estimated \$1,012,000 remaining from the 2016 Legislature.

The SAIL funding offered under this Request for Applications (RFA) must be used with other funding for the construction of workforce housing for Families, as outlined below:

- A. For proposed Developments located in the Florida Keys Area of Critical State Concern (Monroe County):

An estimated \$7,012,000 of Workforce SAIL funding and \$1,200,000 of Competitive Housing Credits will be available under this RFA. The SAIL funding must be paired with Competitive Housing Credits ("9% HC") which the Applicant must request in its SAIL Application. For purposes of this RFA, references to "9% HC" shall include, where applicable, 4 percent acquisition Housing Credits.

The Applicant will be required to commit to a Housing Credit Set-Aside of (i) 25 percent of the total units for households at or below 50 percent of the AMI or (ii) 45 percent of the total units for households at or below 60 percent of the AMI. All of the remaining units in the proposed Development must be set aside as workforce housing at or below:

1. 140 percent of the AMI in accordance with the Monroe County LHAP which includes a strategy for serving households at these higher incomes; or
2. 80 percent of the AMI.

- B. For proposed Developments located in a county other than Monroe County:

An estimated \$34 million of Workforce SAIL will be available under this RFA. The SAIL funding must be paired with Tax-Exempt Bonds and Non-Competitive Housing Credits ("4% HC"). In its response to this Application, the Applicant must also request either Corporation-issued Multifamily Mortgage Revenue Bonds (MMRB) and 4% HC or 4% HC to be used with Tax-Exempt Bonds obtained through the appropriate County (County HFA-issued Bonds).

The Applicant will be required to commit to a Housing Credit Set-Aside of (i) 25 percent of the total units for households at or below 50 percent of the AMI or (ii) 45 percent of the total units for households at or below 60 percent of the AMI. All of the remaining units in the proposed Development must be set aside as workforce housing at or below 80 percent of the AMI.

If, prior to the submission of the Applicant's Application in response to this RFA, the Applicant submits or has already submitted a Non-Competitive Application for the Development proposed in its SAIL Application, such previous Non-Competitive Application will not be considered and the Applicant will be required to request the MMRB and/or 4% HC as a part of its SAIL Application request, as outlined above.

If the proposed Development is not selected for funding or if the Applicant's funding award is rescinded, and the Applicant still wishes to receive the MMRB and/or 4% HC, the Applicant will be required to submit a new Application for such funding using the Non-Competitive Application Package that is in effect at that time.

Note: Proposed Developments are not eligible to apply for any funding offered in this RFA if the Applicant has already closed on the Tax-Exempt Bond financing prior to the Application Deadline for this RFA. In addition, proposed Developments are not eligible to receive any funding awarded through this RFA if the Applicant closes on the Tax-Exempt Bond financing prior to the issuance of the preliminary commitment for the SAIL funding. If the Bonds are closed between the Application Deadline and issuance of the SAIL preliminary commitment, the Applicant's awards under this RFA will be rescinded.

- C. The Corporation is soliciting applications from qualified Applicants that commit to provide workforce housing in accordance with the terms and conditions of this RFA, inclusive of Exhibits A, B, C, and D, applicable laws, rules and regulations, and the Corporation's generally applicable construction and financial standards.

SECTION THREE PROCEDURES AND PROVISIONS

- A. Submission Requirements.
 - 1. The Application Deadline is **11:00 a.m., Eastern Time, on ~~October 18, 2017~~ October 23, 2017 ~~September 28, 2017~~**. To meet the submission requirements, prior to the Application Deadline the Applicant must do all of the following for its Application:
 - a. The Applicant must download and complete the following documents found on the Corporation Website at <http://www.floridahousing.org/programs/developers-multifamily-programs/competitive/2017/2017-107>:
 - (1) The Application;
 - (2) The Development Cost Pro Forma; and

- (3) The Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 08-16) (“Principals Disclosure Form”). A Principals Disclosure Form that was approved during the Advance Review Process, which is described in Section Four A.3.d. of the RFA, may be used to satisfy this requirement, provided the form was approved for the type of funding being requested (i.e. Housing Credits or non-Housing Credits).

The download process may take several minutes. Applicants should save these three (3) documents with a file name that is unique to the specific Application.

- b. Next, when the Applicant is ready to submit the completed Application, Development Cost Pro Forma and Principals Disclosure form (the “Complete Online Submission Package”) to the Corporation, the Applicant must go to the webpage <http://www.floridahousing.org/programs/developers-multifamily-programs/competitive/2017/2017-107> (also available by clicking [here](#)) and click the link to login and upload the Complete Online Submission Package consisting of these three (3) documents. To upload the Complete Online Submission Package, a username and password must be entered. If the Applicant has not previously created a username and password, the Applicant will need to create one prior to the upload process.
- c. After successfully logging in, the Applicant must click “Upload Application.” The Applicant must also enter the Development Name, click “Browse” to locate the completed Application, Development Cost Pro Forma and Principals Disclosure form that were saved on the Applicant’s computer; and then click “Upload Selected File.” (Note: Hard copies of all attachments are not uploaded. The hard copies must be included with the printed copies of the Complete Online Submission Package as provided in e. below.) If the Applicant received an approved Principals Disclosure Form through the Advance Review Process, the approved form is what should be uploaded with the Application and Development Cost Pro Forma. Next, to view and print the Uploaded Application (consisting of the Complete Online Submission Package), the Applicant must click “Print Application for Submission to Florida Housing.” The assigned Response Number will be reflected on each page of the printed Uploaded Application. The Applicant must submit three (3) printed copies of the Uploaded Application to the Corporation, as outlined in item e. below.

Note: If the Applicant clicks “Delete” prior to the Application Deadline, the Application will no longer be considered an Uploaded Application and the Applicant will be required to upload the Complete Online Submission Package again in order

for these documents to be considered an Uploaded Application. This will generate a new Response Number.

e. The Applicant must provide to the Corporation by the Application Deadline sealed package(s) containing three (3) printed copies of the final Uploaded Application (consisting of the Complete Online Submission Package) with all applicable attachments, as outlined in Section Four, with each copy housed in a separate 3-ring-binder with numbered divider tabs for each attachment. 2. After 11:00 a.m., Eastern Time, on the Application Deadline, each Application for which hard copies are received by the Application Deadline will be assigned an Application number. In addition, these Applications will be assigned a lottery number by having the Corporation's internal auditors run the total number of Applications received through a random number generator program.

The printed copies of the complete Application must be addressed to:

Ken Reecy
Director of Multifamily Programs
Florida Housing Finance Corporation
227 N. Bronough Street, Suite 5000, Tallahassee, FL 32301

If any of the hard copies of Exhibit A (the Application), the Development Cost Pro Forma, and/or the Principals of the Applicant and Developer(s) Disclosure Form are not identical to the complete Uploaded Application, the Uploaded Application will be utilized for scoring purposes.

Changes to the Applicant entity (material or non-material) prior to the loan closing or without Board approval after the loan closing may result in disqualification from receiving funding and may be deemed a material misrepresentation. Changes to the investor-limited partner of an Applicant limited partnership or the investor-member of an Applicant limited liability company owning the syndicating interest therein will not result in disqualification.

(4) The Principals of each Developer identified in the Application, including all co-Developers, may be changed only by written request of an Applicant to Corporation staff and approval of the Board after the Applicant has been

invited to enter credit underwriting. In addition, any allowable replacement of an experienced Principal of a Developer entity must meet the experience requirements that were met by the original Principal.

Note: The bus stop used to achieve the Route 301/Dade-Monroe Express Bonus Points can also be used toward the Applicant’s Transit points, provided the bus stop distance requirements are met and the required information for the bus stop is included in Exhibit A.

Location of coordinates for Transit Services

For Public Bus Stop, Public Bus Rapid Transit Stop, Public Bus Transfer Stop, MetroRail, Station, TriRail Station, and SunRail Phase 1 Station, coordinates must represent the location where passengers may embark and disembark the bus or train.

For SunRail Phase 2 Station, coordinates must represent the coordinates listed below:

<u>Phase 2 SunRail Station</u>	<u>Latitude/Longitude Coordinates</u>
--------------------------------	---------------------------------------

DeLand Amtrak Station	29.017292	-81.352567
Kissimmee Amtrak Station	28.293036	-81.404825
Meadow Woods Station	28.386719	-81.374053
Osceola Parkway/Tupperware Station	28.343208	-81.390019
Poinciana Industrial Park Station	28.258900	-81.485603

The eligible Transit Services listed below are defined in Exhibit B:

- (i) Public Bus Stop (Maximum 2 Points)
 - (ii) Public Bus Transfer Stop (Maximum 6 Points)
 - (iii) Public Bus Rapid Transit Stop (Maximum 6 Points)
 - (iv) Public Rail Station (Maximum 6 Points)
- (b) Community Services (Maximum 4 Points for each service)

Applicants may provide the location information and distances for one (1) of each type of the following three (3) Community Services on which to base the Application's Community Services Score. The Community Service Scoring Charts, which reflect the methodology for calculating the points awarded based on the distances, are outlined in Exhibit C.

Location of coordinates for Community Services

Coordinates must represent a point that is on the doorway threshold of an exterior entrance that provides direct public access to the building where the service is located. If there is no exterior public entrance to the Community Service, then a point should be used that is at the exterior entrance doorway threshold that is the closest walking distance to the doorway threshold of the interior public entrance to the service.

Applicants may use the same latitude and longitude coordinates for the Grocery Store and Medical Facility if the Grocery Store and Medical Facility is housed at the same location.

The eligible Community Services listed below are defined in Exhibit B:

- (i) Grocery Store
- (ii) Public School
- (iii) Medical Facility

(2) Scoring Proximity to Services (Transit and Community)

Applicants that wish to receive proximity points for Transit Services or points for any community service must provide latitude and longitude coordinates for that service, stated in decimal degrees, rounded to at least the sixth decimal place, and the distance between the Development Location point and the coordinates for the service. The distances between the Development Location Point and the latitude and longitude coordinates for each service will be the basis for awarding proximity points. Failure to provide the distance for any service will result in zero points for that service. The Transit and Community Service Scoring Charts reflecting the methodology for calculating the points awarded based on the distances are in Exhibit C.

f. Mandatory Distance Requirement

To be eligible for funding, Miami-Dade County Applications must qualify for the Mandatory Distance Requirement. Applications will only qualify if the distance between the latitude and longitude coordinates provided for the Development Location Point, and any Scattered Sites, if applicable, to the coordinates for the other properties awarded funding under RFA 2016-112 (as shown on the chart below), are at least 0.5 miles from each other. Applications for proposed Developments located in a county other than Miami-Dade will automatically qualify for the Mandatory Distance Requirement. Applications that do not qualify for the Mandatory Distance Requirement will not be eligible for funding.

<u>File #/Program</u>	<u>Development</u>	<u>Latitude and Longitude Coordinates (Degrees, Minutes, Seconds)</u>	<u>Latitude Coordinates (Decimal Degrees)</u>	<u>Longitude Coordinates (Decimal Degrees)</u>	<u>Development Address</u>

If the Development consists of Scattered Sites, this resident program must be provided on the Scattered Site with the most units.
- c. Employment Assistance Program – The Applicant or its Management Company must provide, at no cost to the resident, a minimum of quarterly scheduled Employment Assistance Program workshops/meetings offering employment counseling by a knowledgeable employment counselor. Such a program includes employability skills workshops providing instruction in the basic skills necessary for getting, keeping, and doing well in a job. The instruction must include, but not be limited to, the following:
 - Evaluation of current job skills;

- Assistance in setting job goals;
 - Assistance in development of and regular review/update of individualized plan for each participating resident;
 - Resume assistance;
 - Interview preparation; and
 - Placement and follow-up services.
- d. Family Support Coordinator – The Applicant must provide a Family Support Coordinator at no cost to the resident. The Family Support Coordinator shall assist residents in assessing needs and obtaining services, with the goal of promoting successful tenancies and helping residents achieve and maintain maximum independence and self-sufficiency. Responsibilities shall include linking residents with public and private resources in the community to provide needed assistance, develop and oversee on-site programs and activities based on the needs and interests of residents, and support residents in organizing group activities to build community and to address and solve problems such as crime and drug activity. The duties of the Family Support Coordinator shall not be performed by property management staff. The Coordinator shall be on-site and available to residents at least 20 hours per week, within the hours of 9 a.m. and 8 p.m. The Coordinator may be an employee of the Development or, through an agreement, an employee of a third party agency or organization that provides these services.
- e. Financial Management Program – The Applicant or its Management Company shall provide a series of classes to provide residents training in various aspects of personal financial management. Classes must be held at least quarterly, consisting of at least two (2) hours of training per quarter, and must be conducted by parties that are qualified to provide training regarding the respective topic area. If the Development consists of Scattered Sites, the Resident Program must be held on the Scattered Site with the most units. Residents residing at the other sites of a Scattered Site Development must be offered transportation, at no cost to them, to the classes. The topic areas must include, but not be limited to:
- Financial budgeting and bill-paying including training in the use of technologies and web-based applications;
 - Tax preparation including do's and don'ts, common tips, and how and where to file, including electronically;
 - Fraud prevention including how to prevent credit card and banking fraud, identity theft, computer hacking and avoiding common consumer scams;
 - Retirement planning & savings options including preparing a will and estate planning; and
 - Homebuyer education including how to prepare to buy a home, and how to access to first-time homebuyer programs in the county in which the development is located.
- Different topic areas must be selected for each session, and no topic area may be repeated consecutively.
- f. Homeownership Opportunity Program

Applicant commits to provide a financial incentive which includes the following provisions:

- The incentive must be applicable to the home selected by the resident and may not be restricted to or enhanced by the purchase of homes in which the Applicant, Developer, or other related party has an interest;
- the incentive must be not less than 5 percent of the rent for the resident's unit during the resident's entire occupancy (Note: Resident will receive the incentive for all months for which the resident is in compliance with the terms and conditions of the lease. Damages to the unit in excess of the security deposit will be deducted from the incentive.);
- the benefit must be in the form of a gift or grant and may not be a loan of any nature;
- the benefits of the incentive must accrue from the beginning of occupancy;
- the vesting period can be no longer than 2 years of continuous residency; and no fee, deposit or any other such charge can be levied against the resident as a condition of participation in this program.

10. Local Government Contributions (Maximum 5 Points)

For an Applicant to receive points, the Applicant must provide evidence of a Local Government grant, loan, fee waiver and/or fee deferral that is effective as of the Application Deadline, is in effect at least through June 30, 2018, and has a value whose dollar amount is equal to or greater than the amount listed on the County Contribution List (set out below) for the county in which the proposed Development will be located. Those Applications that do not have the necessary contribution values to achieve maximum points will be scored on a pro-rata basis.

As evidence of the Local Government Contribution, the Applicant must provide the properly completed and executed Local Government Verification of Contribution Form(s) (Form Rev. 08-16) as **Attachment 13** to Exhibit A. The Local Government Contribution forms (Form Rev. 08-16) are available on the Corporation's Website <http://www.floridahousing.org/programs/developers-multifamily-programs/competitive/2017/2017-107/forms-related-to-rfa-2017-107> (also accessible by clicking [here](#)). Note: For purposes of this RFA, the Applicant cannot re-use any Florida Housing Local Government Verification of Contribution form that was included in a previous RFA submission. If the Applicant provides a previously submitted Florida Housing Local Government Verification of Contribution form or any other version of a Florida Housing Local Government Verification of Contribution form(s), the form(s) will not be considered.

To qualify for points, the amount of the contribution stated on the applicable form(s) must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

The only Local Government contributions that will be considered for the purpose of scoring are:

- Monetary grants
- Loans with the exception of USDA RD funds
- A one-year or more deferral of a fee beyond the date that it is routinely due
- Waiver of fees

A loan with a forgiveness provision (and no accrued interest charges) requiring approval of the Local Government can be treated as a loan or a grant for scoring purposes. Either the "Loan" or "Grant" verification forms can be used. If the loan form is used for a loan with a forgiveness provision (and no accrued interest charges), the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

Funds administered by the Local Government, including federal funds and SHIP funds, may be included in the contribution as long as the appropriate verification form is provided. For purposes of this RFA, USDA-RD funds will NOT count as a Local Government contribution.

The contribution may not be included as an expense on the Development Cost Pro Forma nor may it be considered part of Development Cost for purposes of calculating HC basis or Developer's fee. The exception to the previous sentence is deferred Local Government fees, which may be shown on the Development Cost Pro Forma.

For a contribution consisting of a loan or deferred fee to be considered complete and eligible for points, the Local Government Verification form must reflect both the total amount of the loan or deferred fee and the value (difference between the face amount and the net present value of the payment streams) of the loan or deferred fee. Calculate the net present value of the payments using the discount rate of 5.55 percent.

NOTE: Neither the payment stream for the present value calculations (if contribution consists of a loan or deferred fee) nor the calculations by which the total amount of each waiver is determined (if contribution consists of a fee waiver) are required to be attached to the certification form or otherwise included in the Application in order for the certification form to be considered for points.

In order to be eligible to be considered for points as a Local Government contribution, the contribution must:

- Be in effect as of Application Deadline;
- Be effective at least through June 30, 2018;
- Be dedicated solely for the proposed Development;
- Provide a tangible economic benefit that results in a quantifiable cost reduction and must be given specifically to the proposed Development because the Development will provide affordable and workforce housing; and
- State, federal, or Local Government funds initially obtained by or derived from a Local Government qualify as a Local Governmental contribution even though the funds are directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing

Development Organization, provided that they otherwise meet the requirements set forth in this RFA, including those relating to the executed verification form.

Local Government contributions that are ineligible to be considered for points include:

- Contributions that are not specifically made for the benefit of affordable and workforce housing but are instead of general benefit to the area in which the Development is located;
- The fact that no impact fees or other such fees are levied by a local jurisdiction for ANY type of development does not constitute a Local Government contribution. If such fees are levied by the local jurisdiction but the nature of the proposed Development exempts it, for purposes of this RFA, no Local Government contribution exists and no points will be awarded;
- The absence of interest on a loan or the absence of interest payments until a specific date does not constitute a deferral or waiver of fees;
- Local Government contributions that have not received final approval;
- A contribution from an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer;
- A contribution from a PHA;
- HOPE VI funds; and
- A contribution of any portion of the Applicant's site below market value.

To calculate the value of a Local Government Contribution below market interest rate loan or fee deferral:

- Calculate the net present value of the payments due to the Local Government. For a loan, this includes any balloon payment of principal due on a non-amortizing or non-fully amortizing loan. For a fee deferral, this includes the amount of the fee due at the end of the deferral period.
- Calculate the net present value of the loan payments using the discount rate.
- Subtract the net present value of the loan payments from the original loan principal amount. The remaining amount is the value of the Local Government contribution.

Example: If the discount rate is assumed to be 5.55 percent and the Local Government will provide a fully amortizing \$200,000 loan at 3 percent for 30 years with monthly payments, the contribution is calculated as follows:

Calculate the monthly payment of the \$200,000 loan at 3 percent (\$843.21)

Calculate the net present value of the stream of (\$843.21) monthly payments over 30 years (360 months) using a 5.55 percent discount rate (\$147,690.39)

Subtract the net present value amount from the original principal loan amount to arrive at the value of the contribution (\$200,000 - \$147,690.39 = \$52,309.61 value).

Example: If the discount rate is assumed to be 5.55 percent and the Local Government will provide an interest only \$200,000 loan at 3 percent for 30 years with payments due monthly, the contribution is calculated as follows:

Calculate the monthly payment of the \$200,000 loan at 3 percent. Multiply the \$200,000 by 3 percent and divide the result by 12. The answer is \$500. As such, the loan payments for the first 359 months are \$500.

Calculate the net present value of the stream of the various monthly payments over 30 years (360 months) using a 5.55 percent discount rate (\$125,560.06).

Subtract the net present value amount from the original principal loan amount to arrive at the value of the contribution (\$200,000.00 - \$125,560.06 = \$74,439.94 value). **Example:** A Development is to be located in Monroe County and has achieved a Local Government contribution valued at \$5,000. The County Contribution List states that a Development to be located in Monroe County must obtain contributions valued at \$10,000 to achieve 5 points. Therefore, in this example, the Development would receive 2.5 points (($\$5,000 / \$10,000$) X 5).

NOTE: Points will be rounded to two decimal places (3.345 rounded up to 3.35 and 3.3449 rounded down to 3.34).

11. Funding

Applications for proposed Developments located in Monroe County must include a request for Workforce SAIL funding and a request for 9% HC.

Applications for proposed Developments located in a county other than Monroe must include a request for Workforce SAIL funding, a request for 4% HC, and the required information regarding either Corporation-issued MMRB or County HFA-issued Tax-Exempt Bonds. The Applicant shall NOT utilize the Non-Competitive Application Package for purposes of requesting Corporation-issued MMRB and/or 4% HC. Such MMRB and/or 4% Housing Credit funding shall be requested in the Applicant’s SAIL Application submission. If, prior to the submission of the Applicant’s Application in response to this RFA, the Applicant submits or has already submitted a Non-Competitive Application for the Development proposed in its SAIL Application, such previous Non-Competitive Application will not be considered and the Applicant will be required to request the Corporation-issued MMRB and/or 4% HC as a part of its SAIL Application request.

a. Corporation Funding

(1) Workforce SAIL Funding

The Applicant must state the amount of Workforce SAIL funding.

- (a) For proposed Developments located in Monroe County, the Applicant’s Workforce SAIL Request Amount is limited to the lesser of the following:

- \$100,000 per unit (i.e., per the total number of units in the proposed Development) for proposed Developments with set-aside commitments at or below 80% AMI;
- \$ 60,000 or per unit (i.e., per the total number of units in the proposed Development) for proposed Developments with set-aside commitments at or below 140% AMI; or
- \$7,012,000 million per Development

(b) For proposed Developments located in a county other than Monroe, the Applicant's Workforce SAIL Request Amount is limited to \$8.5 million per Development.

(2) Housing Credits

(a) The Applicant must state the anticipated amount of Housing Credits it is requesting ("Applicant's Housing Credit Request Amount").

(i) 9% HC for proposed Developments located in Monroe County

The Applicant's 9% HC Request Amount is limited to the lesser of the following:

- \$35,000 per Housing Credit Set-Aside unit; or
- \$1,200,000 per Development

During the scoring process, if the Applicant states an HC Request Amount that is greater than the amount the Applicant is eligible to request, the Corporation will reduce the amount down to the maximum amount the Applicant is eligible to request. In addition, if the Applicant states an amount that is not a whole dollar amount, the Corporation will round the amount down to a whole dollar amount.

(ii) 4% HC for proposed Developments located in counties other than Monroe

The Applicant's 4% HC Request Amount is not subject to a request limit; however, if the Applicant states an amount that is not a whole dollar amount, the Corporation will round the amount down to a whole dollar amount.

(b) Declaration as First Phase of Multiphase Development

If the Applicant intends to declare the proposed Development as the first phase of a multiphase Development, it must answer "Yes"

to the question in Exhibit A. To declare this proposed Development as the first phase of a multiphase Development, at least one (1) building must be located within the HUD-designated DDA stated in Exhibit A.

During the credit underwriting process the Applicant will be required to submit to the Corporation an opinion letter by a licensed attorney that the Development meets the definition of a “multiphase project” as defined in the Federal Register. The letter must also include: (a) the name of the declared first phase Development and the Corporation-assigned Application number, (b) the total number of phases and the projected Development name for each phase, (c) the total number of buildings in each phase, (d) the expected completion date for each phase, and (e) any other information as determined by the Corporation and stated in the invitation to enter credit underwriting.

(c) Basis Boost Qualifications

With regard to Housing Credits, HUD provides regulatory guidance on the effective date of DDA lists for the purpose of determining whether a Development qualifies for an increase in eligible basis in accordance with Section 42(d)(5)(B) of the IRC. HUD’s notice published in the October 17, 2016 edition of the Federal Register (https://www.huduser.gov/portal/Datasets/QCT/QCTDDA2017_Notice.pdf) governs the eligibility for a basis boost for the Development proposed in this RFA.

If the Applicant is requesting 4% HC that will be used with County HFA-issued Tax-Exempt Bonds and the Applicant indicates that the proposed Development is eligible for the basis boost, during the credit underwriting process the Applicant will be required to provide a letter certifying the date the bond application was deemed complete, as outlined in Exhibit D.

(i) Subsequent Phase of a Multiphase Development

For purposes of this RFA, a subsequent phase of a multiphase Development is one where the first phase was appropriately identified as such and received an award of Housing Credits (“initial award”) in one of the following: (i) the 2011 Universal Application Cycle, (ii) a Request for Proposal or Request for Application (“RFP” or “RFA”) issued in calendar year 2013, 2014, 2015, 2016, or 2017, or (iii) a Non-Competitive Housing Credit Application (awarded through a Corporation

competitive RFA process or a Non-Corporation Bond issuer's competitive application).

For the subsequent phase to be eligible for the Basis Boost, after the initial award, (A) the Applicant must have submitted an Application for Housing Credits in immediately consecutive years, per the HUD requirements, (B) the 730-day period following the initial award must not end prior to the submission deadline for the Corporation's competitive RFA or a Non-Corporation Bond issuer's competitive application, per HUD's requirements, and (C) the subsequent phase must have at least one (1) building located within the boundary of the declared HUD-designated DDA or HUD-designated QCT which applied to the Development declared as the first phase by the first phase Applicant.

If the proposed Development qualifies as a subsequent phase of a multiphase Development, the Applicant must indicate as such in Exhibit A and provide the Corporation-assigned Application Number for the Development where the first phase was declared and awarded an allocation of Housing Credits.

The proposed Development's subsequent phase status will be confirmed during the credit underwriting process. If it is determined that the proposed Development does not meet the criteria to be designated a subsequent phase of a multiphase Development, it will no longer be considered a subsequent phase of a multiphase Development.

(ii) HUD-designated Small Area DDA

If the proposed Development is located in a HUD-designated Small Area DDA (SADDA), the designation will only apply to the building(s) located within the SADDA Zip Code Tabulation Area (ZCTA) and only those building(s) will be eligible for the basis boost.

The Applicant must identify the Small Area DDA ZCTA numbers.

The assigned Small Area DDA ZCTA number(s) is available at <https://www.huduser.gov/portal/Datasets/qct/DDA2017M.PDF> and the applicable HUD mapping application is available at https://www.huduser.gov/portal/sadda/sadda_qct.html.

(iii) HUD-designated Non-Metropolitan DDA

The proposed Development will be eligible for the basis boost if the Development county, as stated in Exhibit A, is located within a HUD-designated non-metropolitan DDA as defined in Section 42(d)(5)(B)(iii), IRC. The 2017 HUD-designated non-metropolitan DDAs are available here:

<https://www.huduser.gov/portal/Datasets/qct/DDA2017NM.PDF>.

(iv) HUD-designated QCT

The proposed Development will be eligible for the basis boost if the entire Development is located, as of Application Deadline, within a HUD-designated QCT, as defined in Section 42(d)(5)(B)(iii), IRC, as amended and based on the current census, as determined by HUD.

The HUD-designated QCTs are available here:

<https://www.huduser.gov/portal/Datasets/qct/QCT2017M.PDF> and

<https://www.huduser.gov/portal/Datasets/qct/QCT2017NM.PDF>.

To qualify, the Applicant must provide a copy of a letter from the local planning office or census bureau verifying the entire proposed Development site is located within the referenced QCT as **Attachment 14** to Exhibit A.

(d) Housing Credit Equity Proposal

The Applicant must provide, as **Attachment 15** to Exhibit A, an equity proposal, in the form of a commitment, proposal, term sheet or letter of intent that includes the following information:

(i) If syndicating/selling the Housing Credits, the Housing Credit equity proposal must meet the following criteria:

- Be executed by all parties, including the Applicant;
- Include specific reference to the Applicant as the beneficiary of the equity proceeds;
- State the proposed amount of equity to be paid prior to construction completion;
- State the anticipated Housing Credit Request Amount;
- State the anticipated dollar amount of Housing Credit allocation to be purchased; and

- State the anticipated total amount of equity to be provided.

If the limited partnership agreement or limited liability company operating agreement has closed, the closed agreement must be provided. To be counted as a source of financing, the partnership agreement or operating agreement must meet the requirements listed above or the Applicant must submit separate documentation, signed by the equity provider, expressly stating any required criteria not provided in the agreement.

- (ii) If not syndicating/selling the Housing Credits, the owner's commitment to provide equity must be provided. The commitment must include the following information and evidence of ability to fund must be provided as **Attachment 15** to the Application:

- The proposed amount of equity to be paid prior to construction completion;
- The anticipated Housing Credit Request Amount;
- The anticipated dollar amount of Housing Credit allocation to be purchased; and
- The anticipated total amount of equity to be provided.

Note: Exhibit D to the RFA outlines the requirement and deadline for the Applicant's confirmation that the documented equity amount to be paid prior to or simultaneous with the closing of construction financing is at least 15 percent of the total proposed equity to be provided (the 15 percent criteria).

- (iii) 9% HC (Proposed Developments Located in Monroe County)

If the Eligible 9% HC Request Amount is less than the anticipated amount of credit allocation stated in the equity proposal provided at Attachment 15, the equity proposal will be considered a source of financing and, for scoring purposes, the maximum amount of 9% HC equity to be permitted in the Development Cost Pro Forma will be adjusted downward from the amount stated in the equity proposal. This adjusted maximum 9% HC equity will be calculated by taking the total amount of equity to be provided to the proposed Development as stated in the equity proposal letter, dividing it by the credit allocation stated in the equity proposal and multiplying that quotient by the Applicant's Eligible 9% HC Request Amount. If the Eligible 9% HC Request Amount is greater than the anticipated amount of credit allocation stated in the equity

proposal, the equity proposal will be considered a source of financing and the maximum amount of 9% HC equity to be permitted for scoring in the Development Cost Pro Forma will be the amount stated in the equity proposal.

- (iv) 4% HC (Proposed Developments Located in a County other than Monroe)

The equity proposal will be considered a source of financing so long as it meets all of the criteria provided in (i) or (ii) above. The maximum amount of 4% HC equity to be permitted in the Development Cost Pro Forma for scoring will be the amount stated in the equity proposal.

(3) Tax-Exempt Bonds

- (a) If the Applicant intends to utilize Corporation-issued MMRB for the proposed Development, the requested MMRB Loan amount must be stated in Exhibit A. Note: MMRB Loans are issued in increments of \$5,000 and any necessary adjustment will be made during credit underwriting.

The Applicant is not required to include any documentation regarding the MMRB in its Application. The necessary documentation that will be required after the Applicant is invited to enter credit underwriting, as well as the credit underwriting process for the MMRB and Non-Competitive Housing Credits is outlined in Exhibit D.

- (b) If the Applicant intends to utilize County HFA-issued Tax-Exempt Bonds for the proposed Development:
 - (i) The Applicant must provide, as **Attachment 16** to Exhibit A, a letter, executed by the chair or vice chair of the governing body, mayor, or deputy mayor, city manager or assistant city manager, county manager/administrator/coordinator or assistant county manager/administrator/coordinator, executive director or assistant executive director, or by an individual occupying a position reasonably equivalent to any of the foregoing, as applicable, of the entity issuing the Tax-Exempt Bonds, that (A) confirms that the Applicant has submitted an application for Tax-Exempt Bonds for the Development proposed in this RFA, (B) states the amount of the Applicant's Bond request, and (C) confirms that the closing on the Bonds has not occurred and will not occur prior to the Application Deadline for this RFA; and

- (ii) The Applicant must include the anticipated amount of such Bond financing on the Construction/Rehab Analysis and the Permanent Analysis.

The Applicant is not required to include any other documentation regarding the County HFA-issued Tax-Exempt Bonds in its Application. The necessary documentation will be required after the Applicant is invited to enter credit underwriting, as outlined in Exhibit D to the RFA.

Applicants are not eligible to apply for any funding offered in this RFA if the Applicant has already closed on the Tax-Exempt Bond financing prior to the Application Deadline for this RFA. In addition, proposed Developments are not eligible to receive any funding awarded through this RFA if the Applicant closes on the Tax-Exempt Bond financing prior to the issuance of the preliminary commitment for the Workforce SAIL funding. As part of the Applicant's acceptance of the invitation to enter credit underwriting (i.e., the preliminary commitment), the Applicant will be required to confirm that the Bonds have not closed. If the Bonds are closed between the Application Deadline and issuance of the SAIL preliminary commitment, the Applicant's award will be rescinded.

(4) Other Corporation Funding

- (a) If the Development has received funding from the Predevelopment Loan Program (PLP), the Corporation file number and amount of funding must be listed. Note: PLP funding cannot be used as a source of financing on the Construction/Rehab Analysis or the Permanent Analysis.
- (b) The Applicant must list any other Corporation funding that is intended to be utilized as a source of financing for the proposed Development.

b. Non-Corporation Funding

Unless stated otherwise within this RFA, in order for funding, other than deferred Developer fee, to be counted as a source on the Construction/Rehab and/or Permanent Analysis, the Applicant must provide documentation of all financing proposals from both the construction and the permanent lender(s), and other sources of funding. The financing proposals must state whether they are for construction financing, permanent financing, or both, and all attachments and/or exhibits referenced in the proposal must be included. Insert documentation for each source as **Attachment 17** to Exhibit A and continue with sequentially

numbered attachments for each additional funding source. Evidence for each funding source must be behind its own sequentially numbered attachment.

For purposes of the Application, the following will not be considered a source of financing: net operating income, capital contributions, fee waivers or any portion of any fees that are reimbursed by the local government. Also, fee waivers and any portion of any fees that are reimbursed by the local government cannot be considered as Development costs.

Financing proposal documentation, regardless of whether the documentation is in the form of a commitment, proposal, term sheet, or letter of intent, must meet the following criteria. Evidence for each funding source must be behind its own numbered attachment.

(1) Each financing proposal shall contain:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable;
- Specific reference to the Applicant as the borrower or direct recipient; and
- Signature of all parties, including acceptance by the Applicant.

Note: For ALL Applicants, eligible Local Government financial commitments can be considered without meeting the requirements of (i) through (iv) above if the Applicant provides the properly completed and executed Local Government Verification of Contribution – Grant Form and/or the Local Government Verification of Contribution – Loan Form.

(2) Financing that has closed

For any financing, other than Tax-Exempt Bond financing*, if the financing has closed in the Applicant's name, provide a letter from the lender acknowledging that the loan has closed. The letter must also include the following information:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable; and
- Specific reference to the Applicant as the borrower/direct recipient/mortgagee.

*Proposed Developments are not eligible to apply for any funding offered in this RFA if the Applicant has already closed on the Tax-Exempt Bond financing prior to the Application Deadline for this RFA. In addition, proposed Developments are not eligible to receive any funding awarded through this RFA if the Applicant closes on the Tax-Exempt Bond financing prior to the issuance of the preliminary commitment for the SAIL funding. As part of the Applicant's acceptance of the invitation to enter credit underwriting (i.e., the preliminary commitment), the Applicant will be required to confirm that the Bonds have not closed. If the Bonds are closed between the Application Deadline and issuance of the preliminary commitment, the Applicant's award will be rescinded.

- (3) If the financing proposal is not from a Regulated Mortgage Lender in the business of making loans or a governmental entity, evidence of ability to fund must be provided. Evidence of ability to fund includes: (i) a copy of the lender's most current audited financial statements no more than 17 months old; or (ii) if the loan has already been funded, a copy of the note and recorded mortgage. The age of all financial statements is as of the Application Deadline. In evaluating ability to fund, the Corporation will consider the entity's unrestricted current assets typically used in the normal course of business. Assets considered restricted include, but are not limited to, pension funds, rental security deposits, and sinking funds. Financing proposals from lenders who cannot demonstrate ability to fund will not count as a source of financing. Financial statements must be included in the Application. Note: This provision does not apply to deferred Developer fee.
- (4) If a financing proposal shows an amount less than the corresponding line item on the Development Cost Pro Forma, only the financing proposal amount will be considered as a funding source. However, if a financing proposal shows an amount in excess of the corresponding line item on the Development Cost Pro Forma, up to the total amount of the financing proposal amount may be utilized as a funding source, if needed.
- (5) The loan amount may be conditioned upon an appraisal or debt service coverage ratio or any other typical due diligence required during credit underwriting.
- (6) Financing proposals may be conditioned upon the Applicant receiving the funding from the Corporation for which it is applying.
- (7) If a financing proposal has a provision for holding back funds until certain conditions are met, the amount of the hold-back will not be counted as a source of construction financing unless it can be determined that the conditions for the release of the hold-back can be met prior to or simultaneous with the closing of the Development's permanent financing.
- (8) Grant funds are contributions to the Development, other than equity, which carry no repayment provision or interest rate. A commitment for grant funds will be considered a commitment for scoring purposes if the commitment is properly executed and, if applicable, evidence of ability to fund is provided.

Failure to provide the required information and any required applicable documentation, as outlined above, shall result in the funding not being counted as a source of financing, which may result in a financing shortfall.

d. Development Cost Pro Forma

All Applicants must complete the Development Cost Pro Forma listing the anticipated expenses or uses, the Detail/Explanation Sheet, if applicable, and

the Construction or Rehab Analysis and Permanent Analysis listing the anticipated sources (both Corporation and non-Corporation funding). The sources must equal or exceed the uses. During the scoring process, if a funding source is not considered and/or if the Applicant's funding Request Amount is adjusted downward, this may result in a funding shortfall. If the Applicant has a funding shortfall, it will be ineligible for funding.

The Development Cost Pro Forma must include all anticipated costs of the Development construction, rehabilitation and, if applicable, acquisition, including the Developer fee and General Contractor fee, as outlined below. Waived or reimbursed fees or charges are not considered costs to the Development and therefore, should not be included on the Development Cost Pro Forma. Note: deferred Developer fees are not considered "waived fees."

(1) Developer Fee, General Contractor Fee and Reserves

Developer fee and General Contractor fee must be disclosed. In the event the Developer fee and/or General Contractor fee are/is not disclosed on the Development Cost Pro Forma, the Corporation will assume that these fees will be the maximum allowable and will add the maximum amount(s) to Total Development Cost. If an Applicant lists a Developer fee, General Contractor fee, or contingency reserve that exceeds the stated Application limits, the Corporation will adjust it/them to the maximum allowable. As stated above, Applicants may not enter any amounts pertaining to operating deficit reserves. The Corporation will not consider any operating deficit reserves listed on the Development Cost Pro Forma.

(a) Developer Fee

(i) Proposed Developments located in Monroe County

The maximum allowable Developer fee under this RFA shall be 16 percent of Development Cost.

(ii) Proposed Developments located in a county other than Monroe

The maximum allowable Developer fee under this RFA shall be 18 percent of Development Cost.

The maximum allowable Developer fee will be tested during the scoring of the Application by multiplying the Development Cost by 16 percent or 18 percent, as applicable, rounded down to the nearest dollar.

The Corporation will allow up to 100 percent of the eligible Developer fee to be deferred and used as a source on the Development Cost Pro Forma without the requirement to show evidence of ability to fund.

(b) General Contractor Fee

General Contractor fee shall be limited to 14 percent of actual construction cost. The maximum allowable General Contractor fee will be tested during the scoring of the Application by multiplying the actual construction cost by 14 percent, rounded down to the nearest dollar.

(c) Contingency Reserves

For Application purposes, the maximum hard and soft cost contingencies allowed cannot exceed 5 percent of hard and soft costs, as further described in Rule Chapter 67-48, F.A.C. The determination of the contingency reserve is limited to the maximum stated percentage of total actual construction costs (hard costs) and general development costs (soft costs), as applicable.

(d) Operating Deficit Reserves

An operating deficit reserve is not to be included as part of Development Costs and cannot be used in determining the maximum Developer fee. Applicants may not enter any amounts pertaining to any type of reserve other than the contingency reserve mentioned above and, if applicable, any reserve permitted in the RFA and established as a subset of Developer fee, on the Development Cost Pro Forma as part of the Application process. A reserve, including an operating deficit reserve, if necessary as determined by an equity provider, first mortgage lender, and/or the Credit Underwriter engaged by the Corporation in its reasonable discretion, will be required and sized in credit underwriting. The inclusion of any reserve is not permitted in the Application (other than the permitted contingency reserve) which may include, but is not limited to, operating deficit reserve, debt service shortfalls, lease-up, rent-re-stabilization, working capital, lender or syndicator required reserve(s), and any pre-funded capital (replacement) reserves. If any reserve other than the permitted contingency reserve and the Developer fee subset, if applicable, can be identified and is included in the Development Cost Pro Forma, the Corporation will remove it during Application scoring.

In exchange for receiving funding from the Corporation, the Corporation reserves the authority to restrict the disposition of any funds remaining in any operating deficit reserve(s) after the term of the reserve's original purpose has terminated or is near termination. Authorized disposition uses are limited to payments towards any outstanding loan balances of the

Development funded from the Corporation, any outstanding Corporation fees, any unpaid costs incurred in the completion of the Development (i.e., deferred Developer fee), the Development’s capital replacement reserve account (provided, however, that any operating deficit reserve funds deposited to the replacement reserve account will not replace, negate, or otherwise be considered an advance payment or pre-funding of the Applicant’s obligation to periodically fund the replacement reserve account), the reimbursement of any loan(s) provided by a partner, member or guarantor as set forth in the Applicant’s organizational agreement (i.e., operating or limited partnership agreement). The actual direction of the disposition is at the Applicant’s discretion so long as it is an option permitted by the Corporation. In no event, shall the payment of amounts to the Applicant or the Developer from any operating deficit reserve established for the Development cause the Developer fee or General Contractor fee to exceed the applicable percentage limitations provided for in this RFA.

- (e) With respect to the SAIL loan amount(s), all fees set forth in Exhibit C to the RFA are part of Development Cost and can be included in the Development Cost Pro Forma and paid with loan proceeds.

Unless stated otherwise in this RFA, except for deferred Developer fee, the Application requires information on all sources of Development funding and the proposed uses of those funds, as outlined above. All loans, grants, donations, etc., should be detailed in the Application as outlined above. The total amount of monetary funds determined to be in funding proposals must equal or exceed uses.

B. Addenda

The Applicant may use the Addenda section of Exhibit A to provide any additional information or explanatory addendum for items in the Application. Please specify the particular item to which the additional information or explanatory addendum applies.

the Application Deadline, (iii) the Applicant’s hard copy submission must be contained in a sealed package, (iv) the required Application fee must be submitted as of the Application Deadline, and (v) the Applicant Certification and Acknowledgement form, containing an original signature, must be included in the Application labeled “Original Hard Copy” as of the Application Deadline.

**** Financial Arrearage Requirement**

An Application will be deemed ineligible for funding if, as of close of business the day before the Committee meets to make a recommendation to the Board, there remains any financial obligations for which an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of the Applicant or Developer is in arrears to the Corporation or any agent or assignee of the Corporation as reflected on the most recently published Past Due Report posted to the Corporation’s Website under the link Property Owners & Managers/Past Due Reports (also accessible by clicking [here](#)), but not more recently than five (5) business days prior to the date the Committee meets to make a recommendation to the Board.

***** Total Development Cost Per Unit Limitation**

The Corporation shall limit the Total Development Cost (TDC) per unit for all Developments categorized by the construction type of the units as indicated below and this limit is referred to as the TDC Per Unit Limitation. It is a limit based on the TDC, but exclusive of land costs and exclusive of any operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee, applying any applicable TDC multiplier and/or TDC add-on. The proposed Development’s TDC will be tested against the TDC Per Unit Limitation during the scoring of the RFA, utilizing the Development Type, Development Category and concrete determination made by the Applicant in the RFA and it will apply to all units in the proposed Development. During the credit underwriting process, and during the final allocation process, the maximum TDC per unit will be recalculated for each unit type, with consideration given to whether the Development consists of more than one Development Type, a mix of both new construction and rehabilitation units, or a mix of wood and concrete units as outlined in Item 1 of Exhibit C.

Any Application that has an amount that exceeds these limitations during scoring will not be eligible for funding. These TDC Per Unit Base Limitation amounts, inclusive of any applicable TDC multiplier and/or TDC add-on, are effective during the scoring process. Item 1 of Exhibit C provides the TDC Per Unit Base Limitation amounts that account for an escalation factor to be incorporated for the credit underwriting process and final allocation process, as explained in the exhibit.

Total Development Cost Per Unit Base Limitations to be used during the scoring process

Measure	New Construction Units	Rehabilitation Units
---------	------------------------	----------------------

	Garden Wood*	Garden Concrete*	Mid-Rise-Wood*	Mid-Rise-Concrete*	High-Rise*	Garden*	Non-Garden*
Maximum TDC Per Unit Limitation ** for all counties except Broward and Miami-Dade	\$188,800	\$227,000	\$227,000	\$250,300	\$298,800	\$158,700	\$223,600
Maximum TDC Per Unit Limitation ** for Broward and Miami-Dade counties	\$198,100	\$238,100	\$238,100	\$262,400	\$313,300	\$166,400	\$234,500
Applicable TDC Multipliers (to be applied against the Development's TDC) and TDC Add-Ons (to be added to the Maximum TDC Per Unit Limitation)							
TDC Multiplier for Florida Keys Area for all areas north of Plantation Key (i.e., north of Tavernier Creek)					65%		
TDC Multiplier for Florida Keys Area for all areas located on or south of Plantation Key (i.e., south of Tavernier Creek)					50%***		
TDC Add-On for Applications utilizing tax-exempt bonds (either FHFC's MMRB or County Bonds)					\$5,000 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation		

* Garden includes all Development Types other than Mid-Rise and High-Rise; Non-Garden includes Development Types of Mid-Rise with elevator (4 stories, 5 stories, or 6 stories) and High-Rise (7 or more stories); Mid-Rise includes Development Types of Mid-Rise with elevator (4 stories, 5 stories, or 6 stories); and High-Rise includes Development Type of High Rise (7 or more stories)

** Exclusive of land costs and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. For purposes of land valuation, the Corporation uses the lesser of the appraised value, or the actual land cost. When land costs are referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the land cost approved by the Corporation to be provided in the final cost certification under the land owned cost line item. When the term of TDC Per Unit Base Limitation is mentioned below in the compliance determination sections, it is implied to be inclusive of any applicable escalation factor, TDC Multiplier, and/or TDC Add-On.

*** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

2. Awarding Points

B. Selection Process

1. The Corporation has the following funding goals:

- a. Monroe County Funding Goal – A goal to fund one (1) proposed Development located in Monroe County.
- b. Miami-Dade County Funding Goals –

- (1) South of SW 288th Street Funding Goal: A goal to fund one (1) proposed Development where the entire Development site is located south of SW 288th Street; and
- (2) North of SW 288th Street Funding Goal: A goal to fund one (1) proposed Development where the entire Development site is located north of SW 288th Street.
- (3) “Live Where You Work” Funding Goal: A goal to fund two (2) proposed Developments

2. Application Sorting Order

All eligible Applications will be ranked by sorting the Applications from the highest scoring Application to the lowest scoring Application, with any scores that are tied separated as follows:

- a. First, by the Application’s eligibility for the Proximity Funding Preference (which is outlined in Section Four A.5.e. of the RFA) with Applications that qualify for the preference listed above Applications that do not qualify for the preference;
- b. Next First, by the Application’s Total Eligible SAIL Request Amount per set-aside unit (which is outlined in Item 3 5 of Exhibit C) with Applications that have a lower amount of total SAIL funds per set-aside unit listed above Applications that have a higher amount of total SAIL funds per set-aside unit;
- c. Next, by the Application’s eligibility for the Florida Job Creation Funding Preference (which is outlined in Item 4 of Exhibit C) with Applications that qualify for the preference listed above Applications that do not qualify for the preference;
- d. Finally, by lottery number, with Applications that have a lower lottery number listed above Applications with a higher lottery number.

3. Funding Test

a. Monroe County Funding Tests

(1) Workforce SAIL Funding Test

Applications for proposed Developments located in Monroe County will only be selected for funding if there is enough Monroe County Workforce SAIL funding available to fully fund the Applicant’s Workforce SAIL Request Amount.

(2) 9% HC Funding Test

Applications for proposed Developments located in Monroe County will only be selected for funding if there is enough 9% HC funding available to fully fund the Applicant’s 9% HC Request Amount.

b. Non-Monroe County Funding Test

Workforce SAIL Funding Test

Applications for proposed Developments located in a County other than Monroe will only be selected for funding if there is enough Non-Monroe County Workforce SAIL funding available to fully fund the Applicant's Workforce SAIL Request Amount.

4. Funding Selection Order

- a. The Corporation will first attempt to meet the Monroe County Funding Goal by selecting the highest ranking eligible Application for a proposed Development located in Monroe County.
- b. After meeting the Monroe County Funding Goal, or if there is no eligible Application that can meet that goal, the Corporation will attempt to meet the two (2) Miami-Dade County Funding Goals as follows:
 - (1) The first Application selected for funding will be the highest ranking eligible Application that is eligible for the South of SW 288th Street Funding Goal.
 - (2) Once the South of SW 288th Street Funding Goal is met or if there is no eligible Application that can meet that goal, then the next Application selected for funding will be the highest ranking eligible Application for a proposed Development that is eligible for the North of SW 288th Street Funding Goal that can also meet the Miami-Dade County Funding Test.
- c. Once the North of SW 288th Street Funding Goal is met or if there is no eligible Application that can meet that goal, then the Corporation will attempt to meet the two (2) Live Where You Work Funding Goals by first selecting the highest ranking eligible Application that is eligible for the Goal; then selecting the highest ranking eligible unfunded Application that is eligible for the Goal and for a proposed Development located in a county that is different than the county in which the first Application was located, if possible. If this is not possible because the only unfunded Applications that are eligible for the goal are for proposed Developments located in the same county as the first Application selected to meet the Goal, then the highest ranking eligible unfunded Application that is eligible for the Goal will be selected as the second Application used to meet the goal, regardless of the county in which the proposed Development is located.
- d. Once the Live Where You Work Funding Goals are met, or if there is no eligible Application that can meet that goal, all remaining unallocated Workforce SAIL funding will be pooled ("Total Remaining SAIL"). The Corporation will select the highest ranking eligible unfunded Application for a proposed Development located in Monroe County, provided (i) there is enough Total Remaining SAIL to fully fund the Applicant's Total SAIL Request and (ii) there is enough 9% HC to fully fund the Applicant's 9% HC Funding Request.

- e. If funding remains after funding an additional Monroe County Application or because there is no eligible unfunded Monroe County Application that can be fully funded, then no further Applications will be selected for funding and any remaining Total Remaining SAIL funding, as well as any unallocated 9% HC funding, will be distributed as approved by the Board.

5. Returned Funding

Any Workforce SAIL and 9% HC funding that becomes available after the Board takes action on the Committee's recommendations, due to an Applicant withdrawing its Application, an Applicant declining its invitation to enter credit underwriting, or an Applicant's inability to satisfy a requirement outlined in this RFA, will be distributed as approved by the Board.

**SECTION SIX
AWARD PROCESS**

Committee members shall independently evaluate and score their assigned portions of the submitted Applications, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.

The Committee shall conduct at least one public meeting during which the Committee members may discuss their evaluations, select Applicants to be considered for award, and make any adjustments deemed necessary to best serve the interests of the Corporation's mission. The Committee will list the Applications deemed eligible for funding in order applying the funding selection criteria outlined in Section Five above, and develop a recommendation or series of recommendations to the Board.

The Board may use the Applications, the Committee's scoring, any other information or recommendation provided by the Committee or staff, and any other information the Board deems relevant in its selection of Applicants to whom to award funding. Notwithstanding an award by the Board pursuant to this RFA, funding will be subject to a positive recommendation from the Credit Underwriter based on criteria outlined in the credit underwriting provisions in Rule Chapter 67-48, F.A.C.

The Corporation shall provide notice of its decision, or intended decision, for this RFA on the Corporation's Website the day of the applicable Board vote. After posting, an unsuccessful Applicant may file a notice of protest and a formal written protest in accordance with Section 120.57(3), Fla. Stat., et. al. Failure to file a protest within the time prescribed in Section 120.57(3), Fla. Stat., et. al. shall constitute a waiver of proceedings under Chapter 120, Fla. Stat.

After the Board's decision to select Applicants for funding in this RFA has become final action, the Corporation shall offer all Applicants within the funding range an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.

Exhibit C – Additional Information

1. Total Development Cost Per Unit Limitation

By submitting its Application, the Applicant agrees and acknowledges that the Application will be subject to the Total Development Cost Per Unit Limitation during the scoring, credit underwriting, and final Housing Credit allocation process.

- a. The Total Development Cost Per Unit Limitation was reviewed during the scoring process as outlined in Section Five, A. During credit underwriting and final cost certification, the Total Development Cost Per Unit Limitation will be reviewed again using the values in the chart below.

** Exclusive of land costs and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. For purposes of land valuation, the Corporation uses the lesser of the appraised value, or the actual land cost. When land costs are referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the land cost approved by the Corporation to be provided in the final cost certification under the land owned cost line item. When the term of TDC Per Unit Base Limitation is mentioned below in the compliance determination sections, it is implied to be inclusive of any applicable escalation factor, TDC Multiplier, and/or TDC Add-On.

*** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

- b. Any Applicant that has the Credit Underwriter present a credit underwriting report with an amount that exceeds these limitations by more than 5 percent, incorporating any applicable TDC reduction and adjustments processes provided below will receive a negative recommendation by the Credit Underwriter.

Any Applicant that has the Credit Underwriter present a credit underwriting report with an amount that exceeds these limitations will require staff to review the credit underwriting report for compliance to the TDC reduction and adjustment procedure provided below:

- (1) The Developer fee will be limited to the maximum allowable within the TDC Per Unit Base Limitation, in all instances. A Developer fee can be earned on qualifying TDC exclusive of land and operating deficit reserves up to the TDC Per Unit Base Limitation, but it cannot be earned on costs in excess of said limitation. If the Development costs exceed the amount allowed by the TDC Per Unit Base Limitation, then the maximum allowable Developer fee will be adjusted as outlined below. The maximum allowable Developer fee can be determined by first adding the applicable TDC Per Unit Base Limitation from the table above with respect to the Development as provided in this RFA to any applicable TDC add-on and multiplying that sum by the number of total units in the Development. If there are multiple unit types, this process is done for each unique unit type and then they are all added together. Second, divide this product by 1.18 (or 1.16 for a proposed Development located in Monroe County)* and then multiply the result by 18 percent (or 16 percent for a proposed Development located in Monroe County)*. This will yield the maximum allowable Developer fee within the TDC Per Unit Base Limitation.

Prior to determining any necessary adjustment, if the Developer fee initially stated by the Applicant or Credit Underwriter is in excess of the maximum allowable Developer fee as provided in 1.b.(1) above, the stated Developer fee will be reduced to said maximum allowable Developer fee, and the TDC will be equally reduced to incorporate the cost reduction.

- (2) Subsequent to reducing the stated Developer fee to the maximum allowable amount provided above, additional adjustments may be necessary if the TDC Per Unit Base Limitation remains exceeded. An adjustment to the maximum allowable Developer fee limit shall be determined by reducing the maximum allowable Developer fee, as determined in 1.b.(1) above, dollar-for-dollar, for any costs in excess of the amount allowed by the TDC Per Unit Base Limitation, up to the lesser of (a) the actual amount of costs in excess of the amount allowed by the TDC Per Unit Base Limitation, (b) \$500,000, or (c) 25 percent of the initial maximum allowable Developer fee limit. If the stated Developer fee, inclusive of any necessary adjustments incorporated above, exceeds the maximum allowable Developer fee limit as adjusted herein, the stated Developer fee, inclusive of any necessary adjustments incorporated above shall be further adjusted to not exceed the new maximum allowable Developer fee limit, and the Development's TDC will be equally reduced to incorporate the cost reduction. If after following this Developer fee limitation process, the Development's TDC exclusive of land costs and operating deficit reserves is reduced to be within the amount allowed by the TDC Per Unit Base Limitation, then the Developer fee adjustment calculation is complete. If the Development's TDC exclusive of land costs

and operating deficit reserves remains above the amount allowed by the TDC Per Unit Base Limitation, then there is an additional Developer fee adjustment process, as outlined in (3) below.

- (3) An additional Developer fee limitation adjustment will be initiated to further reduce the maximum allowable Developer fee limit in the event the Development's TDC exclusive of land costs and operating deficit reserves (as adjusted above) exceeds the TDC Per Unit Base Limitation. The reduction will be determined by deriving a percentage amount that the Development's TDC exclusive of land costs and operating deficit reserves (as adjusted above) exceeds the TDC Per Unit Base Limitation, and multiplying this excess percentage by the amount of the adjusted Developer fee, resulting in a product that is the additional adjustment to the Developer fee. For instance, if the Development's adjusted TDC exclusive of land costs and operating deficit reserves exceeds the limitation by 4 percent, then the maximum allowable Developer fee limit is further reduced by 4 percent. If the stated Developer fee is greater than this limit, it must be reduced to be equal to the new limit. Once this step is complete, there is no further Developer fee adjustment or corresponding cost savings mandated to be incorporated into the Development's TDC for this process.

It is at this point that the Development's adjusted TDC exclusive of land costs and operating deficit reserves are compared to the TDC Per Unit Base Limitation, and if the TDC Per Unit Base Limitation is exceeded by more than 5% (as presented in the opening paragraph of 3.b above), the credit underwriting report shall be presented with a negative recommendation by the Credit Underwriter.

As a note, if the Developer fee in the credit underwriting report is already at or below this allowable Developer fee, then there is no additional adjustment mandated to be incorporated into the Developer fee. This also means there are no corresponding cost savings to reduce the Development's TDC since all TDC cost reductions stemming from this process are coming from reducing the Developer fee. If the Developer fee in the credit underwriting report needs to be reduced to incorporate any adjustment as provided above, then as the Developer fee is reduced, so is the Development's TDC in order to incorporate the reduced Developer fee cost.

For example:

A 110-unit Development not located in either Broward, Miami-Dade or Monroe County with a Development Type of Garden-Concrete for 70 new construction units and Garden Rehabilitation for 40 units reports a TDC of \$21,400,000, inclusive of a stated Developer fee of \$3,260,000, but exclusive of land costs and all operating deficit reserves at time of credit underwriting, and also prior to any adjustment. As a note, this Development must be financed with tax-exempt bonds.:

Calculate TDC Limitation for the Development and Maximum Allowable Developer fee

- 1.(a) TDC Per Unit Base Limitation (blended for two unique Unit types), inclusive of any applicable TDC Multiplier (100%), and any applicable TDC Add-On (\$5,000): [

$(\$192,198.40 \text{ Per Unit} + \$5,000 \text{ TDC Add-On}) \times 70 \text{ Garden-Wood (NC) Units} +$
 $(\$160,921.80 \text{ Per Unit} + \$5,000 \text{ TDC Add-On}) \times 40 \text{ Garden (Rehab) Units} / 100\% \text{ TDC}$
Multiplier = \$20,440,760. (To determine the blended TDC PU Limitation, divide by
total units: $\$20,440,760 / 110 \text{ Total Units} = \$185,825.09 \text{ Per Unit}$.

- 1.(b) Implied maximum Development Cost per the limitation: $\$20,440,760 \div 1.18 =$
\$17,322,679.
- 1.(c) Determine maximum allowable Developer fee limit within the limitation (prior to any
applicable Developer fee adjustment): $\$17,322,678 \times 18\% = \$3,118,082$. **First Developer
fee/TDC adjustment Calculation Methodology (If necessary)**
- 2.(a)(i) Is the stated Developer fee (\$3,260,000) greater than the maximum allowable of
\$3,118,082? $\$3,260,000 > \$3,118,082$; Yes.
- 2.(a)(ii) If the response to 2.(a)(i) is yes, then determine the excess: $\$3,260,000 - \$3,118,082$
= \$141,918 (excess Developer fee and excess TDC).
- 2.(b) Reduce the stated Developer fee to the lesser of either the maximum allowable
(\$3,118,082) or the stated fee (\$3,260,000) and reduce the stated TDC by an equal
amount of any reduction from the stated fee: $\$3,260,000 - \$141,918 = \$3,118,082$;
 $\$21,400,000 - \$141,918 = \$21,258,082$.
- 2.(c) If the response to 2.(a)(i) is no or once the adjustment of 2.(b) has been completed,
then determine if the Development's (adjusted) TDC remains in excess of the
limitation and if so, the amount of the excess: $\$21,258,082 \text{ (adjusted TDC)} >$
 $\$20,440,760 \text{ (limitation)}$; $\$21,258,082 - \$20,440,760 = \$817,322 \text{ (excess)}$.
- 2.(d) Determine the lesser of either (i) \$500,000, (ii) 25 percent of the maximum
allowable Developer fee limit ($25\% \times \$3,118,082 = \$779,521$), or (iii) 100% of the
excess TDC (\$817,322): $\$500,000 < \$779,521 < \$817,322$.
- 2.(e) Apply the least amount of the three options in 2(d) above to determine the
maximum allowable Developer fee limit, subject to this adjustment: $\$3,118,082 -$
 $\$500,000 = \$2,618,082$.
- 2.(f) Determine if the stated Developer fee (as adjusted in 2.(b) above) is greater than
the new maximum allowable Developer fee limit (from 2.(e) above) and, if so,
reduce the stated Developer fee appropriately: $\$3,118,082 \text{ (adjusted stated fee)} >$
 $\$2,618,082 \text{ (fee limit at this stage)}$; $\$3,118,082 - \$2,618,082 = \$500,000$.
- 2.(g) (Additional) TDC reduction due to Developer fee adjustment in 2.(f) above:
 $\$21,258,082 - \$500,000 = \$20,758,082$. (As a note, this TDC is still greater than the TDC Per
Unit Base Limitation and, therefore, an additional Developer fee adjustment will need to be
calculated.)

Second Developer fee/TDC adjustment Calculation Methodology (If necessary)

- 3.(a) Determine the percentage the Development's (adjusted) TDC without land costs and
operating deficit reserves (as adjusted above in 2.(g)) that exceeds the amount
allowed by the TDC Per Unit Base Limitation: Amount of excess TDC: \$20,758,082

(adjusted stated TDC) - \$20,440,760 (TDC limitation) = \$317,322; Excess TDC as a percentage of TDC Limitation: $\$317,322 \div \$20,440,760 = 1.55\%$ (Note: This number is only rounded here for illustrative purposes. The actual calculation will not be rounded).

- 3.(b) Determine the final Developer fee limit: $1.55\% \times \$2,618,082$ (prior Developer fee limit from 2.(e) above) = \$40,643; $\$2,618,082 - \$40,643 = \$2,577,439$.
 - 3.(c) Determine if the stated Developer fee (last adjusted in 2.(f) above) is greater than the new maximum allowable Developer fee limit (from 3.(b) above) and, if so, reduce the stated Developer fee appropriately: $\$2,618,082$ (adjusted stated fee) > $\$2,577,439$ (final fee limitation); $\$2,618,082 - \$40,643 = \$2,577,439$ (final adjusted Developer fee).
 - 3.(d) Determine the Development's final adjusted TDC at time of credit underwriting by taking the stated TDC (as adjusted in 2.(g) above) and subtracting any adjustment to the final adjusted stated Developer fee (from 3.(c) above): $\$20,758,082 - \$40,643 = \$20,717,439$.
- 3.(e) Verify the status of the 5% variance test: $(\$20,717,439 - \$20,440,760) / \$20,440,760 = 1.35\%$, which falls within the criteria of being less than or equal to 5% above of the amount allowed by the TDC Per Unit Base Limitation. c. Any Applicant that presents a Final Cost Certification Application Package (FCCAP) **that has applicable TDC amounts that exceed the TDC Per Unit Base Limitation**, will require staff to review the FCCAP for compliance to the procedure provided in (1), (2) and (3) below **if the Development did not have its Developer fee adjusted at credit underwriting as provided in 1.b. above**, either voluntarily or by the credit underwriter in order to get the Development's TDC exclusive of land and operating deficit reserves to be in compliance with the TDC Per Unit Base Limitation requirements.
- (1) The Developer fee will be limited to the maximum allowable within the TDC Per Unit Base Limitation, in all instances. A Developer fee can be earned on qualifying TDC exclusive of land costs and operating deficit reserves up to the TDC Per Unit Base Limitation, but it cannot be earned on costs in excess of said limitation. If the Development costs exceed the amount allowed by the TDC Per Unit Base Limitation, then the maximum allowable Developer fee will be adjusted as outlined below. The maximum allowable Developer fee limit can be determined by first adding the applicable TDC Per Unit Base Limitation from the table above with respect to the Development as provided in this RFA to any applicable TDC add-on and multiplying that sum by the number of total units in the Development. If there are multiple unit types, this process is done for each unique unit type and then they are all added together. Second, divide this product by 1.18* and then multiply the result by 18 percent*. This will yield the maximum allowable Developer fee within the TDC Per Unit Base Limitation.

Prior to determining any necessary adjustment, if the Developer fee initially stated by the FCCAP is in excess of the maximum allowable Developer fee as provided in 1.c.(1) above, the Developer fee will be reduced to said maximum allowable Developer fee, and the Development's TDC will be equally reduced to incorporate the cost reduction.

- (2) Subsequent to reducing the Developer fee to the maximum allowable amount, additional adjustments may be necessary if the TDC Per Unit Base Limitation remains exceeded. An adjustment shall be determined by reducing the maximum allowable Developer fee limit as determined in 1.c.(1) above, dollar-for-dollar, for any costs in excess of the amount allowed by the TDC Per Unit Base Limitation, up to the lesser of (a) the actual amount of costs in excess of the amount allowed by the TDC Per Unit Base Limitation, (b) \$250,000, or (c) 10 percent of the initial maximum allowable Developer fee limit. If the stated Developer fee, inclusive of any necessary adjustments incorporated above, exceeds the maximum allowable Developer fee limit as adjusted herein, the stated Developer fee, inclusive of any necessary adjustments incorporated above, shall be further adjusted to not exceed the new maximum allowable Developer fee limit, and the Development's TDC will be equally reduced to incorporate the cost reduction. If, after following this Developer fee limitation process, the Development's TDC exclusive of land costs and operating deficit reserves is reduced to be within the amount allowed by the TDC Per Unit Base Limitation, then the Developer fee adjustment calculation is complete. If the Development's TDC exclusive of land costs and operating deficit reserves remains above the amount allowed by the TDC Per Unit Base Limitation, then there is an additional Developer fee adjustment process, as outlined in (3) below.
- (3) An additional Developer fee limitation adjustment will be initiated to further reduce the maximum allowable Developer fee limit in the event the Development's TDC exclusive of land costs and operating deficit reserves (as adjusted above) exceeds the TDC Per Unit Base Limitation. The reduction will be determined by deriving a percentage amount that the Development's TDC exclusive of land costs and operating deficit reserves (as adjusted above) exceeds the amount allowed by the TDC Per Unit Base Limitation, and multiplying this excess percentage by the amount of the adjusted Developer fee, resulting in a product that is the additional adjustment to the Developer fee. For instance, if the Development's adjusted TDC exclusive of land costs and operating deficit reserves exceeds the limitation, by 4 percent, then the maximum allowable Developer fee limit is further reduced by 4 percent. If the stated Developer fee is greater than this limit, it must be reduced to be equal to the new limit. Once this step is complete, there is no further Developer fee adjustment or corresponding cost savings to be incorporated into the Development's TDC as a result of this process.

If the Development already had its Developer fee adjusted at credit underwriting as provided in 1.b. above, either voluntarily or by the credit underwriter in order to get the Development's TDC exclusive of land and operating deficit reserves to be in compliance with the TDC Per Unit Base Limitation requirements, **but the Development's TDC without land and operating deficit reserves in the FCCAP is now less than the Development's TDC without land costs and operating deficit reserves provided in the credit underwriting report, then the Developer fee will be re-evaluated based on the procedure provided in 1.b. above, just as if it were going through the credit underwriting report process again.**

If the Development ***already had*** its Developer fee adjusted at credit underwriting as provided in 1.b. above, either voluntarily or by the credit underwriter in order to get the Development's TDC exclusive of land and operating deficit reserves to be in compliance with the TDC Per Unit Base Limitation requirements, **and the Development's TDC without land and operating deficit reserves in the FCCAP *exceeds* the Development's TDC without land costs and operating deficit reserves provided in the credit underwriting report**, then the Developer fee will have an additional adjustment to be incorporated as provided in (4) below. For the adjustment process below, the maximum initial Developer fee (i.e., prior to any adjustments provided in (4) below) cannot exceed the final Developer's fee as stated in the credit underwriting report.

- (4) For those Developments that have already had its Developer fee adjusted at credit underwriting as provided in 1.b. above and whose TDC without land costs and operating deficit reserves in the FCCAP exceeds the Development's TDC without land costs and operating deficit reserves provided in the credit underwriting report, the maximum allowable Developer fee limit will incorporate an additional adjustment. This additional Developer fee adjustment will be the lesser of (a) the difference between the amount of the Development's TDC exclusive of land costs and operating deficit reserves as reported in the FCCAP that is in excess of the Development's TDC exclusive of land costs and operating deficit reserves provided in the credit underwriting report, (b) \$250,000, or (c) 10 percent of the allowable Developer fee reported in the credit underwriting report. If the Developer fee in the FCCAP is already equal to or less than the maximum allowable Developer fee limit as determined with the incorporation of this additional Developer fee adjustment, then neither the Developer fee nor the Development's TDC is further reduced.

For example:

Assuming the Development in the example provided in 1.b. above provides an FCCAP with the Development's TDC exclusive of land costs and operating deficit reserves of \$275,000 higher than the Development's TDC exclusive of land costs and operating deficit reserves provided in the credit underwriting report, but the Developer fee is the same as provided in the credit underwriting report of \$2,577,439. The additional Developer fee adjustment will be the lesser of (a) \$275,000 (the new excess costs), (b) \$250,000 (the maximum dollar limit of this additional Developer fee adjustment), or (c) \$257,744 (10% of the allowable Developer fee reported in the credit underwriting report).

Since option (b) is the least amount of the three options, the allowable Developer fee and the Development's TDC will both be lowered by \$250,000. The allowable Developer fee will be \$2,577,439 (the allowable Developer fee reported in the credit underwriting report of \$2,577,439, less the adjustment of \$250,000). The Development's TDC exclusive of land costs and operating deficit reserves in the FCCAP would be adjusted to \$20,742,439 (\$20,717,439 from the credit underwriting report plus \$275,000 of new additional costs less \$250,000 for the reduction in maximum allowable Developer fee limit).

As a note, if the Developer fee in the FCCAP is already at or below this allowable Developer fee, then there is no additional adjustment to be incorporated into the Developer fee. This also means there are no corresponding costs savings to reduce the Development's TDC since

all TDC cost reductions stemming from this process are coming from reducing the Developer fee. If the Developer fee in the FCCAP needs to be reduced to incorporate any adjustments provided above, then as the Developer fee is reduced, so is the Development's TDC in order to incorporate the reduced Developer fee cost.

* These figures represent the applicable Developer fee percentage for the Development (18% for Tax-Exempt Bond transactions in a county other than Monroe, or 16% for 9% HC transactions in Monroe County) and one plus the applicable Developer fee percentage for the Development (1+18%, or 1+16%).

2. Transit and Community Service Scoring Charts

Scoring Proximity to Services (Transit and Community)

The distances between the Development Location Point and each service, will be the basis for awarding proximity points. Failure to provide the distance for any Community Service will result in zero points for that Community Service. Failure to provide the distance for any Bus or Rail Transit Service will result in zero points for that Transit Service.

3. **SAIL Leveraging**

Total Eligible SAIL Request Amount Per Set-Aside Unit:

For this RFA, 100 percent of the units are considered to be set-aside units. The Application with the lower amount of total SAIL funds per set-aside unit will receive preference. This amount will be

calculated by dividing the Applicant's Total Eligible SAIL Request Amount by the total number of set-aside units (i.e., the total number of units in the proposed Development). If the Applicant's SAIL Request Amount stated in Exhibit A is adjusted by the Corporation during the scoring process, the adjusted amount will be used for this calculation.

The following will be excluded from the above leveraging calculation: the Applicant's request amount(s) for HC (9% HC or 4% HC) and MMRB, if applicable.

4. Florida Job Creation Funding Preference

Each Application will be measured to determine whether it qualifies for the Florida Job Creation Funding Preference. To determine eligibility for the preference, the Corporation will calculate the Application's Florida Job Creation score, which will reflect the number of Florida jobs per \$1 million of Corporation funding. To qualify for the Florida Job Creation Funding Preference in Section Four B of the RFA, all Applications in a county other than Monroe must earn a Florida Job Creation score equal to or greater than 25, while all Applications in Monroe County must earn a Florida Job Creation score equal to or greater than 7.

Determination of the Florida Job Creation score will be based on the following information:

- The number of new construction and/or rehabilitation units committed to by the Applicant (as stated by the Applicant in Exhibit A of the RFA);
- The applicable Florida job creation rate for the type of units:
 - Rate of 3.811 Florida Jobs per Unit for proposed new construction units;
 - Rate of 1.916 Florida Jobs per Unit for proposed rehabilitation units;
- The Total Eligible SAIL Request Amount, and
- The Eligible 9% HC Request Amount, if applicable.

The score for the Florida Rate of Job Creation per \$1 million of Corporation funding will be measured using one of the following calculations:

a. Developments consisting of only new construction units:

Number of new construction units x 3.811 Florida Jobs per Unit x 1,000,000 / (the Total Eligible SAIL Request Amount + 10.5 x Eligible 9% HC Request Amount) = Florida Jobs per \$1 million of Corporation funding.

Example A:

Application A in Miami-Dade County consists of 85 new construction units and has a Total Eligible SAIL Request Amount of \$5,200,000.

$85 \times 3.811 \times 1,000,000 / 5,200,000 =$ Florida Job Creation score of 62.30.

Example B:

Application B in Monroe County consists of 50 new construction units and has a Total Eligible SAIL Request Amount of \$4,900,000 and an Eligible 9% HC Request Amount of \$900,000.

$50 \times 3.811 \times 1,000,000 / (4,900,000 + 10.5 \times 900,000) =$ Florida Job Creation score of 13.28.

- b. Developments consisting of both new construction units and rehabilitation units:

(Number of new construction units x 3.811 Florida Jobs per Unit + number of rehabilitation units x 1.916 Florida Jobs per Unit) x 1,000,000 / (the Total Eligible SAIL Request Amount + 10.5 x Eligible 9% HC Request Amount) = Florida Jobs per \$1 million of Corporation funding.

Example C:

Application C in Miami-Dade County consists of 45 new construction units and 40 rehabilitation units and has a Total Eligible SAIL Request Amount of \$5,200,000.

$[(45 \times 3.811) + (40 \times 1.916)] \times 1,000,000 / 5,200,000 =$ Florida Job Creation score of 47.72.

Example D:

Application D in Monroe County consists of 30 new construction units and 20 rehabilitation units and has a Total Eligible SAIL Request Amount of \$4,900,000 and an Eligible 9% HC Request Amount of \$900,000.

$[(30 \times 3.811) + (20 \times 1.916)] \times 1,000,000 / (4,900,000 + 10.5 \times 900,000) =$ Florida Job Creation score of 10.64.

In above examples, all Applications will qualify for the Job Creation Funding Preference because each has a Florida Job Creation score that is at least 25 for Applicants for Developments located in a county other than Monroe, or 7 for Monroe County Applicants.

5. Fees

The Corporation and, if applicable, the Credit Underwriter shall collect via check or money order from the Applicant the following fees and charges in conjunction with this RFA. Failure to pay any fee shall cause the funding awarded to be withdrawn as outlined in the credit underwriting and program requirements set out in Rule Chapter 67-48, F.A.C., and, if applicable, Rule Chapter 67-21, F.A.C.

The administrative fee shall be 5.5 percent of the stated annual Housing Credit Allocation for Non-Profit Applicants. The administrative fee must be received by the Corporation as stated in the Preliminary Allocation or the Preliminary Determination. (a) Good Faith Deposit: Good faith deposit means a total deposit equal to one percent of the loan amount reflected in the loan commitment paid by the Applicant to the Corporation. The Applicant shall pay a total deposit equal to one percent of the aggregate principal amount of proposed Taxable and Tax-exempt Bonds, or \$75,000, whichever is greater, to the Corporation, which deposit may be applied toward the Cost of Issuance Fee. The maximum good faith deposit required is \$175,000. The good faith deposit is payable in one (1) installment and is due within 14 Calendar Days of the date the Board of Directors approves the Credit Underwriting Report. If the good faith deposit is exhausted, the Applicant shall be required to pay, within three (3) business days of notice, an additional deposit to ensure payment of the expenses associated with the processing of the Application, the sale of the Bonds, including document production and the securitization of the loan. The good faith deposit shall be remitted by certified check or wire transfer. In the event the MMRB Loan does not close, the unused portion of the good faith deposit shall be refunded to the Applicant. Notwithstanding the foregoing, the Applicant is responsible for all expenses incurred in preparation for loan closing. Any and all costs of the Corporation will be deducted from the good faith deposit prior to refunding any unused funds to the Applicant. In the event that additional invoices are received by the Corporation subsequent to a determination that the MMRB Loan will not close and refunding any unused funds to the Applicant, which invoices related to costs incurred prior to such determination and refunding, Applicant shall be responsible for payment of the balance due as invoiced.

(b) Cost of Issuance Fee: the Corporation shall require Applicants or participating Qualified Lending Institutions selected for participation in the program, to deliver to the Corporation, or, at the request of the Corporation, directly to the Trustee, before the date of delivery of the Bonds, a Cost of Issuance Fee

in an amount determined by the Corporation to be sufficient to pay the costs and expenses relating to issuance of the Bonds, which amount shall be deposited into an account to be held by the Trustee. The Corporation shall provide the Applicant with a good faith estimate of the Cost of Issuance Fee prior to closing. The Applicant shall pay all costs and expenses incurred by the Corporation in connection with the issuance of the Bonds, the expenditure of the MMRB Loan proceeds, and provision of Credit Enhancement, if any, even if such costs and expenses exceed the Cost of Issuance Fee. Any amounts remaining in this account at the time the balance is transferred and the account closed pursuant to the trust indenture shall be returned to the Applicant.

k. Additional HC Fees:

Applicants shall be responsible for all processing fees related to the HC Program.

l. Assumption/Renegotiation Fees:

For all loans, excluding MMRB, where the Applicant is requesting a sale and/or transfer and assumption of the loan, the borrower or purchaser shall submit to the Corporation a non-refundable assumption fee of one-tenth of one percent of the loan amount.

For all loans, excluding MMRB, where the Applicant is requesting a renegotiation of the loan, the borrower shall submit to the Corporation a non-refundable renegotiation fee of one-half of one percent of the loan amount.

For all loans, excluding MMRB, where the Applicant is requesting an extension of the loan term, the borrower shall submit to the Corporation a non-refundable extension fee of one-tenth of one percent of the loan amount. If the extension is associated with a renegotiation of the loan, then only the renegotiation fee will be charged.

6. Terms and Conditions

a. Interest rates:

The Workforce SAIL loan shall be non-amortizing and shall have an interest rate of 1 percent.

b. Credit Underwriting, Firm Commitment and Loan Closing:

(1) The SAIL loan for proposed Developments located in Monroe County must meet the following timeframes:

- (a) The firm loan commitment(s) must be issued within nine (9) months of the Applicant's acceptance to enter credit underwriting. Unless an extension is approved by the Corporation in writing, failure to achieve credit underwriting report approval and issuance of a firm loan commitment(s) by the specified deadline shall result in withdrawal of the preliminary commitment(s). Applicants may request one (1) extension of up to six (6) months to secure a firm loan commitment(s). All extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting the extension and shall detail the time frame to achieve a firm loan commitment(s). In determining whether to grant an extension, the Board shall consider the facts and circumstances of the Applicant's request, inclusive of the responsiveness of the Development team and its ability to deliver the Development timely. The Corporation shall charge a non-refundable extension fee of one (1) percent of each loan amount if the request to extend the credit underwriting and firm loan commitment process beyond the initial nine (9) month deadline is approved. If, by the end of the extension period, the Applicant has not received a firm loan commitment(s), then the preliminary commitment(s) shall be withdrawn; and
- (b) The Corporation loans and other mortgage loans related to the Development must close within 120 Calendar Days of the date of the firm loan commitment(s). Unless an extension is approved by the Board, failure to close the loan(s) by the specified deadline outlined above shall result in the firm loan commitment(s) being deemed void and the funds shall be de-obligated. If the Applicant indicates that the proposed Development does not consist of Scattered Sites, but it is determined during credit underwriting that the proposed Development does meet the definition of Scattered Sites, all of the Scattered Sites requirements must have been met as of Application Deadline and, if all Scattered Sites requirements were not in place as of the Application Deadline, the Applicant's funding award will be rescinded;

First, if there is a bridge loan proposal within the equity proposal that provides for bridge loan proceeds that equal at least 15 percent of the amount of total proposed equity to be provided to be made available prior to or simultaneous with closing of construction financing, the 15 percent criteria will be met. Second, if there is a separate bridge loan proposal from either the equity provider, any entity that is controlled directly or indirectly by the equity provider, or a subsidiary of the equity provider's parent holding company, and the proposal explicitly proposes an amount to be made available prior to or simultaneous with the closing of construction financing that equals at least 15 percent of the total proposed equity to be paid stated in the equity proposal, the 15 percent criteria is met. Bridge loan proposals that are not within the equity proposal, though, must meet the criteria previously stated for debt financing with the exception that evidence of ability to fund does not have to be provided. The Applicant may include the proposed amount of the bridge loan as equity proceeds on the Construction or Rehabilitation Analysis and on the Permanent Analysis (Note: this 15 percent criteria must be reflected in the limited partnership agreement or limited liability company operating agreement); or
 - (2) If not syndicating/selling the Housing Credits, proceeds from a bridge loan will not count toward meeting the 15 percent criteria;

The plan shall provide information regarding the relocation site; accommodations relevant to the needs of the residents and length of time residents will be displaced; moving and storage of the contents of a resident's dwelling units; as well as the approach to inform and prepare the residents for the rehabilitation activities;

- h. The letter must also include: (a) the name of the declared first phase Development and the Corporation-assigned Application number, (b) the total number of phases and the projected Development name for each phase, (c) the total number of buildings in each phase, (d) the expected completion date for each phase, and (e) any other information as determined by the Corporation and stated in the invitation to enter credit underwriting.
- i. If the Applicant indicated that the proposed Development is a subsequent phase of a multiphase Development and, during the credit underwriting process it is determined that the proposed Development does not meet the criteria for such distinction, the proposed Development will no longer be considered a subsequent phase of a multiphase Development.
- j. All 4% HC Applicants must comply with Section 42, IRC, regarding DDA/QCT qualifying date.

Also, if the Applicant requests 4% HC in this Application that will be used with County HFA-issued Tax-Exempt Bonds and the Applicant indicates in Exhibit A that the proposed Development is eligible for the basis boost, then the Applicant must provide a letter from the Development’s bond-issuing agency certifying the date the bond application was deemed complete and stating whether the bond application process was competitive or non-competitive. A “complete application” means that no more than de minimis clarification of the application is required for the agency to make a decision about the issuance of bonds requested in the application.

- k. Applicants must demonstrate that as of the Application Deadline electricity is available to the entire proposed Development site by providing evidence described below:
 - (1) The properly completed and executed Florida Housing Finance Corporation Verification of Availability of Infrastructure – Electricity form (Form Rev. 08-16); or

For 9 percent HC, the Preliminary Recommendation Letter (PRL) for this Development will be due to the Corporation no later than 12 weeks after the invitation to enter credit underwriting has been accepted. Pursuant to paragraph 67-48.0072(21)(d), F.A.C., the Applicant is responsible for providing the Credit Underwriter with the information necessary to complete the PRL. If the 12 week deadline cannot be met due to any delay caused by the Applicant, the Applicant must request an extension by submitting a written request and payment of the applicable processing fee to the Corporation;
- 5. The credit underwriting process must be complete within the timeframes outlined in Rule Chapter 67-48, F.A.C. or the Housing Credit Carryover Agreement, as applicable;

For proposed Developments located in a county other than Monroe, the Tax-Exempt Bonds credit underwriting process shall be accomplished as outlined in (1) or (2) below:

- a. If using County HFA-issued Tax-Exempt Bonds, the following will apply:
 - (1) If the final Credit Underwriting Report (CUR) for the bonds was prepared by a Credit Underwriter under contract with the Corporation, the Credit Underwriter will prepare an update to the final bonds CUR to ensure compliance with the requirements of Section 42 of the IRC, as amended. The Preliminary Determination for the 4% HC will be issued upon completion of a satisfactory CUR update; or
 - (2) If the Credit Underwriting Report (CUR) for the bonds has not been completed or has been completed by a credit underwriter not under contract with the Corporation, the Credit Underwriter will prepare a CUR in accordance with the requirements of paragraph 67-21.028(2)(d), F.A.C. The Preliminary Determination for the 4% HC will be issued upon completion of a satisfactory CUR.

 - a. The Applicant's Non-Profit status, if applicable;
 - b. That the Development Location Point and each Scattered Site meets the requirements of this RFA, Rule Chapters 67-48 and, if applicable, 67-21, F.A.C, and Section 42 of the IRC, as applicable;
 - c. The proposed Development's ability to meet the concrete construction qualifications;
