b) Communications staff is working with evok advertising [sic] to design, produce and distribute a Florida HHF Principal Reduction (HHF-PR) direct mailer. This direct mail piece will be sent to more than 170,000 homeowners in the state, encouraging them to visit the application website, review criteria for the program, and apply. Additionally, HHF-PR Advisor Agencies will be provided with resources to host events for all Florida HHF Programs as a way to specifically target homeowners in their communities and service areas.

c) Since the federal HHF Program has been extended through 2020, Communications staff is doing a thorough review of all program application websites for redesign and visual updates. The goal is to ensure the websites continue to be user-friendly, as well as aesthetically and visually appealing.

d) In addition to participating in third-party “help for homeowner” events sponsored by nonprofit organizations and lending institutions, Communications staff continues to address inquiries from homeowners regarding the application process, the status of their applications, program questions, recommendations and concerns, etc.
B. Business Continuity

1. Background/Present Situation

   a) Business Continuity staff continues to review and update disaster preparedness
      and emergency response materials and procedures to ensure they are compliant
      with best practices. Business units’ business impact analyses (BIAs) are nearly
      complete; these analyses help the Corporation determine the order in which
      essential functions must be restored after an occurrence of any type that affects
      business systems. Subsequently, the business continuity plan (BCP) will be
      updated to reflect this information and a table-top exercise will ensue to test the
      plan. The plan is to do this fourth quarter 2016/first or second quarter 2017.

C. Corporate Marketing and Outreach

1. Background/Present Situation

   a) Communications is working with Policy staff on the marketing for the
      Foreclosure Counseling Program (FCP). Working with The Brand Advocates,
      materials for an outreach and advertising campaign, with the goal of increasing
      the number of homeowners assisted by the program. The radio and print ads will
      begin airing in September through November. Additionally, digital billboards
      will be visible during “rush hour” in South Florida (I-95) and website ads will be
      used, too.

   b) Our efforts to continue building relationships with local governments and other
      affordable housing stakeholders, Communications staff participated as an
      exhibitor at the Florida Association of Counties (FAC) Annual Conference in
      June and the Florida League of Cities (FLC) Annual Conference in August.
      Also, staff will participate as an exhibitor at the Florida Housing Coalition
      (FHC) Annual Conference in September.
II. FISCAL

A. Operating Budget Analysis for July 2016

1. Background/Present Situation

   a) The Financial Analysis for July 31, 2016, is attached as Exhibit A.

   b) The Operating Budget for the period ending July 31, 2016, is attached as Exhibit B.
III. GUARANTEE PROGRAM

A. Status of the Guarantee Program portfolio

1. Background/Present Situation

   a) Since the implementation of the Guarantee Program in 1993, it has guaranteed 120 transactions, facilitating the construction of over 28,000 housing units in Florida. In November 1994, the Guarantee Program entered into an agreement with HUD to participate in the Risk-Sharing Program; characterized by a 50/50 sharing of default risk in connection with the mortgage guarantee. Of the 6 multifamily developments remaining in the Guarantee Program portfolio (as of 7/31/16), 2 are Risk-Sharing transactions.

   b) Between November 2008 and April 2010, eight (8) multifamily claims were filed on the Guarantee Program, representing the total (and only) multifamily claims incurred in its 23-year history. The chart in Exhibit B reflects the developments foreclosed, listed in chronological order by claim filed date. There are no foreclosures in inventory and no developments in monetary default in the portfolio.

B. Corpus and Portfolio Risk Exposure

1. Background/Present Situation

   a) The global liquidity crisis of 2008 collapsed the market for the variable rate bonds capitalizing the Guarantee Program corpus, ultimately leading staff to restructure the debt, paying off approximately $89 million and refinancing the remaining $156.2 million in variable rate bonds to a 5-year term loan with Citibank, closing on December 31, 2009.

   b) At that time, the Guarantee Program’s total risk exposure was $754.5 million. Since then, in keeping with the Board’s mandate to cede risk from the portfolio, total risk exposure (as reflected in Exhibit C, chart “Guarantee Fund Capacity”, line item “Total Commitments”) has been reduced over 94%, as reflected below:

<table>

</tbody>

GUARANTEE PROGRAM

Information

c) The continued low interest rate environment has prompted many Developers to refinance their properties, paying-off their guaranteed mortgages and removing them from the Guarantee Program portfolio, representing the primary driver behind the reduction in Total Commitments reflected above. The sharp increase in refinancing activity is reflected in the following chart:

<table>
<thead>
<tr>
<th>Loans (#): As of 7/31/16</th>
<th>12/31/15</th>
<th>2014</th>
<th>2013</th>
<th>2012</th>

</tr>
<tr>
<td>3</td>
<td>17</td>

<td>22</td>
<td>12</td>

<td>2</td>
</tr>
</tbody>
</table>

d) Contributing to the reduction in Total Commitments is approximately $115 million in partial prepayments (of mortgages) from SAIL ELI proceeds, funded prior to or at the time of closing, helping to facilitate refinancing activity.

e) Furthermore, Management aggressively reduced the Guarantee Program capitalizing debt, paying off $90.2 million on April 20, 2011 and another $15 million on July 29, 2011, leaving $51.0 million outstanding. On December 21, 2012, the remaining balance of $51.0 million was paid in full, reducing the Guarantee Fund’s capitalizing debt to zero ($0).

b) Staff will amend the Land Use Restriction Agreements and/or Extended Use Agreements for the development as appropriate.
V. SINGLE FAMILY HOMEBUYER PROGRAMS

A. Single Family Homebuyer Programs

1. Background/ Present Situation

a) Florida Housing continues to have funds continuously available for qualifying homebuyers through FHFC Homebuyer Loan Programs. Florida Housing’s Programs provide assistance to eligible homebuyers by offering low-cost, 30-year, fixed-rate mortgages together with down payment and closing cost assistance (DPA). Currently, we have two Homebuyer Loan Programs; the Florida First Government Loan Program (Government Loan Program) and the Florida HFA Preferred Conventional Loan Program (HFA Preferred). We also offer a Mortgage Credit Certificate Program for qualified homebuyers who may benefit from additional annual federal tax savings offered through this program.

b) The Government Loan Program offers borrowers a 30-year, fixed-rate mortgage using all approved government-insured loan types. These include Federal Housing Administration (FHA) loans, U.S. Department of Veteran Affairs (VA) loans, and United States Department of Agriculture-Rural Development (RD) loans. This program is funded through both traditional mortgage revenue bond sales as well as by the sale of Mortgage Backed Securities (MBS) into the secondary markets. Included in this program is the Military Heroes Program, which offers both honorably discharged veterans and active duty military personnel the benefit of a lower first mortgage interest rate.

c) The HFA Preferred Program uses a loan product developed by Fannie Mae specifically for state housing finance agencies. Rather than selling bonds as a funding source, this program is structured as a forward delivery “To Be Announced” (TBA) Program in conjunction with one of our contracted investment bankers, Raymond James. Single Family Program staff sets a daily mortgage rate based upon prevailing market rates and predetermined profitability goals. The conventional loans, originated by participating lenders, offer borrowers a 30-year, fixed-rate mortgage. Borrowers benefit from lower mortgage insurance costs on these loans when compared to other Fannie Mae mortgage products, as well as similar government-insured loans such as FHA.

d) Florida Housing primarily offers qualified homebuyers DPA in the form of a second mortgage loan on both the Government Loan Program and HFA Preferred loans. Our Florida Assist loan is a 0% deferred payment loan of $7,500. This second mortgage program serves homebuyers with an area median income (AMI) of up to 120%, adjusted for household size. It is repayable upon sale of the property, refinance of the first mortgage, at the end of the first mortgage term, or if the homeowner no longer occupies the property as his/her primary residence.

e) We also offer a 3% grant program as part of the HFA Preferred PLUS Conventional Loan Program. The grant program offers borrowers 3% of the purchase price in non-repayable assistance to help with downpayment and closing costs. The HFA Preferred PLUS, like the HFA Preferred, offers daily pricing, but at a slightly higher first mortgage interest rate to generate the 3% assistance. Our HFA Preferred PLUS grant provides assistance to borrowers with an area median income (AMI) of up to 140%, adjusted for household size.
SINGLE FAMILY HOMEBUYER PROGRAMS

Information

f) On July 13, 2015, we launched a DPA Program that utilizes Hardest Hit Fund (HHF) resources. The HHF DPA Loan Program is initially being offered as a pilot program in Brevard, Duval, Hillsborough, Orange and Volusia counties. As of August 31st, the HHF DPA Loan Program expands into an additional six counties; Clay, Osceola, Pasco, Pinellas, Polk and St. Lucie. This Program can serve borrowers with incomes up to 140% AMI. The Program offers the following benefits to qualified borrower(s):

- Borrower(s) qualifying for eligible Homebuyer Loan Programs automatically qualify.
- A five-year loan that is forgiven at the rate of 20% per year, provided the borrower is not in default.
- 0% interest rate.
- Up to $15,000 in assistance.

g) Our Mortgage Credit Certificate (“MCC”) Program provides qualified first time homebuyers with a non-refundable federal tax credit. Our MCC Program uses a 50% credit rate that provides the homeowner with a maximum $2000 annual tax credit used to offset any federal tax liability. The homeowner can claim this credit each year they occupy the home as a primary residence, pay mortgage interest, and have a tax liability to offset. We currently have 118 approved lenders participating in the MCC Program compared with 148 in our loan programs. We charge a $500 issuance fee for each MCC to cover administration and support of the program.

h) Single Family Program Staff continually offers a three hour, Department of Business and Professional Regulation (DBPR)-approved continuing education (“CE”) course for Realtors, which is coordinated through local Realtor boards throughout the state. Realtors who attend these classes receive a general 3 hour CE credit while learning about our Homebuyer Loan Programs, our Mortgage Credit Certificate Program, and other affordable housing programs available to their potential homebuyers. We strive to market to large groups such as Realtors and lenders statewide to maximize the benefit of our time and travel and to help others learn about the resources available through our programs.

i) On July 22nd, Single Family Program Staff conducted the CE course at the Northeast Florida Association of Realtors (NEFAR) in Jacksonville and July 26th – July 27th Single Family Program Staff conducted three classes through the Realtor Association of the Palm Beaches (RAPB) in Boca Raton, West Palm Beach and St. Lucie County. Over 150 Realtors attended the 4 classes conducted in July.

j) Single Family Program Staff also conducts both webinar and face-to-face trainings for lender partners throughout the state. Training consists of program requirements and recent updates, system training offered in conjunction with eHousing and first mortgage and servicer requirements and updates offered in conjunction with US Bank Home Mortgage. Together, Florida Housing, eHousing and US Bank Home Mortgage provide lenders with information to better assist with the origination, delivery and purchase of first and second mortgages originated through our Homebuyer Loan Program.
SINGLE FAMILY HOMEBUYER PROGRAMS

Information

k) Florida Housing sponsors a toll-free telephone line (800-814-HOME), for first time homebuyers to call for information about our program. Callers are able to receive information through pre-recorded information that directs them to our First Time Homebuyer Wizard tool, which is located on our website. Those callers that have additional questions are transferred to Single Family Staff for assistance.

VI. SUBORDINATED MORTGAGE INITIATIVE (SMI)

A. Program Update

1. Background/Present Situation

   a) Between April 2009 and September 2010, the Board approved funding for a total of thirty-two (32) Subordinated Mortgage Initiative (SMI) loans to developments credit-enhanced by the Guarantee Program and determined to be in financial distress. The loans provided properties with temporary assistance in funding their first mortgage debt service for a period of up to twenty-four (24) months. To that extent, Florida Housing provided up to one (1) mortgage payment per quarter, with the developer making the remaining payments. Over the twenty-four (24) month disbursement period, Florida Housing could fund up to eight (8) mortgage payments and the developer the other sixteen (16) mortgage payments.

   b) Pursuant to SMI loan terms, no payments were due during the first 48 months (inclusive of the first 24-month disbursement period). However, interest accrues and is payable in full at the end of the 48-month period, followed by monthly principal-and-interest payments based on a twenty (20) year amortization and a balloon (payment in full) due at the end of year ten.

   c) Exhibit A (attached) reflects the status of the SMI loans as of July 31, 2016, highlighted as follows:

      (1) The Board originally approved thirty-two (32) SMI loans totaling up to $19,120,000 in aggregate.

      (2) Two (2) loans, Leigh Meadows and Colony Park did not close due to the owner/borrower declining the loan.

      (3) One development, Preserve at Oslo (f/k/a: Woods of Vero Beach), received SAIL ELI funding prior to the final SMI disbursement. The SAIL ELI loan reduced the first mortgage, therefore the three (3) remaining SMI disbursements were reduced accordingly, decreasing the loan by $14,116.97.

      (4) Two more developments, Tuscan Isle (fka: Heron Cove) and Villas at Lake Smart, declined one or more of the latter disbursements under their respective SMI loans due to various circumstances.

      (5) Ultimately, thirty (30) SMI loans were closed totaling $17,820,192.04, of which $17,557,032.82 was disbursed.

      (6) Twenty-eight (28) loans, totaling $16,460,413, have been paid in full.

      (7) No SMI loans have been foreclosed or resulted in a loss.
VII. STRATEGIC PLAN AND PERFORMANCE MEASURES

A. Strategic Plan Performance Measures and Informational Indicators

1. Background/Present Situation

   a) Section 420.511, Florida Statutes, requires Florida Housing to include performance measures and targets in its strategic plan. Quarterly Performance Measures and Targets for Quarter 2 - 2016 are attached in Exhibit A. Quarterly Informational Indicators for Quarter 2 - 2016 are attached in Exhibit B. These reports provide the basis for the Affordable Housing Services Contract between the Department of Economic Opportunity and Florida Housing.
