b) Communications and HHF Program staffs participated in the recent Florida HHF Advisor Agency trainings facilitated by the Florida Housing Coalition (FHC) in both West Palm Beach and Orlando. The training was primarily for new Advisor Agencies (advisors and administrators); however, several representatives from veteran agencies participated, as well, to refresh their knowledge on the UMAP/MLRP and Principal Reduction programs. Communications staff provided information to help agencies perform marketing and outreach for the programs, in addition to reviewing the media protocol.

c) To further provide support to agencies regarding marketing and outreach for the HHF program, Communications staff will host a best practices webinar for all Advisor Agencies this month. This specific training focusing only on marketing the programs and media relations will help new and veteran agencies in their efforts to reach as many homeowners in their communities as possible.
COMMUNICATIONS

Information

d) Homeowners’ requests and inquiries continue to come into the Corporation at a steady pace. Communications staff continues to triage and manage these inquiries. Additionally, staff works with third-party entities approved to request information on homeowners participating in one or more of the HHF programs. Also, staff is working closely with agencies regarding their response times and customer service practices as they assist potential, past and current applicants. We are experiencing a positive response from directly working with each of them.

B. Business Continuity

1. Background/Present Situation

a) Business Continuity staff continues to review and update the Corporation’s business continuity plan (BCP), disaster and evacuation procedures, and other materials regarding emergency preparedness. The Corporation’s business impact analysis (BIA) is nearly complete and ready for review with the incident management team. The draft BIA has been provided to Information Technology Services (ITS) staff for their review in determining information technology needs for business recovery purposes.

C. Corporate Marketing and Outreach

1. Background/Present Situation

a) Communications and ITS staffs deployed the new listserv in May; using the ListPlex platform, this service replaces the outdated web board. Staff has been fully trained and all current subscribers have been notified of the upgrade to the system.

b) Additionally, the Corporation’s newly redeveloped and redesigned website launched on May 23 with overwhelming positive reviews from stakeholders and staff. Communications and ITS staff continues to work with the vendor, SGS Technologies, to perform updates, as well as upload new information.

c) As Florida Housing continues to foster positive relationships with affordable housing advocates, providers and stakeholder groups, Communications staff will participate as an exhibitor at the following annual conferences this year:
   - June 27 – 30 – Florida Association of Counties (FAC) Annual Conference;
   - August 17 -19 – Florida League of Cities (FLC) Annual Conference; and
   - September 10 – 13 – Florida Housing Coalition (FHC) Annual Conference.

A. Operating Budget Analysis for April 30, 2017

1. Background/Present Situation

   a) The Financial Analysis for April 30, 2017, is attached as Exhibit A.

   b) The Operating Budget for the period ending April 30, 2017, is attached as Exhibit B.
III. GUARANTEE

A. Status of the Guarantee Program portfolio

1. Background/Present Situation

a) Since the implementation of the Guarantee Program in 1993, it has guaranteed 120 transactions, facilitating the construction of over 28,000 housing units in Florida. In November 1994, the Guarantee Program entered into an agreement with HUD to participate in the Risk-Sharing Program; characterized by a 50/50 sharing of default risk in connection with the mortgage guarantee. As of 3/31/17, three (3) multifamily developments remain in the Guarantee Program portfolio; one (1) is a Risk-Sharing transaction.

b) Between November 2008 and April 2010, eight (8) multifamily claims were filed on the Guarantee Program, representing the total (and only) multifamily claims incurred in its 24-year history. Currently, there are no foreclosures in inventory and no developments in monetary default in the portfolio.

B. Corpus and Portfolio Risk Exposure

1. Background/Present Situation

a) The global liquidity crisis of 2008 collapsed the market for the variable rate bonds capitalizing the Guarantee Program corpus, ultimately leading staff to restructure the debt, paying off approximately $89 million and refinancing the remaining $156.2 million in variable rate bonds to a 5-year term loan with Citibank, closing on December 31, 2009.

b) At that time, the Guarantee Program’s total risk exposure was $754.5 million. Since then, in keeping with the Board’s mandate to cede risk from the portfolio, total risk exposure has been reduced over 97%, as reflected below:

<table>
<thead>
<tr>
<th>Portfolio Risk Exposure</th>
</tr>
</thead>
<tbody>
<tr>
<td>As of 5/31/17</td>
</tr>
<tr>
<td>$20.6M</td>
</tr>
</tbody>
</table>

c) The continued low interest rate environment has prompted many Developers to refinance their properties, paying-off their guaranteed mortgages and removing them from the Guarantee Program portfolio, representing the primary driver behind the reduction in Total Commitments reflected above. Refinancing activity is reflected in the following chart:

<table>
<thead>
<tr>
<th>Refinancing Activity</th>
</tr>
</thead>
<tbody>
<tr>
<td>Loans (#):</td>
</tr>
<tr>
<td>1</td>
</tr>
<tr>
<td>Risk ceded ($)</td>
</tr>
<tr>
<td>$10.2M</td>
</tr>
</tbody>
</table>
d) Contributing to the reduction in Total Commitments is approximately $115 million in partial prepayments (of mortgages) from SAIL ELI proceeds, funded prior to or at the time of closing, helping facilitate refinancing activity.

e) Furthermore, Management aggressively reduced the Guarantee Program capitalizing debt, paying off $90.2 million on April 20, 2011, another $15 million on July 29, 2011, and the remaining $51.0 million on December 21, 2012, reducing the Guarantee Fund’s capitalizing debt to zero ($0).

(6) Staff will amend the Extended Low-Income Housing Agreement as appropriate.
V. SINGLE FAMILY HOMEBUYER PROGRAMS

A. Single Family Homebuyer Programs

1. Background/Present Situation

a) Florida Housing continues to have funds continuously available for qualifying homebuyers through FHFC Homebuyer Loan Programs. Florida Housing’s Programs provide assistance to eligible homebuyers by offering low-cost, 30-year, fixed-rate mortgages together with down payment and closing cost assistance (DPA). Currently, we have two Homebuyer Loan Programs; the Florida First Government Loan Program (Government Loan Program) and the Florida HFA Preferred Conventional Loan Program (HFA Preferred). We also offer a Mortgage Credit Certificate Program for qualified homebuyers who may benefit from additional annual federal tax savings offered through this program.

b) The Government Loan Program offers borrowers a 30-year, fixed-rate mortgage using all approved government-insured loan types. These include Federal Housing Administration (FHA) loans, U.S. Department of Veteran Affairs (VA) loans, and United States Department of Agriculture-Rural Development (RD) loans. This program is funded through both traditional mortgage revenue bond sales as well as by the sale of Mortgage Backed Securities (MBS) into the secondary markets. Included in this program is the Military Heroes Program, which offers both honorably discharged veterans and active duty military personnel the benefit of a lower first mortgage interest rate.

c) The HFA Preferred Program uses a loan product developed by Fannie Mae specifically for state housing finance agencies. Rather than selling bonds as a funding source, this program is structured as a forward delivery “To Be Announced” (TBA) Program in conjunction with one of our contracted investment bankers, Raymond James. Single Family Program staff sets a daily mortgage rate based upon prevailing market rates and predetermined profitability goals. The conventional loans, originated by participating lenders, offer borrowers a 30-year, fixed-rate mortgage. Borrowers benefit from lower mortgage insurance costs on these loans when compared to other Fannie Mae mortgage products, as well as similar government-insured loans such as FHA.

d) Florida Housing primarily offers qualified homebuyers DPA in the form of a second mortgage loan on both the Government Loan Program and HFA Preferred loans. Our Florida Assist loan is a 0% deferred payment loan of $7,500. This second mortgage program serves homebuyers with an area median income (AMI) of up to 120%, adjusted for household size. It is repayable upon sale of the property, refinancing of the first mortgage, at the end of the first mortgage term, or if the homeowner no longer occupies the property as his/her primary residence.

e) We also offer a 3% grant program as part of the HFA Preferred PLUS Conventional Loan Program. The grant program offers borrowers 3% of the purchase price in non-repayable assistance to help with downpayment and closing costs. The HFA Preferred PLUS, like the HFA Preferred, offers daily

pricing. Our HFA Preferred PLUS grant provides assistance to borrowers with an area median income (AMI) of up to 140%, adjusted for household size.

f) On July 13, 2015, we launched a DPA Program that utilizes Hardest Hit Fund (HHF) resources. The HHF DPA Loan Program was initially being offered as a pilot program in Brevard, Duval, Hillsborough, Orange and Volusia counties. On August 31, 2016, the HHF DPA Loan Program expanded into an additional six counties; Clay, Osceola, Pasco, Pinellas, Polk and St. Lucie. This Program can serve borrowers with incomes up to 140% AMI. The Program offers the following benefits to qualified borrower(s):

1. Borrower(s) qualifying for eligible Homebuyer Loan Programs automatically qualify.
2. A five-year loan that is forgiven at the rate of 20% per year, provided the borrower is not in default.
3. 0% interest rate.
4. Up to $15,000 in assistance.

g) Our Mortgage Credit Certificate (“MCC”) Program provides qualified first time homebuyers with a non-refundable federal tax credit. Our 2016 MCC Program uses a 50% credit rate that provides the homeowner with a maximum $2000 annual tax credit used to offset any federal tax liability. The homeowner can claim this credit each year they occupy the home as a primary residence, pay mortgage interest, and have a tax liability to offset. We currently have 136 approved lenders participating in the MCC Program compared with 175 in our loan programs. We charge a $500 issuance fee for each MCC to cover administration and support of the program. The creation of the 2017 MCC Program was approved by the Board at the May 5th Board Meeting. The Program will utilize a multi-credit structure that will be dependent upon the amount of the underlying first mortgage. By going to this structure, we should be able to extend the life of the program while also providing the federal tax credit benefit to more borrowers.

h) Single Family Program Staff continually offers a three hour, Department of Business and Professional Regulation (DBPR)-approved continuing education (“CE”) course for Realtors, which is coordinated through local Realtor boards throughout the state. Realtors who attend these classes receive a general 3 hour CE credit while learning about our Homebuyer Loan Programs, our Mortgage Credit Certificate Program, and other affordable housing programs available to their potential homebuyers. We strive to market to large groups such as Realtors and lenders statewide to maximize the benefit of our time and travel and to help others learn about the resources available through our programs. Single Family Program Staff presented the Homebuyer Loan Programs course to 23 Realtors in Tallahassee on March 24th. This event was coordinated in conjunction with one of our Participating Lenders, VanDyk Mortgage, who is currently our fourth largest originator in the state. In April, we conducted two additional classes in Hillsborough and Pasco Counties. We had over 88 Realtors in attendance. Both counties are Hardest Hit Fund DPA eligible counties. Our next class is scheduled for June 15th in Lee County.
SINGLE FAMILY HOMEBUYER PROGRAMS

Information

i) Single Family Program Staff also conducts telephonic, webinar and face-to-face trainings for lender partners throughout the state. Training consists of program requirements and recent updates, system training offered in conjunction with eHousing and first mortgage and servicer requirements and updates offered in conjunction with US Bank Home Mortgage. Together, Florida Housing, eHousing and US Bank Home Mortgage provide lenders with information to better assist with the origination, delivery and purchase of first and second mortgages originated through our Homebuyer Loan Program.

j) Florida Housing sponsors a toll-free telephone line (800-814-HOME), for first time homebuyers to call for information about our program. Callers are able to receive information through pre-recorded information that directs them to our First Time Homebuyer Wizard tool, which is located on our website. Those callers that have additional questions are transferred to Single Family Staff for assistance.

VI. SUBORDINATED MORTGAGE INITIATIVE (SMI)

A. Program Update

1. Background/Present Situation

a) Between April 2009 and September 2010, the Board approved funding for a total of thirty-two (32) Subordinated Mortgage Initiative (SMI) loans to developments determined to be in financial distress within the Guarantee Program portfolio. The loans provided properties with temporary assistance in funding their first mortgage debt service for a period of up to twenty-four (24) months. To that extent, Florida Housing provided up to one (1) mortgage payment per quarter, with the developer making the remaining payments. Over the twenty-four (24) month disbursement period, Florida Housing could fund up to eight (8) mortgage payments and the developer the other sixteen (16) mortgage payments.

b) Pursuant to SMI loan terms, no payments were due during the first 48 months (inclusive of the first 24-month disbursement period). However, interest accrues and is payable in full at the end of the 48-month period, followed by monthly principal-and-interest payments based on a twenty (20) year amortization and a balloon (payment in full) due at the end of year ten.

c) Exhibit A (attached) reflects the status of the SMI loans as of April 30, 2017, highlighted as follows:

   (1) The Board originally approved thirty-two (32) SMI loans totaling up to $19,120,000 in aggregate.

   (2) Thirty (30) SMI loans were closed totaling approximately $17.8 million, of which approximately $17.6 million was disbursed.

   (3) To date, twenty nine (29) loans totaling approximately $17.1 million have been paid in full.

   (4) No SMI loans have been foreclosed or resulted in a loss.
VII. STRATEGIC PLAN PERFORMANCE MEASURES AND INFORMATIONAL INDICATORS

A. Strategic Plan Performance Measures and Informational Indicators

1. Background
   a) Sections 420.0006 and 420.504 (1), Florida Statutes, direct the Executive Director of the Department of Economic Opportunity (DEO) to contract with Florida Housing on a multi-year basis to address the affordable housing needs of the state. The contract must include the performance measures adopted by the Board as part of and consistent with Florida Housing’s Strategic Plan, pursuant to section 420.511 (1), F.S.
   b) The Affordable Housing Services contract requires Florida Housing to report to DEO quarterly on the performance measures and targets. Section 420.0005, F.S. requires the DEO Director to certify to the state’s Chief Financial Officer that Florida Housing is in compliance with the performance measure targets. This is required to give Florida Housing access to appropriated state funding. These reports are provided to DEO within 30 days of the end of each quarter.

2. Present Situation
   a) Quarterly Performance Measures and Targets for Quarter 1 - 2017 are attached as Exhibit A. Quarterly Informational Indicators for Quarter 1 - 2017 are attached as Exhibit B.
