(the “Petitioner”) hereby petitions Florida Housing Finance Corporation (the “Corporation”) for (i) a waiver of the Corporation’s prohibition on changing the “Total Set-Aside Percentage” in its 2011 Universal Application, and (ii) a waiver or variance from the provisions of Part III.E.b.1.(2)(c) of the Universal Application Instructions which require an applicant to set-aside at least 70% of the development’s units at 60% of area median income. See Rule 67-48.004(14)(j) and 67-48.004(1).

Section 120.542(2), Fla. Stat. (2012).

7. The waiver being sought is permanent in nature.

THE RULES FROM WHICH WAIVER IS SOUGHT

8. Petitioner requests a waiver from Rule 67-48.004(14)(j), Florida Administrative Code (2011). In addition, Petitioner requests a waiver from the provisions of Part III.E.1.b.(2)(c) of the Universal Application Instructions which award 3 points to applicants setting aside at least 70% of a development’s units at 60% of area median income or less. Specifically, Petitioner is seeking to increase the total number of units in the Development from 100 (as contained in its Universal Application) to up to 154, and to decrease the Total Set-Aside Percentage from 100% (as indicated in its Universal Application) to approximately 65%. Petitioner intends that the additional (up to fifty-four (54)) units will be available for non-income restricted work-force housing (“Work Force Housing”).
Rule 67-48.004(14) provides, in relevant part, as follows:

“(14) Notwithstanding any other provision of these rules, there are certain items that must be included in the Application and cannot be revised, corrected or supplemented after the Application Deadline. Failure to submit these items and the Application at the time of the Application Deadline, shall result in rejection of the Application without opportunity to submit additional information. Any attempt to make changes to these items will not be accepted. Those items are as follows:

(i) Total number of units; notwithstanding the foregoing, for the SAIL and HC Programs the total number of units may be increased after the Applicant has been invited to enter credit underwriting, subject to written request of an Applicant to Corporation staff and approval of the Corporation;

(j) With regard to the SAIL and HC Programs, the Total Set-Aside Percentage as stated in the last row of the total set-aside break-down chart for the program(s) applied for in the Set-Aside Commitment section of the Application...”.

Rules 67-48.004(14)(i) and (j), FAC (2011)

On page 75 of the 2011 Universal Application Instructions, Part III.E.1.b(2)(c) of such instructions (“Total Set-Aside Commitment”) provides as follows: “Applicants, except those requesting funding for ALF Developments, will receive 3 points for a commitment to set aside at least 70 percent of the Development’s units at 60 percent AMI or less.” In its application, Petitioner committed to set aside 100% of the Development’s 100 units at 60 percent AMI or less.

Petitioner previously requested Corporation staff to increase the total number of units in the Development. As such, Petition is not seeking a waiver from the provisions of Rules 67-48.004(14)(i).

STATUTES IMPLEMENTED BY THE RULES

9. The Rules are implementing, among other sections of the Florida Housing Finance Corporation Act, the statute that created the HC Program. See Section 420.5099, Florida Statutes.

PETITIONER REQUESTS A WAIVER FROM THE RULES FOR THE FOLLOWING REASONS

10. Petitioner requests a waiver from Rule 67-48.004(14)(j), Florida Administrative Code (2011) and from Part III.E.1.b.(2)(c) of the Universal Application Instructions (2011). Petitioner is seeking a waiver from the Rule allowing it to decrease the Total Set-Aside Percentage from 100% to approximately 65%.

11. The following facts demonstrate the economic hardship and other circumstances which justify Petitioner’s request for waiver:

   a. Petitioner timely submitted its Universal Application to the Corporation for its Housing Credit program, for 100 low-income tax credit housing units, with
the Total Set-Aside Percentage of 100%, and received a preliminary allocation
of 2011 Housing Credits.

b. Pursuant to applicable zoning for the area in which the Development is
located, up to fifty-four (54) additional units can be added to the
Development.

c. Local government has urged Petitioner to take full advantage of governmental
zoning by providing an additional number of housing units.

d. An increase in the number of residential units will allow Petitioner to provide
a mixed-income Development with both affordable housing and Work Force
Housing.

e. The additional Work Force Housing units will, however, result in a
corresponding decrease in the Total Set-Aside Percentage provided for in the
Universal Application.

f. The Development is located directly across from the Brickell Metro Rail
Station in the rapidly expanding West Brickell section of downtown Miami,
Florida. Vacancy rates are at historically low levels in this area, and the rental
market for affordable and Work Force Housing units is significantly
underserved. Petitioner’s Development offers a unique opportunity to utilize
its immediate proximity to the Brickell Metro Rail Station, by offering
housing both to “low income” persons and families and persons in need of
Work Force Housing. Grant of the requested waiver will not change in any
way the number or quality of affordable housing units referenced in
Petitioner’s application, and would augment the proposed Development by
permitting a unique mixed-income housing opportunity.

g. A denial of the requested waiver would result in a substantial economic
hardship for Petitioner, as a consequence of lower rental revenues, and lower
economies of scale, i.e., spreading fixed costs over fifty-four (54) additional
units. More significantly, up to 54 families would be deprived of the
opportunity to obtain essential Work Force Housing.

12. A waiver of the Rule’s restriction against changing the Total Set-Aside
Percentage from Petitioner’s Universal Application would serve the purposes of Section
420.5087, and the Act as a whole, because one of the Act’s primary purposes is to facilitate the
availability of decent, safe and sanitary housing in the State of Florida to low-income persons
and households, and would provide the additional benefit of meeting the critical need for mixed-
income developments with Work Force Housing units.

13. By granting the waiver and permitting Petitioner to decrease the total Set-Aside
Percentage, the Corporation would recognize the economic realities of developing affordable
rental housing by encouraging the development of mixed-income housing projects, particularly
in an area (proximate to a Metro Rail Station) uniquely suited to a mixed-income housing
project, and enabling developers to meet the needs of both low-income families and families in
dire need of Work Force Housing. This recognition would promote participation by owners such
as Petitioner in meeting the Act’s purpose of providing affordable housing in an economical and
efficient manner.
ACTION REQUESTED

Petitioner requests the following:

(a) That the Corporation grant Petitioner a waiver from Rule 67-48.004(14)(j), Florida Administrative Code (2011), allowing it to decrease the Total Set-Aside Percentage from 100% to approximately 65% and increase the total number of units from 100 to up to 154;

(b) That the Corporation grant Petitioner a waiver from the provisions of Part III.E.1.b.(2)(c) of the Universal Application Instructions; and

(c) Grant the Petition and all the relief requested therein; and

(d) Grant such further relief as may be deemed appropriate.
