APPLICATION NO. 2011-067C

PETITION FOR WAIVER OF RULE 67-48.004(14)(i) and (j) FOR A CHANGE IN NUMBER OF UNITS AND IN TOTAL SET-ASIDE PERCENTAGE

Brickell View Terrace Apartments, Ltd. (the “Petitioner”) hereby petitions Florida Housing Finance Corporation (the “Corporation”) for (i) a waiver of the Corporation’s prohibition on changing the “Total Number of Units” in its 2011 Universal Application, and (ii) a waiver of Corporation’s prohibition on changing the “Total Set-Aside Percentage” in its 2011 Universal Application. See Rule 67-48.004(14)(i) and (j).

In support of its petition, the Petitioner states:

4. The Petitioner timely submitted its Application in the 2011 cycle (Application
   #2011-067C) for the development named “Brickell View Terrace” (the “Development”), Florida
   Housing has issued a Preliminary Allocation of Housing Credits to Petitioner.

5. Equity raised from Housing Credits will be used for the development of Brickell
   View Terrace, a new apartment development intended to serve low-income individuals and
   families in the West Brickell area of downtown Miami, Florida.

6. Petitioner previously requested and received a waiver from the Corporation,
   permitting the increase of the total number of units in the Development from 100 (as contained
   in its Universal Application) to up to 154, and to decrease the Total Set-Aside Percentage from
   100% (as indicated in its Universal Application) to approximately 65%.

7. The requested rule waiver will not adversely affect the Development. However, a
   denial of this Petition (a) will result in substantial economic hardship to Petitioner, (b) could
   deprive the City of Miami and Miami-Dade County of essential, affordable housing units in a
   timely manner, and (c) would violate principles of fairness. Section 120.542(2), Fla. Stat.
   (2012).

8. The waiver being sought is permanent in nature.

THE RULES FROM WHICH WAIVER IS SOUGHT

9. Petitioner requests a waiver from Rule 67-48.004(14)(i) and (j), Florida
   Administrative Code. Specifically, Petitioner is requesting an increase in the total number of
   units from 154 to 176 and a decrease in the Total Set-Aside Percentage from approximately 65%
   to approximately 56.82%. Petitioner’s Universal Application was originally for 100 low-income
   units; the petition for waiver previously approved by the Corporation permitted the increase to
   154 units in total and the decrease in Total Set-Aside Percentage from 100% (as indicated in
   Petitioner’s Universal Application) to approximately 65%. As was the case with Petitioner’s
   prior petition for waiver, Petitioner will maintain the total number of “low-income units” at 100,
and is increasing the number of units which will be available for non-income restricted work-force housing ("Work Force Housing") from 54 units to 76 units.

Rule 67-48.004(14) provides, in relevant part, as follows:

“(14) Notwithstanding any other provision of these rules, there are certain items that must be included in the Application and cannot be revised, corrected or supplemented after the Application Deadline. Failure to submit these items in the Application at the time of the Application Deadline shall result in rejection of the Application without opportunity to submit additional information. Any attempted changes to these items will not be accepted. Those items are as follows:

(i) Total number of units; notwithstanding the foregoing, for the SAIL and HC Programs the total number of units may be increased after the Applicant has been invited to enter credit underwriting, subject to written request of an Applicant to Corporation staff and approval of the Corporation;

(j) With regard to the SAIL and HC Programs, the Total Set-Aside Percentage as stated in the last row of the total set-aside break-down chart for the program(s) applied for in the Set-Aside Commitment section of the Application.”

Rules 67-48.004(14)(i) and (j), FAC.

STATUTES IMPLEMENTED BY THE RULES

10. The Rules are implementing, among other sections of the Florida Housing Finance Corporation Act, the statute that created the HC Program. See Section 420.5099, Florida Statutes.

PETITIONER REQUESTS A WAIVER FROM THE RULES FOR THE FOLLOWING REASONS

11. Petitioner requests a waiver from Rule 67-48.004(14)(i) and (j). Florida Administrative Code. Petitioner is seeking a waiver from the Rule allowing it to increase the total number of units from 154 to 176, and to decrease the Total Set-Aside Percentage from approximately 65% to approximately 56.82%.

12. The following facts demonstrate the economic hardship and other circumstances which justify Petitioner’s request for waiver:

a. Petitioner timely submitted its Universal Application to the Corporation for its Housing Credit program, for 100 low-income tax credit housing units, with the Total Set-Aside Percentage of 100%, and received a preliminary allocation of 2011 Housing Credits.

b. Pursuant to applicable zoning for the area in which the Development is located, up to twenty-two (22) additional units can be added to the Development, for a total of 176 units.
c. Local government has urged Petitioner to take full advantage of governmental zoning by providing an additional number of housing units.

d. An increase in the number of residential units will allow Petitioner to provide a mixed-income Development with both affordable housing and Work Force Housing.

e. The additional Work Force Housing units will, however, result in a corresponding decrease in the Total Set-Aside Percentage provided for in the Universal Application.

f. The Development is located directly across from the Brickell Metro Rail Station in the rapidly expanding West Brickell section of downtown Miami, Florida. Vacancy rates are at historically low levels in this area, and the rental market for affordable and Work Force Housing units is significantly underserved. Petitioner’s Development offers a unique opportunity to utilize its immediate proximity to the Brickell Metro Rail Station, by offering housing both to “low income” persons and families and persons in need of Work Force Housing. Grant of the requested waiver will not change in any way the number or quality of affordable housing units referenced in Petitioner’s application, and would augment the proposed Development by permitting a unique mixed-income housing opportunity.

g. A denial of the requested waiver would result in a substantial economic hardship for Petitioner, as a consequence of lower rental revenues, and lower economies of scale, i.e., spreading fixed costs over twenty-two (22) additional units. More significantly, up to 22 families would be deprived of the opportunity to obtain essential Work Force Housing.

h. Petitioner has previously requested (and the Corporation has previously agreed) to increase the total number of units from 100 to 154 and to decrease the Total Set-Aside Percentage from 100% to approximately 65%. The waiver requested herein will not result in any decrease in number of “low-income units”, but rather will only increase the total number of units to provide for additional non-low-income Work Force Housing Units.

13. A waiver of the Rule’s restriction against increasing the total number of units and changing the Total Set-Aside Percentage from Petitioner’s Universal Application would serve the purposes of Section 420.5087, and the Act as a whole, because one of the Act’s primary purposes is to facilitate the availability of decent, safe and sanitary housing in the State of Florida to low-income persons and households, and would provide the additional benefit of meeting the critical need for mixed-income developments with Work Force Housing units.

14. By granting the waiver and permitting Petitioner to decrease the total Set-Aside Percentage, the Corporation would recognize the economic realities of developing affordable rental housing by encouraging the development of mixed-income housing projects, particularly in an area (proximate to a Metro Rail Station) uniquely suited to a mixed-income housing project, and enabling developers to meet the needs of both low-income families and families in dire need of Work Force Housing. This recognition would promote participation by owners such
as Petitioner in meeting the Act's purpose of providing affordable housing in an economical and efficient manner.

ACTION REQUESTED

Petitioner requests the following:

(a) That the Corporation grant Petitioner a waiver from Rule 67-48.004(14)(i) and (j), Florida Administrative Code, allowing it to decrease the Total Set-Aside Percentage from approximately 65% to approximately 56.82% and to increase the total number of units from 154 to up to 176;

(b) Grant the Petition and all the relief requested therein; and

(c) Grant such further relief as may be deemed appropriate.
