2. Confidentiality

a. If the Contractor asserts that any information or materials intended to be delivered or provided under this Contract constitute a trade secret, or are otherwise confidential or exempt from the public records disclosure requirements of Florida's Public Records Law, such assertion must be made in writing to Florida Housing's Contracts Administrator upon submitting them to Florida Housing and must identify the specific statutory exemption or other legal authority under Florida Law that the Contractor contends makes the information confidential or exempt from disclosure. Contractor's marking or assertion of confidentiality is not determinative of whether the information is confidential or exempt under Florida law.

b. It is the Contractor's obligation and responsibility to maintain the secrecy of trade secrets and the confidentiality of other confidential information by adequately marking such materials as confidential or exempt before forwarding such information or materials to Florida Housing. It shall be the responsibility of the Contractor to defend the confidentiality of such materials, if necessary.

c. In the case of work product furnished to Florida Housing pursuant to this Contract that is confidential, the Contractor will treat such materials as confidential and will not reveal or discuss such materials or any other information obtained in connection with this Contract with any other person or entity, except as authorized or directed by Florida Housing.

d. Florida Housing's records, copies, internal documents, procedures, methods and related materials considered confidential and/or proprietary shall be treated as confidential and/or proprietary and shall not be revealed or discussed with any other person or entity, except as authorized or directed by Florida Housing. All such records and materials will remain the property of Florida Housing.

f. Contractor will not disclose any of Florida Housing's confidential, proprietary, or privileged information to any person or party, unless Florida Housing authorizes Contractor to do so, it is published or released by Florida Housing, it becomes publicly known or available other than through disclosure by Contractor, or disclosure is required by law, regulation or professional standard. This confidentiality provision does not prohibit Contractor from disclosing Florida Housing's information to one or more of Contractor's affiliated companies subject to the requirements of this Contract in order to provide services that Florida Housing has requested from Contractor or from any such affiliated company. Any such affiliated company shall be subject to the same restrictions on the use and disclosure of Florida Housing's information as apply to Contractor. Contractor may disclose information regarding the nature of services Contractor provides to Florida Housing to another independent network member of CLA Global, for the limited purpose of complying with professional obligations regarding independence and conflicts of interest, provided that such disclosure remains subject to the confidentiality requirements of this Contract.

g. The workpapers and files supporting the services Contractor performs are the sole and exclusive property of Contractor and constitute confidential and proprietary information. Contractor does not provide access to its workpapers and files to Florida Housing or anyone else in the normal course of business, except as required by Exhibit A, applicable law, regulation, or professional standards. Unless required by law or regulation to the contrary, Contractor retains its workpapers and files in accordance with its record retention policy that typically provides for a retention period of seven years. After this period expires, Contractor's workpapers and files will be destroyed. The workpapers and files of Contractor are not a substitute for Florida Housing's records. Pursuant to authority given by law, regulation or professional standards Contractor may be requested to make certain

workpapers and files available to a regulator for its regulatory oversight purposes. Contractor will notify Florida Housing of any such request, if permitted by law. Access to the requested workpapers and files will be provided to the regulator under the supervision of Contractor personnel and at a location designated by Contractor. Furthermore, upon request, Contractor may provide copies of selected workpapers and files to such regulator. The regulator may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

h. Contractor regularly aggregates anonymized client data and performs a variety of analyses using that aggregated data. Some of these analyses are published to clients or released publicly. However, Contractor is always careful to preserve the confidentiality of the separate information that Contractor obtains from each client, as required by the AICPA Code of Professional Conduct and various laws. Any use of Florida Housing information for such purposes shall be subject to the prior written consent requirements of Section N.2.

i. Contractor may, at times, use third-party software applications to perform services under this Agreement. Any access by a software vendor to Florida Housing data shall be subject to the requirements of Section N.

3. Copyright, Patent and Trademark

a. If the Contractor brings to the performance of this Contract a pre-existing copyright, patent or trademark, the Contractor shall retain all rights and entitlements to that pre-existing copyright, patent or trademark unless the Contract provides otherwise.

b. If any discovery or invention arises or is developed in the course of or as a direct result of work or services performed under this Contract, the Contractor shall refer the discovery or invention to Florida Housing for a determination whether patent protection will be sought in the name of Florida Housing. Any and all patent rights accruing under or in connection with the performance of this Contract are hereby reserved to Florida Housing. In the event that any books, manuals, films, or other copyrightable material are produced, the Contractor shall notify Florida Housing in writing. Any and all copyrights or trademarks created by or in direct connection with the performance under this Contract are hereby reserved to Florida Housing.

c. All subcontracts or other arrangements entered into by the Contractor, with prior written approval and consent of Florida Housing, for the purpose of developing or procuring copyrightable materials (e.g., audiovisuals, computer programs, software, publications, curricula, research materials or training materials, etc.) shall specifically reference and reserve Florida Housing's exclusive rights to use and exploit copyrights and licenses to the extent permitted by copyright law and Florida Statutes.

Contractor's professional audit workpapers are governed by subsection 2(g).

b. Retaining the Files: The Contractor shall maintain these files for five years after the fiscal year in which the files become inactive, except that, if any litigation, claim or audit is commenced with respect to the transactions documented by such files before the end of the aforementioned five-year period and extends beyond the expiration of the five-year period, these files will be retained until all litigation, claims, or audit findings involving the files have been resolved.

c. Access to the Files: Upon reasonable notice, the Contractor and its employees shall allow Florida Housing or its agent(s) access to its files during normal business hours, 9:00 a.m. to 5:00 p.m., Monday through Friday, provided such day is not a holiday.

d. Return of the Files: In the event this Contract is terminated, all finished or unfinished documents, data, studies, computer files, correspondence, and other products prepared by or for the Contractor under this Contract shall be submitted to Florida Housing within 15 days of such termination at the expense of the Contractor.

M. PERSONALLY IDENTIFIABLE INFORMATION (PII); SECURITY

The laws of the State of Florida, including the State Cybersecurity Act, s. 282.318, F.S. and Florida Cybersecurity Standards, Chapter 60GG-2, F.A.C. (collectively, "Florida Law") and the Gramm-Leach-Bliley Act of 1999 (15 U.S.C. § 6801 et seq.) and the regulations promulgated thereunder, including, without limitation, the Interagency Guidelines Establishing Standards for Safeguarding Customer Information (collectively, the "Act"), impose various requirements regarding consumer privacy as well as the confidentiality, integrity, and accuracy of consumer information. Notwithstanding anything contained herein to the contrary, the provisions and requirements of this section shall only apply if and when the Contractor and its employees and/or agents may have access to certain confidential information of Florida Housing and nonpublic personal information pertaining to the customers of Florida Housing.

1. Definitions.

For the purposes of this section:

a. "Customer Data" means any and all data and information of any kind or nature submitted to Contractor by Florida Housing, or received by Contractor on behalf of Florida Housing, related to a natural person. Customer Data includes but is not limited to "nonpublic personal information" (as defined in the Act) necessary for Contractor to provide the Services, as well as "personal information" or "nonpublic information" as defined under Florida Law. Florida Housing shall remain the sole and exclusive owner of all Customer Data, regardless of whether such data is maintained on paper, magnetic tape, magnetic disk, personal computing devices (including but not limited to computers, tablets, smartphones, etc.), cloud computing systems maintained by Contractor or others on service provider's behalf, or any other storage or processing device.

b. "Confidential Information" shall mean all information designated by Florida Housing as confidential, including all Customer Data, and all information or data, whether marked or designated as confidential, concerning or related to Florida Housing's products, (including the discovery, invention, research, improvement, development, manufacture, or sale thereof), processes, or general business operations (including sales costs, profits, pricing methods, organization, and employee lists), and any information obtained through access to any of Florida Housing's information systems, including, without limitation, networks, network services, computers, computer systems and communications systems (collectively, the "Information Systems"), which, if not otherwise described above, is of such a nature that a reasonable person would believe it to be confidential or proprietary. Confidential Information, other than Customer Data (which shall always remain confidential), shall not include: (a) information which is or becomes publicly available (other than by Contractor or such other party having the obligation of confidentiality) without breach of this Contract; (b) information independently developed by Contractor; or (c) information received from a third party not under a confidentiality obligation to Florida Housing.

2. Use of Confidential Information. Contractor shall not use, retain, copy, sell, transfer, publish, disclose, display, mine, analyze, train artificial intelligence or machine-learning models with, or otherwise make any of Florida Housing's Confidential Information available to any third party without the prior written consent of Florida Housing. Contractor shall hold the Confidential Information in confidence and shall not disclose or use such Confidential Information other than for the purposes contemplated by the Contract or in compliance with the requirements set forth in the Act, and/or Florida Law, and Contractor shall instruct all of its directors, officers, employees, agents, contractors and financial, legal and other advisors to whom it provides the Confidential Information (the "Representatives") to use the same care and discretion with respect to the Confidential Information that Contractor requires with respect to its own most confidential information, but in no event less than a reasonable standard of care, including the utilization of security devices or procedures designed to prevent unauthorized access to and processing of the Confidential Information. Contractor shall instruct its Representatives of its confidentiality obligations hereunder and not to attempt to circumvent any such security procedures and devices.

Additionally, Contractor shall require that each of its Representatives agree to all of the same restrictions and conditions concerning Confidential Information to which Contractor is bound in this Contract. All Confidential Information shall be distributed only to persons having a need to know such information to perform their duties in conjunction with the Contract. Unless otherwise agreed in writing, the obligations set forth in this section shall continue perpetually and survive the termination or expiration of the Contract for any reason. Further, upon request by Florida Housing or upon termination of the Contract, Contractor shall deliver to Florida Housing any Confidential Information in its possession in a commercially reasonable, usable, and mutually agreed format and destroy any copies of Confidential Information in Contractor's files, unless otherwise required under operation of law. Contractor shall certify such destruction in writing upon request by Florida Housing.

3. Access to Information Systems. Access, if any, to Florida Housing's Information Systems is granted solely to perform the Services under the Contract and is limited to those specific Information Systems, time periods and personnel as are separately agreed to by Florida Housing and Contractor from time to time. Florida Housing may require the Representatives to sign individual agreements prior to accessing Florida Housing's Information Systems. Use of Florida Housing's Information Systems during other time periods or by individuals not authorized by Florida Housing is expressly prohibited. Access is subject to Florida Housing business control and information protection policies, standards and guidelines as may be modified from time to time. Use of any other of Florida Housing's Information Systems is expressly prohibited. This prohibition applies even when an Information System that Contractor is authorized to access serves as a gateway to other Information Systems outside Contractor's scope of authorization. Contractor agrees to access Information Systems only from specific locations approved for access by Florida Housing. For access outside of Florida Housing's premises, Florida Housing may designate the specific network connections to be used to access Information Systems.

4. Information Security. Contractor shall be responsible for establishing and maintaining an information security program (the "Information Security Program") designed to satisfy all objectives set forth in the Act and Florida Law. The Contractor shall take full responsibility for the security of all Confidential Information in its possession or in the possession of its approved subcontractors and shall hold Florida Housing harmless for any damages or liabilities resulting from the unauthorized disclosure, processing, or loss thereof. At a minimum, Contractor agrees:

a. To implement appropriate technical and organizational measures, including a network firewall and maintaining secure environments that are patched and up-to-date with all appropriate security updates as designated by a relevant authority, to protect Confidential Information against (i) accidental or unlawful destruction or loss, (ii) unauthorized disclosure, access, processing and exfiltration, or theft, in particular where processing involves the transmission of Confidential Information over a network, (iii) alteration, and (iv) all misuse;

b. To implement appropriate procedures to ensure that (i) unauthorized persons will not have access to the data processing equipment used to process the Confidential Information, (ii) any persons it authorizes to have access to the Confidential Information will respect and maintain the confidentiality and security of the Confidential Information, and (iii) the measures and procedures that it uses will be sufficient to comply with all legal requirements applicable to both Florida Housing and Contractor;

c. To provide for the security of such PII, including, without limitation, non-disclosure, use of appropriate technology, security practices, computer access security, data access security, data storage encryption, data transmission encryption, security inspections and audits;

d. To ensure the transmission or exchange of Confidential Information with Florida Housing and/or any other parties shall take place via secure Advanced Encryption Standards (AES), e.g., HTTPS, FTPS, SFTP or equivalent means. All data stored as a part of backup and recovery processes shall be encrypted, using AES;

e. To appropriately destroy Confidential Information based on the format stored upon the expiration of any applicable retention schedules; and

f. To discipline employees that violate the Information Security Program.

5. Information Security Program Monitoring. Upon written request of Florida Housing, Contractor shall provide Florida Housing with copies of, or reasonable access to, summaries, executive summaries, penetration test summaries, vulnerability assessment summaries, disaster recovery test summaries, business continuity test summaries, and other internal or third-party security audit materials reasonably requested by Florida Housing, subject to reasonable confidentiality protections, to confirm that Contractor is satisfying its obligations under this Contract, the Act, and Florida Law. Further, during the term of this Contract, the following monitoring is required at Contractor's expense:

a. Contractor will provide Florida Housing annual written assurances that Contractor's Information Security Program continues to meet the requirements of this Contract.

b. Contractor will provide Florida Housing, on an annual basis, copies of, or reasonable access to, available summaries or executive summaries of third-party audits relating to Contractor's internal controls to protect Confidential Information, Contractor's Information Security Program, and Contractor's business continuity and disaster recovery programs, if available. Contractor will also respond to reasonable security and information technology inquiries and questionnaires from Florida Housing.

c. To the extent any report or summary provided pursuant to this section identifies material exceptions or deficiencies, Contractor shall provide Florida Housing with Contractor's management response, together with appropriate target dates for completion of required or planned changes. In the event Florida Housing's review of any of the above information or audit materials raises issues concerning Contractor's continued compliance with this Contract or the requirements set forth in the Act and/or Florida Law, Florida Housing shall give written notice to Contractor of such issues. Within 30 days from the date of Florida Housing's initial written notification to Contractor, the parties shall agree upon a date by which the issues will be resolved. The parties will use their best efforts to resolve the issues, correct any problem, or make appropriate changes to the Contract that do not materially alter the original obligations of the parties. In the event such issues are not resolved before the agreed upon date, the Contract, at Florida Housing's sole option, may be terminated, and any advance payments of fees under the Contract will be prorated as of the termination date and promptly returned by Contractor to Florida Housing. No termination penalty shall be paid by either party.

6. Unauthorized Disclosure. Contractor shall (a) notify Florida Housing without unreasonable delay, and in no event later than twenty-four (24) hours after discovery, of any actual or suspected unauthorized access to, processing, use, or disclosure of the Confidential Information not authorized by the terms of this Contract, provided that the initial notice may be preliminary and supplemented as additional information becomes available, (b) estimate the disclosure's effect on consumers, Florida Housing, and the confidentiality, integrity, and availability of the Confidential Information, including the date(s) and number of records affected by unauthorized access or processing of Confidential Information, (c) reasonably comply with Florida Housing's requests for assistance in responding to such incident, (d) specify all timelines and corrective actions taken or planned to be taken by Contractor to address this incident and prevent future similar incidents, and (e) otherwise abide by provisions set forth in s. 501.171, F.S. The Contractor shall not provide notice to affected individuals, regulators, law enforcement, the media, or any third party regarding any incident involving Florida Housing data without Florida Housing's prior written approval, unless such notice is required by law; provided, however, that if Contractor believes any such notice is required by law, Contractor shall, to the extent legally permissible, notify Florida Housing in advance and coordinate with Florida Housing regarding the timing, content, and method of such notice. The parties mutually agree to initiate reasonable and timely changes in security procedures and requirements in the event of such unauthorized access. Upon the occurrence of any actual or suspected unauthorized access to or use or disclosure of the Confidential Information described in clause (a) above which reasonably may be anticipated to have a material adverse effect on Florida Housing's reputation or business, Florida Housing, at its sole option, may immediately terminate the Contract upon notice to Contractor, and any advance payment of fees under the Contract will be prorated as of the termination date and promptly returned by Contractor to Florida Housing. No termination penalty shall be paid by either party.

7. Regulatory Oversight. Contractor acknowledges that Florida Housing is regulated by certain regulatory authorities (the "Regulators"), that the Regulators have examination oversight over Florida Housing, and that the Regulators have authority to examine the operations performed by Contractor on behalf of Florida Housing. Contractor will cooperate fully with Florida Housing in responding to inquiries made to Florida Housing by Regulators. In the event a Regulator determines corrective measures are required to meet the requirements of the Act and/or Florida Law, Contractor and Florida Housing will use their best efforts to modify the Contract to comply with such Regulator's requirements. In the event a Regulator formally objects to the relationship between Contractor and Florida Housing and such objection cannot be remedied, the Contract shall be deemed terminated and (i) the parties will mutually agree to an orderly conversion of the Services to another provider of similar services; (ii) all payments made in advance under the Contract shall be prorated as of the termination date and promptly returned by Contractor to Florida Housing; and (iii) no termination penalty shall be paid by either party.

8. Business Resumption and Contingency Plans. SECTION FOUR
SCOPE OF SERVICES

Florida Housing was created by Ch. 420, Part V, F.S. as a public corporation. It is a discretely presented component unit of the State of Florida for financial reporting purposes.

Florida Housing issues bonds, allocates federal tax credits, and administers federal and state funded programs to finance single family and multifamily affordable housing in the State of Florida. Bonds issued by Florida Housing (other than the Guarantee Program issues, if any) are payable, both as to principal and interest, solely from the assets of the various programs which are pledged under the resolutions authorizing the particular issues. These issues do not constitute an obligation, either general or special, of Florida Housing, the State of Florida or of any local government herein.

In conjunction with the refunding of certain multifamily revenue bonds, Florida Housing and HUD signed a FAF Agreement. This refunding reduced interest rates and permitted HUD to recapture Section 8 Funds used to subsidize FAF developments financed by the bonds. HUD also made available to Florida Housing fifty percent (50%) of the net recaptured funds attributable to this refunding to provide decent, safe, and sanitary housing affordable to very-low income families or persons. Seven loans totaling approximately $5.4 million were outstanding on December 31, 2025.

In accordance with Ch. 420.507(40), F.S., Florida Housing has established subsidiary business entities for the purpose of taking title to, managing and disposing of property acquired by Florida Housing. These subsidiaries are blended component units of Florida Housing.

Florida Housing's audited financial statements are available online here.

Services to be provided by the Auditor for each fiscal year being audited shall include, but are not limited to, the following:

A. Perform an examination of Florida Housing's financial statements sufficient in scope to allow the Auditor to express its opinion that the financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and present fairly the financial position as of December 31 and the related statements of revenues, expenses, and changes in financial position and cash flows for the year then ended as required by Generally Accepted Auditing Standards (GAAS). Prepare the Independent Auditor's Report on Compliance and on Internal Control Over Financial Reporting based on an audit of financial statements performed in accordance with Government Auditing Standards (GAS). Florida Housing anticipates that all fieldwork shall be completed no later than 120 Days after year-end and that all reports shall be delivered to Florida Housing no later than 150 Days after year-end. All statements will provide for single year presentation unless otherwise instructed by Florida Housing. The statements may or may not include supplementary combining schedules as annually determined by Florida Housing. 4. The term "financial audit" as defined in Section 11.45(1)(d), F.S.

B. Florida Housing's financial statements are required to be prepared in accordance with GAAP. I. Transmit to Florida Housing in electronic format one copy of each report as specified in this section. The electronic format shall be as directed by Florida Housing. Any and all deliverables under this contract may be posted to Florida Housing's Website. Florida Housing may also, in other documents such as bond offerings, refer to the deliverables posted on the Website. No deliverable will be reproduced in another document without prior notification to the Auditor.

J. Supervise and monitor all Subcontractors, if any.

K. Perform an examination of a single family or multifamily bond issue or indenture sufficient in scope to allow the Auditor to express its opinion that the financial statements of that issue or indenture have been prepared in accordance with accounting principles generally accepted in the United States of America and present fairly the financial position as of December 31 and the related statements of revenues, expenses, and changes in net position, and cash flows for the year then ended as required by GAAS, if requested by Florida Housing.

EXHIBIT B
ENGAGEMENT LETTER

August 6, 2026

Statement of Work - Audit Services

This engagement letter constitutes a statement of work ("SOW") under Contract #061-2026, made by and between CliftonLarsonAllen LLP ("CLA," "we," "us," and "our") and Florida Housing Finance Corporation ("you," "your," or "the entity"). We are pleased to confirm our understanding of the terms and objectives of our engagement and the nature and limitations of the services CLA will provide for the entity as of and for the year ended December 31, 2026. The Contract covers annual audit services for fiscal years 2026 through 2028. Any annual engagement letter or other confirmation for fiscal years 2027 or 2028 will remain subject to the Contract and Exhibit A and will not modify the scope, fees, or other terms of the Contract unless agreed in writing pursuant to Section E of the Contract. To the extent that the language within this letter conflicts with the Contract and/or Exhibit A, the language within the Contract and/or Exhibit A shall control.

Gaby Miller, CPA, is responsible for the services provided to you. They will be assisted by Mandy L. Merchant, CPA, who is responsible for the performance of the audit engagement.

Scope of audit services
We will audit the financial statements, which collectively comprise the basic financial statements of Florida Housing Finance Corporation, and the related notes to the financial statements as of and for the year ended December 31, 2026.

The Governmental Accounting Standards Board (GASB) provides for certain required supplementary information (RSI) to accompany the entity's basic financial statements.

The RSI will be subjected to certain limited procedures but will not be audited.

We will also evaluate and report on the presentation of the supplementary information other than RSI accompanying the financial statements in relation to the financial statements as a whole.

Nonaudit services
We will also provide the following nonaudit services:

- Preparation of data collection form
- Propose adjusting journal entries for management's review and approval

Audit objectives
The objectives of our audit of the financial statements are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Our audit will be conducted in accordance with U.S. GAAS; the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) as may be amended from time to time. Those standards require us to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. Our audit will include tests of your accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express opinions and render the required reports.

We will also perform procedures to enable us to express an opinion on whether the supplementary information (as identified above) accompanying the financial statements is fairly stated, in all material respects, in relation to the financial statements as a whole.

We will apply certain limited procedures to the RSI in accordance with U.S. GAAS. However, we will not express an opinion or provide any assurance on the RSI because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. We will also perform procedures to enable us to express an opinion on whether the supplementary information (as identified above) other than RSI accompanying the financial statements is fairly stated, in all material respects, in relation to the financial statements as a whole.

The objectives of our audit also include:

- Reporting on internal control over financial reporting and on compliance with the provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with Government Auditing Standards.

- Reporting on internal control over compliance related to major programs and expressing an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Uniform Guidance.

The Government Auditing Standards report on internal control over financial reporting and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) that the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

We will issue written reports upon completion of our audit of your financial statements and compliance with requirements applicable to major programs.

Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph to our auditors' report, or if necessary, withdraw from the engagement. If our opinions on the financial statements or compliance

are other than unmodified, we will discuss the reasons with you in advance. If circumstances occur related to the condition of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial statements or material noncompliance caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming an opinion on the financial statements or an opinion on compliance, we retain the right to take any course of action permitted by professional standards, including declining to express opinions or issue reports, or withdrawing from the engagement.

We also will issue a written management letter, as required by Chapter 10.550, upon completion of our audit.

Auditor responsibilities, procedures, and limitations
We will conduct our audit in accordance with U.S. GAAS, the standards for financial audits contained in Government Auditing Standards, and the Uniform Guidance.

Those standards require that we exercise professional judgment and maintain professional skepticism throughout the planning and performance of the audit. As part of our audit, we will:

- Identify and assess the risks of material misstatement of the financial statements and material noncompliance, whether due to fraud or error, design and perform audit procedures responsive to those risks, and evaluate whether audit evidence obtained is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement or a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of the entity and its environment, including the system of internal control, relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the amounts and disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Conclude, based on our evaluation of audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

Although our audit planning has not been concluded and modifications may be made, we have identified the following significant risk(s) of material misstatement as part of our audit planning:

- Management Override

- Revenue Recognition

There is an unavoidable risk, because of the inherent limitations of an audit, together with the inherent limitations of internal control, that some material misstatements or noncompliance may not be detected, even though the audit is properly planned and performed in accordance with U.S. GAAS, Government

Auditing Standards, and the Uniform Guidance. Because we will not perform a detailed examination of all transactions, material misstatements, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity, may not be detected. Because the determination of waste and abuse is subjective, Government Auditing Standards do not require auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management and those charged with governance of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management and those charged with governance of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a single audit.

Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting fraud or errors that are material to the financial statements and to preventing and detecting misstatements resulting from noncompliance with provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Government Auditing Standards.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify deficiencies, significant deficiencies, or material weaknesses in internal control. However, we will communicate to you in writing significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we identify during the audit that are required to be communicated under AICPA professional standards, Government Auditing Standards, and the Uniform Guidance.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the entity's compliance with the provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. However, the objective of our audit will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to Government Auditing Standards.

We will include in our report on internal control over financial reporting and on compliance relevant information about any identified or suspected instances of fraud and any identified or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements that may have occurred that are required to be communicated under Government Auditing Standards.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards that may have a direct and material effect on each of the entity's major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "OMB Compliance Supplement" for the types of compliance requirements that could have a direct and

material effect on each of the entity's major programs. The purpose of these procedures will be to express an opinion on the entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

We will evaluate the presentation of the schedule of expenditures of federal awards accompanying the financial statements in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the schedule to determine whether the information complies with U.S. GAAP and the Uniform Guidance, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We will compare and reconcile the schedule to the underlying accounting records and other records used to prepare the financial statements or to the financial statements themselves.

We are also responsible for communicating certain matters in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the state of Florida. These matters will be communicated in the management letter.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Management responsibilities

Our audit will be conducted on the basis that you (management and, when appropriate, those charged with governance) acknowledge and understand that you have certain responsibilities that are fundamental to the conduct of an audit.

You are responsible for the preparation and fair presentation of the financial statements, RSI, and the schedule of expenditures of federal awards in accordance with U.S. GAAP. Management is also responsible for identifying all federal awards received, understanding and complying with the compliance requirements, and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in accordance with the requirements of the Uniform Guidance.

Management's responsibilities include the selection and application of accounting principles; recording and reflecting all transactions in the financial statements; determining the reasonableness of significant accounting estimates included in the financial statements; adjusting the financial statements to correct material misstatements; and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for 12 months beyond the financial statement date.

Management is responsible for compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs. Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are responsible for the design, implementation, and maintenance of effective internal control, including internal control over compliance, relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including evaluating and monitoring ongoing activities and safeguarding assets to help ensure that appropriate goals and

objectives are met; and that there is reasonable assurance that government programs are administered in compliance with compliance requirements.

You are responsible for the design, implementation, and maintenance of internal controls to prevent and detect fraud; assessing the risk that the financial statements may be materially misstated as a result of fraud; and for informing us about all known or suspected fraud affecting the entity involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for implementing systems designed to achieve compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; identifying and ensuring that the entity complies with applicable laws, regulations, contracts, and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; and informing us of all instances of identified or suspected noncompliance whose effects on the financial statements should be considered.

You are responsible for taking timely and appropriate steps to remedy any fraud; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or abuse that we may report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings; and to follow up and take prompt corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings should be available for our review.

You are responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, including amounts and disclosures, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters, and for the accuracy and completeness of that information (including information from within and outside of the general and subsidiary ledgers), and for ensuring management information and financial information is reliable and properly reported; (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance; (3) additional information that we may request for the purpose of the audit; and (4) unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

You agree to inform us of events occurring or facts discovered subsequent to the date of the financial statements that may affect the financial statements.

You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is fairly presented in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the

reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

Management is responsible for the preparation and fair presentation of other supplementary information in accordance with U.S. GAAP. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. You agree to provide us written representations related to the presentation of the supplementary information.

Management is responsible for providing us with written confirmation concerning representations made by you and your staff to us in connection with the audit and the presentation of the basic financial statements and RSI. During our engagement, we will request information and explanations from you regarding, among other matters, the entity's activities, internal control, future plans, specific transactions, and accounting systems and procedures. The procedures we will perform during our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the representations that we receive in the representation letter and otherwise from you. Accordingly, inaccurate, incomplete, or false representations could cause us to expend unnecessary effort or could cause a material fraud or error to go undetected by our procedures.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies to us of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the "Audit objectives" section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

Responsibilities and limitations related to nonaudit services

For all nonaudit services we may provide to you, management agrees to assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, and/or experience to understand and oversee the services; evaluate the adequacy and results of the services; and accept responsibility for the results of the services.

Management is also responsible for ensuring that your data and records are complete and that you have received sufficient information to oversee the services.

Use of financial statements

Should you decide to include or incorporate by reference these financial statements and our auditors' report(s) thereon in a future private placement or other offering of equity or debt securities, you agree that we are under no obligation to re-issue our report or provide consent for the use of our report in such a registration or offering document. We will determine, at our sole discretion, whether we will re-issue our report or provide consent for the use of our report only after we have performed the procedures we consider necessary in the circumstances. If we decide to re-issue our report or consent to the use of our report, we will be required to perform certain procedures including, but not limited to, (a) reading other information incorporated by reference in the registration statement or other offering document and (b) subsequent event procedures. These procedures will be considered an

engagement separate and distinct from our audit engagement, and we will bill you separately. If we decide to re-issue our report or consent to the use of our report, you agree that we will be included on each distribution of draft offering materials and we will receive a complete set of final documents. If we decide not to re-issue our report or decide to withhold our consent to the use of our report, you may be required to engage another firm to audit periods covered by our audit reports, and that firm will likely bill you for its services. While the successor auditor may request access to our workpapers for those periods, we are under no obligation to permit such access.

If the parties (i.e., you and CLA) agree that CLA will not be involved with your official statements related to municipal securities filings or other offering documents, we will require that any official statements or other offering documents issued by you with which we are not involved clearly indicate that CLA is not involved with the contents of such documents. Such disclosure should read as follows:

> CliftonLarsonAllen LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. CliftonLarsonAllen LLP also has not performed any procedures relating to this offering document.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website or submitted on a regulator website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in those sites or to consider the consistency of other information in the electronic site with the original document.

We may issue preliminary draft financial statements to you for your review. Any preliminary draft financial statements should not be relied on or distributed. Nothing in this section limits Florida Housing's rights under Exhibit A to post deliverables to its Website or to refer in bond offerings to deliverables posted on the Website.

Engagement administration and other matters
We understand that your employees will prepare all confirmations, account analyses, and audit schedules we request and will locate any documents or invoices selected by us for testing. A list of information we expect to need for our audit and the dates required will be provided in a separate communication.

At the conclusion of the engagement, we will complete the auditor sections of the electronic Data Collection Form SF-SAC and perform the steps to certify the Form SF-SAC and single audit reporting package. It is management's responsibility to complete the auditee sections of the Data Collection Form. We will create the single audit reporting package PDF file for submission; however, it is management's responsibility to review for completeness and accuracy and electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be electronically submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to the entity; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing confidential or sensitive information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of CLA and constitutes confidential information. However, we may be requested to make certain audit documentation available to

regulatory bodies pursuant to authority given to it by law or regulation. If requested, access to such audit documentation will be provided under the supervision of CLA's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to those regulators. The regulators may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by a regulator. If we are aware that a federal or state awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Professional standards require us to be independent with respect to you in the performance of these services. Any discussion that you have with our personnel regarding potential employment with you could impair our independence with respect to this engagement. Therefore, we request that you inform us prior to any such discussions so that we can implement appropriate safeguards to maintain our independence and objectivity. Further, any employment offers to any staff members working on this engagement without our prior knowledge may require substantial additional procedures to ensure our independence. You will be responsible for any additional costs incurred to perform these procedures only if approved in advance in writing by Florida Housing.

Our audit engagement for each fiscal year ends on delivery of our signed report. Any additional services outside the scope of Contract #061-2026 and Exhibit A that might be requested will be a separate, new engagement. The terms and conditions of that new engagement will be governed by a separate written agreement or amendment approved in accordance with Section E of the Contract.

Government Auditing Standards require that we make our most recent external peer review report publicly available. The report is posted on our website at www.CLAconnect.com/Aboutus/.

Unexpected circumstances
We will advise you if unexpected circumstances require significant additional procedures that materially increase the work required. Any related fee adjustment must be mutually agreed in writing pursuant to Section E of the Contract..

Change in accounting and auditing standards
Standard setters and regulators continue to evaluate and modify standards. Such changes may result in new or revised financial reporting and disclosure requirements or expand the nature, timing, and scope of the activities we are required to perform. To the extent that the amount of time required to provide the services described in the Contract and this Engagement Letter increases due to such changes, CLA may request a fee adjustment, but any adjustment must be mutually agreed in writing pursuant to Section E of the Contract. We will discuss such circumstances with you prior to performing the additional work.

Predecessor auditor communications
You agree to provide us permission to communicate with the predecessor auditor and to authorize the predecessor auditor to respond fully to our inquiries regarding any matters that will assist us in finalizing our engagement acceptance. You agree to authorize the predecessor to allow us to review their audit documentation, thereby providing us with information to assist us in planning and performing the engagement. You will be responsible for any fees billed by the predecessor auditor related to our review of their workpapers and our inquiries to the extent approved in advance in writing by Florida Housing.
