Petitioner, FHFC CASE NO.

v.

FLORIDA HOUSING FINANCE CORPORATION,

Respondent.

PETITION FOR WAIVER OF RULE 67-21.026(10)

Pursuant to Section 120.542, Florida Statutes, and Rule 28-104.002, Florida Administrative Code, Petitioner, Ltd., (the “Petitioner”) by and through its undersigned counsel, hereby petitions Respondent, Florida Housing Finance Corporation (“Florida Housing”) for a waiver of Rule 67-21.026(10), Florida Administrative Code (“F.A.C.”) (the “Rule”), which no longer allows for the use of a stipulated sum contract in contracting with general contractors. In support, Petitioner states as follows:

A. THE PETITIONER

1. The address, telephone, facsimile numbers and e-mail address for Petitioner and its qualified representative are:

2. The address, telephone and facsimile number and e-mail address of Petitioner’s counsel is:
B. **THE RULE FROM WHICH WAIVER IS REQUESTED**

3. Petitioner requests a waiver of Rule 67-21.026(10), F.A.C. (2015), which provides:

   The Corporation’s assigned Credit Underwriter shall require a guaranteed maximum price construction contract, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant’s sole expense, and review a pre-construction analysis for all new construction units or a physical needs assessment for rehabilitation units and review the Development’s costs.

C. **STATUTE IMPLEMENTED BY THE RULE**

D. **JUSTIFICATION FOR GRANTING WAIVER OF THE RULE AND REASONS THE WAIVER WOULD SERVE THE PURPOSES OF THE UNDERLYING STATUTE**

5. In December 2014, Petitioner acquired and began constructing a 117-unit development in Miami-Dade County known as Villa Capri II (the “Project”). The financing included tax-exempt bond financing from the local bond issuer in Miami-Dade County. In October 2015, Petitioner submitted a non-competitive application for the allocation of four percent low-income housing tax credits, in connection with which it must provide a cost certification in support of its
final tax credit allocation. The Project has no subsidy from the Florida Housing Finance Corporation.

6. In the course of the cost certification process, Florida Housing determined that Petitioner utilized a stipulated sum contract, as opposed to a Guaranteed Maximum Price Construction Contract.

7. Petitioner entered into the stipulated sum contract on May 28, 2014 (the “Stipulated Sum Contract”). At that time, Rule 67-21.026(10), F.A.C., read: “The Corporation’s assigned Credit Underwriter shall require a guaranteed maximum price or stipulated sum construction contract, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant’s sole expense, and review a pre-construction analysis for all new construction units or a physical needs assessment for rehabilitation units and review the Development’s costs.”

8. After execution of the Stipulated Sum Contract, Rule 67-21.026(10), F.A.C., was revised to require a guaranteed maximum price contract as opposed to, alternatively, also allowing the use of a Stipulated Sum Contract. Villa Capri II applied for non-competitive credits on October 30, 2015, after the Rule 67-21.026(10), F.A.C. was revised.

9. The work contracted for under the Stipulated Sum Contract has been completed, rendering it impossible to retroactively having the work performed under a guaranteed maximum price contract. All construction under the Stipulated Sum Contract was completed in accordance with the Plans and Specifications and approved by all stakeholders (i.e., the lenders, investor, underwriter and County).

10. Because the Stipulated Sum Contract complied with the Rule at the time of execution, and because the work thereunder has already been completed, Petitioner respectfully requests a waiver of the Rule.
11. Under Section 120.542(1), Fla. Stat., and Chapter 28-104, F.A.C., Florida Housing has the authority to grant waivers to its rule requirements when strict application of the rules would lead to unreasonable, unfair and unintended consequences, in particular instances. Waivers shall be granted when the person who is subject to the rules demonstrates that the application of the rules would: (1) create a substantial hardship or, violate principles of fairness,\(^1\) and (2) the purpose of the underlying statute has been or will be achieved by other means by the person. § 120.542(2), Fla. Stat. (2017).

12. In this instance, Petitioner meets the standards for a waiver of the Rule. The requested waiver will not adversely impact the Project or Florida Housing and will ensure that 117 affordable housing units will be preserved and made available for the target population in Miami-Dade County, Florida. The strict application of the Rule will create substantial hardship for Petitioner because the work contemplated by the Stipulated Sum Contract has already been completed. If the requested waiver is denied, Petitioner would have to incur the cost of undoing the work provided for under the Stipulated Sum Contract and entering into a new guaranteed maximum price contract. Avoiding this unnecessary cost would ensure the housing costs at the Project are as low as possible. The waiver will therefore serve the purposes of the Statute and the Act, because one of the Act’s primary purposes is to facilitate the availability of decent, safe and sanitary low-cost housing in the State.

13. Rule 67-21.026(12) (b) provides: “The General Contractor’s fee shall be limited to a maximum of 14 percent of the actual construction costs.” The General Contractor has acknowledged and agreed that notwithstanding anything to the contrary in the Stipulated Sum Contract or the documents related to the Stipulated Sum Contract, that its fee shall be limited to the amount permitted under Rule 67-21.026(12) (b), F.A.C. See Affidavit attached hereto as Exhibit “A.”
14. The purpose of Rule 67-21.026(1) has been met because, as stated in Exhibit A, no cost savings were or will be billed/paid under the construction contract, and the General Contractor Fee will be limited to the maximum 14%. The General Contractor will not be paid more under the stipulated sum contract than if it had performed the work under a guaranteed maximum price contract. The cost that have been billed/paid are the actual costs incurred plus a fee.

15. As mentioned above, the requested waiver serves the purpose of the Statute because one of the primary goals of the Statute is to facilitate the availability of decent, safe, and sanitary housing in the State for low-income households. By granting this waiver, Florida Housing would recognize the goal of increasing the supply of affordable housing to persons of low-income, and recognizing the economic realities and principles of fundamental fairness in developing affordable rental housing. See § 420.5099(2), Fla. Stat. (2017).

E. **WAIVER IS PERMANENT**

16. The waiver being sought is permanent in nature.

F. **ACTIONS REQUESTED**

17. For the reasons set forth herein, Petitioner respectfully requests Florida Housing: (i) grant the requested waiver of the Rule and approve the use of the aforesaid Stipulated Sum Contract; (ii) grant this Petition and all of the relief requested herein; and (iii) grant such further relief as it may deem appropriate.

18.

\[1\] Substantial hardship" means a demonstrated economic, technological, legal, or other type of hardship to the person requesting the variance or waiver. For purposes of this section, "principles of fairness" are violated when the literal application of a rule affects a particular person in a manner significantly different from the way it affects other similarly situated persons who are subject to the rule. § 120.542(2), Fla. Stat. (2017).
