

REQUEST FOR APPLICATIONS 2015-103

**RFA 2015-103 - HOUSING CREDIT FINANCING TO PROVIDE AFFORDABLE
MULTIFAMILY RENTAL HOUSING THAT IS A PART OF LOCAL
REVITALIZATION INITIATIVES**

Issued By:

FLORIDA HOUSING FINANCE CORPORATION

Issued: _____

Due: _____

SECTION ONE INTRODUCTION

Florida Housing Finance Corporation (the Corporation) is authorized by section 420.507(48), F.S., to use up to 5 percent of its annual allocation of low-income housing tax credits (Housing Credits) in a competitive solicitation to finance high-priority affordable housing developments, as determined by the Corporation. Under this Request for Applications (RFA), the Corporation expects to offer an estimated \$2,300,000 of Housing Credits, as well as State Apartment Incentive Loan (SAIL) Program income as gap financing, for affordable, multifamily rental housing that is part of a broader neighborhood or local community revitalization effort. The Corporation is seeking applications for new construction, redevelopment or rehabilitation of Family or Elderly (non-Assisted Living Facility) properties in areas where a Local Government is implementing a planned initiative in partnership with private and other public stakeholders to invest funding and other resources to rejuvenate the area. This RFA includes an incentive for Applicants to commit to provide mixed-income units.

Due to recent RFAs targeting funding exclusively to Public Housing Authorities (i.e., PHAs established pursuant to Chapter 421, F.S.), under this RFA the Corporation has a goal to fund one (1) Application where a PHA is not a Principal of either the Applicant entity or the Developer entity.

The Corporation is soliciting applications from qualified Applicants that commit to provide housing in accordance with the terms and conditions of this RFA, inclusive of Exhibits A, B, and C, Rule Chapters 67-48 and 67-60, F.A.C., applicable laws and regulations, and the Corporation's generally applicable construction and financial standards.

SECTION TWO DEFINITIONS

For purposes of this document, capitalized terms within this RFA shall have the meaning as set forth below, in Rule Chapters 67-48 and 67-60, F.A.C., or in applicable federal regulations.

If the experience of a Principal for a Developer entity listed in this Application was acquired from a previous affordable housing Developer entity, the Principal must have also been a Principal of that previous Developer entity as the term Principal was defined by the Corporation at that time.

If the experience of a Principal for a Developer entity listed in this Application was acquired from a previous affordable housing Developer entity, the Principal must have also been a Principal of that previous Developer entity as the term Principal was defined by the Corporation at that time. The Applicant should describe: (1) the Developer’s experience and role in working with Local Governments and other revitalization partners throughout the development process to respond to community needs and objectives in the completion of these developments; and (2) the Developer’s and/or Management Company’s experience and approach in the day-to-day management of these developments to ensure that they are an integral part of sustaining the changes being brought to the area being revitalized. c. Development Category / Rental Assistance (RA) Level / Concrete Construction:

(1) Development Category:

At question 5.c.(1) of Exhibit A, the Applicant must indicate the applicable Development Category that describes the proposed Development:

- New Construction (where 50% or more of the units are new construction)
- Rehabilitation (where less than 50% of the units are new construction)
- Acquisition and Rehabilitation (acquisition and less than 50% of the units are new construction)

In order to determine the proposed Development's eligibility for the selected Development Category and its Rental Assistance (RA) Level classification (calculated as outlined in (2) below), the information and documentation outlined in (a) and/or (b) below must be provided, as applicable.

(a) To qualify for the Development Category of Rehabilitation or Acquisition and Rehabilitation the Applicant must indicate, at question 5.c.(3)(a) of Exhibit A, the estimated qualified basis in Rehabilitation expenses per set aside unit within one 24-month period for the building(s) being rehabilitated. This amount must be at least \$25,000 per set-aside unit as outlined in Section 67-48.0075, F.A.C.; and

(b) In order for Applications with the Development Category of New Construction, Rehabilitation or Acquisition and Rehabilitation to be classified as an RA Level other than RA Level 6, the Applicant must provide, as **Attachment 8** to Exhibit A, a letter from a designated administrator of a federal program that provides long-term rental assistance. The rental assistance provided must be tied to the proposed Development and its units and be for a minimum of 20 years from the date the Development's units are placed in service.* The letter must include the following information and be dated within 12 months of the Application Deadline:

- Name of the proposed Development;
- Address of the proposed Development;
- Total number of units that will receive PBRA, ACC, and/or other form of long-term rental assistance if the proposed Development is funded;
- The federal program associated with the rental assistance; and
- A statement that the committed rental assistance will be reserved and available for use by the proposed Development by the time the units are placed in service and committed for a minimum of 20 years upon the units being placed in service.*

* This may be subject to congressional appropriation and continuation of the rental assistance program. For developments documenting the commitment of RD rental assistance, the minimum 20-year commitment term from the date the Development's units are placed in service is not applicable.

If the referenced letter is not provided, or if it is provided but it does not meet the criteria outlined above, the proposed Development will automatically be deemed to be RA Level 6.

If the proposed Development consists of acquisition and rehabilitation, with or without new construction (where the applicable new construction is for the building of units which will total less than 50 percent of the proposed Development's total unit count), but the Applicant is not requesting Corporation funding related to the acquisition, the Applicant should select Rehabilitation as the Development Category. However, the acquisition costs and sources must still be reflected on the Development Cost pro forma.

(2) Rental Assistance (RA) Level Classification:

Part of the criteria for a proposed Development that qualifies as a Limited Development Area (LDA) Development to be eligible to be considered for funding is based on meeting a minimum RA Level, as outlined at Section Four A.6.c. of the RFA.

The total number of units that will receive rental assistance (i.e., PBRA and/or ACC), as stated in the applicable letter (outlined in (1)(b) above), will be considered to be the proposed Development's RA units and will be the basis of the Applicant's RA Level Classification. The Corporation will divide the RA units stated in the applicable letter by the total units stated by the Applicant at question 5.e. of Exhibit A, resulting in a Percentage of Total Units that are RA units. Using the Rental Assistance Level Classification Chart below, the Corporation will determine the RA Level associated with both the Percentage of Total Units and the RA units. The best rating of these two (2) levels will be assigned as the Application's RA Level Classification.

Rental Assistance Level Classification Chart			
Rental Assistance Level	Percentage of Total Units with Rental Assistance		Number of RA Units
Level 1	All units receive rental assistance (with the exception of up to 2 units)	or	At least 100 units and greater than 50% of the total units
Level 2	Greater than 90.00%	or	Greater than 90 units but less than 100 units and greater than 50% of the total units
Level 3	Greater than 75.00%, equal to or less than 90.00%	or	Greater than 75 units but less than 90 units and greater than 50% of the total units
Level 4	Greater than 50.00%, equal to or less than 75.00%	or	N/A
Level 5	Greater than 10.00%, equal to or less than 50.00%		N/A
Level 6*	10.00% or less of the total units receive rental assistance		N/A

* Applications will be classified RA Level 6 if 10.00% or less of the total units receive rental assistance or if the Applicant fails to meet the criteria outlined above.

(3) Existing Occupied Units:

All Applicants must indicate at question 5.c.(2) of Exhibit A whether any of the existing units are currently occupied. Developments that are tentatively funded will be required to provide to the Credit Underwriter a plan for relocation of existing tenants.

(4) Development Category Funding Preference:

- (a) Applicants that selected the Development Category of Rehabilitation or Acquisition and Rehabilitation at question 5.c.(1) of Exhibit A must indicate at question 5.c.(3)(b) of Exhibit A whether (i) the existing building(s) to be rehabilitated was originally built in 1995 or earlier, (ii) the existing building(s) was either originally financed or is currently financed through one or more of the following HUD or RD programs: sections 202, 236, 514, 515, 516, 811, or either has PBRA or is public housing assisted through ACC, and (iii) the proposed Development did not close on funding from HUD or RD after 1995 where the budget was at least \$10,000 per unit for rehabilitation in any year.

Applications that reflect an answer of “No” at question 5.c.(3)(b) of Exhibit A will be eligible to be considered for the Development Category Funding Preference outlined in Section Four B of the RFA.

- (b) Applicants that selected the Development Category of New Construction at question 5.c.(1) of Exhibit A will automatically be eligible to be considered for the Development Category Funding Preference.

(5) Concrete Construction:

For purposes of this RFA, in order for a proposed Development to be considered to be concrete construction, the proposed Development must meet the following specifications: (i) new construction buildings must have the following poured concrete or concrete masonry elements or load bearing masonry elements, as verified by a capital needs assessment: all exterior walls and structural elements, not to include roofs; and structural elements at and under the ground floor, as well as the ground floor itself; (ii) existing buildings proposed for rehabilitation must have, as of Application Deadline, the elements outlined in (i) above and the rehabilitation work must include these elements; or (iii) new construction buildings with the Mid-Rise Development Type (4, 5 or 6 story, as selected by the Applicant at question 5.d. of Exhibit A) that utilize a concrete podium structure under the rental living units. These qualifying criteria specifically exclude face brick or brick veneer from qualifying as concrete construction for purposes of this RFA without the benefit of the qualifying material in (i) being utilized in the manner prescribed in (i).

Indicate whether the proposed Development meets the requirements to be considered to be concrete construction. For purposes of this RFA, the Corporation will only consider an Application to be concrete construction if the answer to question 5.c.(4) of Exhibit A is “Yes.”

(6) Number of Buildings:

At question 5.c.(5) of Exhibit A, the Applicant must state the total number of buildings with dwelling units in the proposed Development.

Note: Applications requesting SAIL funding must be for a proposed Development

consisting of 5 or more dwelling units in each residential building.

- d. State the Development Type for the proposed Development. For purposes of determining the number of stories, each floor in the building should be counted regardless of whether it will consist of retail, parking or residential. For mixed-type Developments, indicate the type that will comprise the majority of the units in the Development.

- Garden Apartments (a building comprised of 1, 2 or 3 stories, with or without an elevator)
- Townhouses
- Mid-Rise, 4-stories (a building comprised of 4 stories and each residential building must have at least one elevator)
- Mid-Rise, 5 or 6-stories (a building comprised of 5 or 6 stories and each residential building must have at least one elevator)
- High Rise (a building comprised of 7 or more stories and each residential building must have at least one elevator)

- e. Number of Units in Proposed Development:

- (1) The Applicant must state the total number of units.

Note: The proposed Development must consist of a minimum of 30 total units and, if the Elderly Demographic Commitment is selected at question 2.b. of Exhibit A, the proposed Development cannot exceed the maximum total number of units outlined in Item 1 of Exhibit C of the RFA.

6. Set-Aside Commitments:

The Application must meet the set-aside requirements of Section 42 of the IRC, as well as the Corporation's set-aside requirements that go beyond those required by Section 42 of the IRC. The set-asides must be reflected on the Total Set-Aside Breakdown Chart at question 6.b. of Exhibit A, as outlined below:

a. Minimum Set-Aside per Section 42 of the IRC:

The Applicant must elect one of the following minimum set-aside commitments:

- 20% of the units at 50% or less of the Area Median Income (AMI)
- 40% of the units at 60% or less of the AMI
- Deep rent skewing option as defined in Section 42 of the IRC, as amended

Note: Choosing the 20 percent at 50 percent AMI or less minimum set-aside will restrict ALL set-aside units at 50 percent or less of the AMI. Applicants may choose the 40 percent at 60 percent AMI or less minimum set-aside without committing to set aside any of the units at the 60 percent AMI level. For example, an Applicant may commit to set aside 40 percent at 50 percent AMI and this would also be considered 40 percent at 60 percent AMI or less.

b. Total Set-Aside Commitments per Corporation Requirements:

The Applicant must commit to set aside a total of at least 70 percent of the Development's total units at 60 percent AMI or less.

c. Limited Development Area (LDA):

(1) A proposed Development will be designated as an LDA Development if:

- (a) It is located in a County or an area of a County that has been designated by the Corporation as an LDA area, and
- (b) The Applicant selected the applicable Demographic Commitment (Elderly or Family) that is associated with the LDA area.

Applicants should use the LDA Chart set out at Item 6 of Exhibit C of the RFA to determine whether the proposed Development qualifies as an LDA Development.

- (2) For an LDA Development to be deemed eligible to be considered for funding under this RFA, it must meet all of the following conditions. An LDA Development that does not meet all of the following conditions will be ineligible to be considered for funding. The conditions are:
- (a) The Applicant demonstrated its commitment to set aside at least 30 percent of the total units as ELI Set-Aside units on the Total Set-Aside Breakdown Chart at question 6.b. of Exhibit A;
 - (b) The proposed Development is classified as RA Level 1 or RA Level 2;
 - (c) The Percentage of Total Units that will have Rental Assistance is greater than 75 percent; and
 - (d) The proposed Development consists of a total of 250 units or less. Note: the total number of units is further restricted by the Elderly Demographic provisions (outlined in Exhibit C of the RFA) if the Applicant selected the Elderly Demographic Commitment at question 2.b. of Exhibit A.
- (3) If the proposed Development is located in a county where only a portion(s) of the county is included on the LDA Chart and the proposed Development's Demographic Commitment is one of the applicable Demographic Categories on the LDA Chart, the Corporation will verify whether the Development Location Point (stated on the Surveyor Certification of Development Location Point form provided as Attachment 7 to Exhibit A) is within the boundaries of the area designated as an LDA in order to determine eligibility to be considered for funding. To make such determination, Street Atlas USA 2015, published by DeLorme, will be used. If Street Atlas USA 2015 does not recognize the Development Location Point, then the proposed Development will be deemed to be an LDA Development and must meet all of the applicable conditions outlined in (2) above to be eligible to be considered for funding.

d. ELI Set-Aside Commitments:

For purposes of the following, the requirement to set aside units for ELI Households refers to the ELI AMI level for the county where the proposed Development is located. The ELI County Chart is set out in Item 7 of Exhibit C of the RFA.

(1) Required Minimum ELI Set-Aside Commitments:

- (a) If the proposed Development does not qualify as an LDA Development as outlined in Item c. above, the Applicant must set aside at least 10 percent of the total units as ELI Set-Aside units; or
- (b) If the proposed Development qualifies as an LDA Development and meets all of the conditions outlined in Item c. above, the Applicant must set aside at least 30 percent of the total units as ELI Set-Aside units.

(2) Required ELI Units for Special Needs Households:

All proposed Developments must set aside 50 percent of the ELI Set-Aside units for Special Needs Households and develop and execute a Memorandum of Understanding

with at least one designated Special Needs Household Referral Agency for the county where the proposed Development will be located (the deadline for the MOU will be established in the Carryover Allocation Agreement). Developments financed with HUD Section 202 or HUD Section 811 are exempt from this requirement.

In addition, for properties that have a Housing Assistance Payment Contract and/or an Annual Contributions Contract with HUD, but are not HUD Section 202 or HUD Section 811, the Applicant shall establish an owner-adopted preference in the admission policies for the Development, allowing the Applicant to create a preference or limited preference specifically for individuals or families who are referred by a partnering agency. The partnering agency must be a designated Special Needs Household Referral Agency in the county where the Development is located. Following Chapter 4 of the HUD Handbook 4350.3, the Applicant is required by HUD to submit a written request to their local HUD Field Office specifying this type of preference with a full description of the preference and how it will be implemented. Such HUD approval must be demonstrated to the Corporation by the deadline established in the Carryover Allocation Agreement.

The purpose of the MOU is to establish the roles and responsibilities of the Development and Referral Agency(ies). These include roles and responsibilities regarding the Applicant notifying the lead agency that a unit is available; the lead agency referring households to apply for the set-aside unit; and the lead agency addressing the needs of the residents in the set-aside unit. At least biennially, Florida Housing shall review and evaluate the effectiveness of each party in carrying out their MOU roles and responsibilities in meeting this set-aside commitment. The Corporation may require the Applicant to terminate a MOU with a lead agency if that partnership is not effective in meeting the intent of this set-aside commitment; and execute another MOU with a new designated Special Needs Households Referral Agency. A current list of Special Needs Household Referral Agencies for each county is published on the Corporation's Website at www.floridahousing.org under Special Needs Housing, Link Initiative (also accessible by clicking [here](#)).

e. Total Set-Aside Breakdown Chart:

- (1) The Total Set-Aside Breakdown Chart must reflect all set-aside commitments (required set-asides and additional set-asides, including all required ELI set-asides) and the required total set-aside percentage at or below 60 percent of the AMI (as further outlined below).

The Applicant must complete the Total Set-Aside Breakdown Chart at question 6.b. of Exhibit A. The Applicant must indicate on the chart the percentage of residential units, stated in whole numbers, to be set aside at each selected AMI level. Applicants will be expected to keep the unit mix consistent across each committed AMI level.

- (2) Market-Rate Units Points (**5 Points**):

- (a) Proposed Developments Located in a Large County:

Points will be awarded if the Applicant commits to reserve at least 20 percent of the total units as market-rate units (i.e., the Total Set-Aside Breakdown Chart reflects a Total Set-Aside Percentage of at least 70 percent but no higher than 80 percent). If

the Applicant is awarded points, the Total Set-Aside Percentage at or below 60 percent AMI cannot be increased above 80 percent.

(b) Proposed Developments Located in a Medium or Small County:

Points will be awarded if the Applicant commits to reserve at least 10 percent of the total units as market-rate units (i.e., the Total Set-Aside Breakdown Chart reflects a Total Set-Aside Percentage of at least 70 percent but no higher than 90 percent). If the Applicant is awarded points, the Total Set-Aside Percentage at or below 60 percent AMI cannot be increased above 90 percent.

f. Affordability Period:

All Applicants are required to set aside the units for a minimum length of 50 years.

It is a Mandatory requirement that the Applicant select enough features at question 7.a.(1) of Exhibit A so that the total point value of the features selected equals at least 10. Failure of the Applicant to select at least 10 points worth of the features at question 7.a.(1) of Exhibit A will result in the Application failing to meet this Mandatory requirement.

The features which may be selected are as follows:

- Programmable thermostat in each unit (2 points)
- Humidistat in each unit (2 points)

Selection of the program will be accomplished during the credit underwriting process, as outlined in Item 2 of the Applicant Certification and Acknowledgement form. Failure of the Applicant to select “Yes” at question 7.a.(2) of Exhibit A will result in the Application failing to meet this Mandatory requirement.

b. Resident Programs:

The following resident programs commitments apply to all residents in the proposed Development and are in addition to the required resident programs outlined in Item 5 of Exhibit C of the RFA.

- (1) If the Applicant selected the Family Demographic (at question 2.a. of Exhibit A), the Applicant must provide at least three (3) of the resident programs outlined below. It is a Mandatory requirement that the Applicant select at least three (3) of the resident programs at question 7.b.(1) of Exhibit A. If the Development consists of Scattered Sites and the training is provided on site, it must be provided on the Scattered Site with the most units. If the training is not provided on-site, transportation at no cost to the resident must be provided. Electronic media, if used, must be used in conjunction with live instruction.

- (d) Family Support Coordinator – The Applicant must provide a Family Support Coordinator at no cost to the resident. The Family Support Coordinator shall assist residents in assessing needs and obtaining services, with the goal of promoting successful tenancies and helping residents achieve and maintain maximum independence and self-sufficiency. The duties of the Family Support Coordinator shall not be performed by property management staff. The Coordinator shall be on-site and available to residents at least 15 hours per week, within the hours of 9 a.m. and 8 p.m. The Coordinator may be an employee of the Development or, through an agreement, an employee of a third party agency or organization that provides these services.

8. Site Control:

The Applicant must demonstrate site control by providing, as **Attachment 15** to Exhibit A, the documentation required in Items a., b., and/or c., as indicated below. If the proposed Development consists of Scattered Sites, site control must be demonstrated for all of the Scattered Sites.

- a. Eligible Contract - For purposes of the RFA, an eligible contract is one that has a term that does not expire before September 30, 2015 or that contains extension options exercisable by the purchaser and conditioned solely upon payment of additional monies which, if exercised, would extend the term to a date that is not earlier than September 30, 2015; specifically states that the buyer's remedy for default on the part of the seller includes or is specific performance; and the buyer MUST be the Applicant unless an assignment of the eligible contract which assigns all of the buyer's rights, title and interests in the eligible contract to the Applicant, is provided. If the owner of the subject property is not a party to the eligible contract, all documents evidencing intermediate contracts, agreements, assignments, options, or conveyances of any kind between or among the owner, the Applicant, or other parties, must be provided and, if a contract, must contain the following elements of an eligible contract: (i) have a term that does not expire before September 30, 2015 or contain extension options exercisable by the purchaser and conditioned solely upon payment of additional monies which, if exercised, would extend the term to a date that is not earlier than September 30, 2015, and (ii) specifically state that the buyer's remedy for default on the part of the seller includes or is specific performance.

9. Approach Toward Income and Credit Status of Intended Households Applying for Residency (Maximum 5 points):

Pursuant to Section Four, A.6.d.(2) of the RFA, all proposed Developments must set aside 50 percent of the ELI Set-Aside units for Special Needs Households. Due to these households' low incomes, special needs and usual lack of stability in the community, they often have issues that

affect their ability to meet the income and credit requirements for residency in safe and decent rental housing. For points, the Applicant may describe any selection criteria policies or approaches that will be used by the Applicant's property management to assist in determining a prospective resident household's eligibility for tenancy that takes into consideration the household's income and credit history that normally affect their ability to lease safe and decent rental housing. The Applicant should also describe how the Applicant manages or will manage an approval for residency process that is broad and welcoming to new residents while it appropriately manages the safety of current residents and the operational success of the property.

The Applicant's description is limited to no more than three (3) typed pages within the text box at question 9 of Exhibit A. Note: Although the online Application system allows for more than three (3) pages, any portion of the description that is beyond three (3) pages will not be considered.

The Applicant may provide, as **Attachment 16** to Exhibit A, up to three (3) additional pages of appropriate exhibits, not created by the Applicant, to supplement the description(s) included in Exhibit A.

10. How the Proposed Development Aligns with Local Revitalization Initiatives (Maximum 20 Points):

To receive points under this section, the Applicant must describe any Local Government initiatives or community redevelopment plans completed and adopted by the unit of general Local Government with the authority to regulate the use of the subject site, or an instrumentality thereof (e.g., City, County, Community Redevelopment Agency). In order for the Applicant to receive points under this section, the local legislative body of the applicable Local Government entity must have adopted such plan on or before September 1, 2014, to describe plans for or initiatives in the neighborhood or broader community where the proposed Development is located. Such initiatives or plans should either target or include the proposed Development or the proposed Development should align with the initiative/plan. The Corporation is particularly interested in local initiatives such as neighborhood revitalization plans that have incorporated or specifically feature the proposed Development as part of the local plan. Such plans might include other residential and business/commercial real estate development and revitalization, infrastructure improvements, the addition or enhancement of employment opportunities, educational and recreation facilities and opportunities and health and community services, and other related activities undertaken, sponsored or encouraged by the unit of Local Government to improve the community; and might include a schedule of public financial commitments to address some or all of the components of the plan.

Applicant responses to these items will be evaluated based on the following criteria: (i) a detailed description of the local adopted plan/initiative, including: a) descriptions of improvements across key facets of the plan, b) the specific types and amounts of public investment in the area that are part of the revitalization and the purposes of these investments (executed and planned), c) examples of actions taken by the Local Government to advance the plan, and d) how private investments are being leveraged for revitalization of the area and a description of these private investments/activities; and (ii) a description of how the proposed Development assists in implementing the community initiative, aligns with public investment in the surrounding community and is an integral part of the larger community redevelopment.

The Applicant's description is limited to no more than four (4) typed pages within the text box at question 10 of Exhibit A. Note: Although the online Application system allows for more than four (4) pages, any portion of the description that is beyond four (4) pages will not be considered.

The Applicant may provide, as **Attachment 17** to Exhibit A, up to four (4) additional pages of appropriate exhibits, not created by the Applicant, to supplement the description(s) included in Exhibit A.

11. Access to Community-Based Services and Resources (Maximum 12 Points):

Resident access to a general range of services and resources in the community is critical in the revitalization of neighborhoods or communities. Applicants may be awarded points for providing a description of the services and resources that are and will be accessible to residents who will be served in the proposed Development (Families and/or Elders). Describe access and physical proximity to shopping for food, medicine, clothing and other household and personal items; childcare, youth and senior activities; education and training via public schools, universities, vocational and other schools; and recreation, parks and open spaces and cultural activities; and employment opportunities. The description should also include access to healthcare, supportive services and related resources that are easily accessible to the residents. Describe the public transportation options that will be available to residents of the proposed Development to ensure access to the described services and resources, and any partnerships the Applicant might have to assist residents with improved access. If the Applicant describes a service or resource that is not yet available, but will be in the future as part of a commitment by the Local Government or revitalization partners, specify when the new service/resource will be available. If the Development consists of Scattered Sites, the Applicant must describe how the Applicant will address access to community services for all residents on all of the Scattered Sites. In addition to the criteria outlined above, Applicant responses to these items will be evaluated based on the relevancy of this description to the demographic commitment provided at Section Four, A.2. and the proposed Development's proximity to a variety of resources that will benefit the residents' health, safety, stability, education and employment capacities, and quality of life.

The Applicant's description is limited to no more than four (4) typed pages within the text box at question 11 of Exhibit A. Note: Although the online Application system allows for more than four (4) pages, any portion of the description that is beyond four (4) pages will not be considered.

The Applicant may provide, as **Attachment 18** to Exhibit A, up to three (3) additional pages of appropriate exhibits, not created by the Applicant, to supplement the description(s) included in Exhibit A.

12. Funding:

a. Eligible Housing Credit Request Amount:

The Applicant must state the amount of Housing Credits it is requesting.

The Eligible Housing Credit Request Amount will be the amount of Housing Credit Allocation the Applicant will tentatively be awarded should the Application be selected for funding. Such Eligible Housing Credit Request Amount will be based on the lesser of (i) the Applicant's Housing Credit Request Amount (as provided by the Applicant in question 12.a. of Exhibit A) and (ii) the County Category Maximum Housing Credit Request Limit (as outlined in Item 12.a.(2) below). Any Housing Credit equity proposal provided as an attachment to the RFA must reflect the Eligible Housing Credit Request Amount, as further described in Item 12.e.(2)(a) below.

- (1) In order for the Applicant's Housing Credit Request Amount to be eligible to be greater than the limits indicated in Column A of the chart set out at Item 12.a.(2) below, the

proposed Development must qualify for the HUD High Cost Area (HCA) 30 percent boost via one of the three options outlined in Items (1)(a)(i), (1)(a)(ii), or (1)(b) below. If the Applicant intends to qualify for this higher Housing Credit Request Amount limit, it must complete the applicable questions at 12.a.(1) and (2) of Exhibit A.

(a) With regard to Housing Credits, HUD provides regulatory guidance on the effective date of Difficult Development Area (DDA) and Qualified Census Tract (QCT) lists for the purpose of determining whether a Development qualifies for an increase in eligible basis in accordance with Section 42(d)(5)(B) of the IRC.

(i) DDA –

In order to be classified as a Development located in a DDA for purposes of this RFA, as of the Application Deadline the proposed Development must be located in a HUD-designated DDA.

If located in a HUD-designated DDA, provide the requested information at question 12.a.(1)(a) of Exhibit A.

(ii) QCT –

If the proposed Development is not located in a HUD-designated DDA (as indicated by the Applicant at question 12.a.(1)(a) of Exhibit A), in order to be classified as a Development located in a QCT for purposes of this RFA, the proposed Development must be located in one of the QCTs based on the current census, as determined by HUD as of the Application Deadline, and the Applicant must provide a copy of a letter from the local planning office or census bureau verifying the Development’s location in the referenced QCT as **Attachment 19** to Exhibit A.

(b) Multi-Phase Development –

If the Applicant indicates at question 12.a.(2)(a) of Exhibit A that the proposed Development is a phase of a multiphase Development where no phase was funded with Competitive Housing Credits in a 2014 Housing Credit RFA and the proposed Development is selected for funding, the procedure and deadline for providing the required information will be included in the Carryover Allocation Agreement. For purposes of this Multi-Phase section, a 2014 Housing Credit RFA shall mean the following RFAs: RFA 2013-001, 2013-002, 2013-003, 2013-004, 2014-104, 2014-106, and 2014-107.

If the proposed Development is located in a HUD-designated DDA and/or QCT, per Item (a)(i) and/or (a)(ii) above, and it is an additional phase of a multi-phase Development where a phase was funded with Competitive Housing Credits in a 2014 Housing Credit RFA and the funding was not returned or declined, the Applicant should select question 12.a.(2)(b) of Exhibit A and provide the following information for such previously funded phase(s) as **Attachment 20** to Exhibit A:

Phase(s) of Multiphase Development Funded with Competitive Housing Credits in a 2014 Housing Credit RFA	
FHFC File No.	Development Name

If the proposed Development is not located in a HUD-designated DDA and/or QCT, per Item (a)(i) and/or (a)(ii) above, but it is an additional phase of a multi-

phase Development where a phase was funded with Competitive Housing Credits in a 2014 Housing Credit RFA and the funding was not returned or declined, and this proposed Development is funded, then the HUD HCA status of the Development funded with Competitive Housing Credits in a 2014 Housing Credit RFA will apply for the additional phase proposed in this Application. The Applicant should select question 12.a.(2)(c) of Exhibit A and provide the following information for such previously funded phase(s) as **Attachment 20** to Exhibit A:

Phase(s) of Multiphase Development Funded with Competitive Housing Credits in a 2014 Housing Credit RFA	
FHFC File No.	Development Name

(2) Maximum Housing Credit Request Amount:

The Applicant must state the amount of Housing Credits it is requesting at question 12.a. of Exhibit A (“Applicant’s Housing Credit Request Amount”). The Applicant’s Competitive Housing Credit Request Amount cannot exceed the applicable County/County Category amount stated in the following chart:

County or County Category in which the Development is to be Located*	Column A	Column B
	County Category Maximum Housing Credit Request Limits	
	If Development is not located in a DDA or if the Application does not meet the RFA requirements to qualify as a QCT	HCA Bonus – If Development is located in a DDA; and/or if the Application meets the RFA requirements to qualify as QCT
Broward Miami-Dade		2,300,000
Hillsborough Orange Palm Beach		2,110,000
Duval Pinellas	1,276,000	1,660,000
Medium Counties	\$1,155,000	\$1,510,000
Small Counties	\$825,000	\$1,070,000

* County Categories are described in Section Four A.5.b. of the RFA.

If the Applicant states an amount that is greater than the amount the Applicant is eligible to request relative to the above chart, the Corporation will reduce the amount down to the maximum amount the Applicant is eligible to request as provided in the chart above.

The amount resulting from the lesser of the Applicant’s Housing Credit Request Amount (as stated at question 12.a. of Exhibit A) and the adjustment described above, if any, will be deemed to be the Applicant’s Eligible Housing Credit Request Amount.

b. Eligible SAIL Request Amount:

If SAIL funding is requested in addition to the Housing Credits, the Applicant must state the amount of SAIL it is requesting. For this RFA, the Maximum SAIL Request Amount is limited to the lesser of:

- \$2 million per Development, or
- 25 percent of Total Development Cost

In the event of a discrepancy between the amount shown in this section and that shown elsewhere within the Application, the amount shown in this section shall be deemed to be the Applicant’s SAIL Request Amount.

If the Applicant's SAIL request amount exceeds \$2 million or 25 percent of the Total Development Cost shown on the Development Cost Pro Forma (as adjusted during scoring, if applicable), whichever is less, the Corporation will reduce the Applicant's SAIL Request Amount down to the maximum allowable amount and that amount will be the Applicant's Eligible SAIL Request Amount.

The SAIL loan shall be non-amortizing and shall have an interest rate of 1 percent over the life of the loan. The terms and conditions of the SAIL loan are further outlined in Rule Chapter 67-48, F.A.C.

c. Other Funding:

(1) If the Development has received funding from the Predevelopment Loan Program (PLP), the Corporation file number and amount of funding must be listed. Note: PLP funding cannot be used as a source of financing on the Construction/Rehab Analysis or the Permanent Analysis.

(2) Qualifying Financial Assistance Funding Preference:

The total amount of permanent funding resources, in the form of cash loans, cash grants and/or cash on hand, from local, state or federal government sources will, for purposes of this provision, be considered to be "Qualifying Financial Assistance". In-kind donations or any other donation of property or assets will not be considered Qualifying Financial Assistance.

The Corporation will compare the total amount of such funding per set-aside unit relative to the other Applicants to this RFA. The Application that has the higher total amount of such funding per set-aside unit relative to the other Applications will be eligible for the funding preference, as outlined in Section Four B of the RFA.

The financing proposal documentation provided in accordance with 12.e. below will be reviewed for financing terms and must meet the requirements to be counted as a permanent funding source in order to be considered Qualifying Financial Assistance. Any Qualifying Financial Assistance included in the Development Cost Pro Forma must be utilized for permanent funding as presented in the RFA if the Applicant is awarded funding under this RFA.

d. Finance Documents:

All Applicants must complete the Development Cost Pro Forma listing the anticipated expenses or uses, the Detail/Explanation Sheet, if applicable, and the Construction or Rehab Analysis and Permanent Analysis listing the anticipated sources. The sources must equal or exceed the uses. During the scoring process, if a funding source is not considered and/or if the Applicant's HC Request Amount and/or SAIL Request Amount is adjusted downward, as outlined in a. and b. above, this may result in a funding shortfall. If the Applicant has a funding shortfall, it will be ineligible to be considered for funding.

The Development Cost Pro Forma must include all anticipated costs of the Development construction, rehabilitation and, if applicable, acquisition, including the Developer fee and General Contractor fee, as outlined below. Any amounts that are not an anticipated cost to the Development, such as waived or reimbursed fees or charges, cannot be included in the Development Cost Pro Forma. Note: deferred Developer fees are not considered "waived fees".

In addition, the Development Cost Pro Forma must include all anticipated sources of funding, including the funding outlined below, as well as any Non-Corporation Funding as outlined in e. below.

(1) Developer Fee:

The maximum allowable Developer fee under this RFA shall be 16 percent of Development Cost. The maximum allowable Developer fee will be tested during the scoring of the Application by multiplying the Development Cost by 16 percent, carried to two (2) decimal places and may not be rounded.

The Corporation will allow up to 100 percent of the eligible Developer fee to be deferred and used as a source on the Development Cost Pro Forma without the requirement to show evidence of ability to fund.

(2) General Contractor Fee:

General Contractor fee shall be limited to 14 percent of actual construction cost. The maximum allowable General Contractor fee will be tested during the scoring of the Application by multiplying the actual construction cost by 14 percent, carried to two (2) decimal places and may not be rounded.

(3) Contingency Reserves:

The maximum hard and soft cost contingencies allowed cannot exceed (i) 5 percent for the Development Category of New Construction or (ii) 15 percent for Development Categories of Rehabilitation and Acquisition/Rehabilitation, as further described in Rule Chapter 67-48, F.A.C. The determination of the contingency reserve is limited to the maximum stated percentage of total actual construction costs (hard costs) and general development costs (soft costs), as applicable.

(4) Operating Deficit Reserves:

An operating deficit reserve is not to be included as part of Development Costs and cannot be used in determining the maximum Developer fee. The operating deficit reserve or any other reserves other than contingency reserves as provided above are not permitted in the Application. An operating deficit reserve, if necessary, will be sized in credit underwriting and may be different than the Application limit. Operating deficit reserves include, but are not limited to, operating reserves, debt service reserves, lease-up reserves, rent-restabilization reserves and any pre-funded capital (replacement) reserves.

Developer fee and General Contractor fee must be disclosed. In the event the Developer fee and/or General Contractor fee are/is not disclosed on the Development Cost Pro Forma, the Corporation will assume that these fees will be the maximum allowable and will add the maximum amount(s) to Total Development Cost. If an Applicant lists a Developer fee, General Contractor fee, contingency reserve or operating deficit reserve that exceeds the stated Application limits, the Corporation will adjust it/them to the maximum allowable.

e. Non-Corporation Funding Proposals:

In order for funding, other than deferred Developer fee, to be counted as a source on the Construction/Rehab. and/or Permanent Analysis, the Applicant must provide documentation of all financing proposals from both the construction and the permanent lender(s), equity proposals from the syndicator, and other sources of funding. The financing proposals must

state whether they are for construction financing, permanent financing, or both, and all attachments and/or exhibits referenced in the proposal must be included. Insert documentation for each source as **Attachment 21** to Exhibit A and continue with sequentially numbered attachments for each additional funding source. Evidence for each funding source must be behind its own sequentially numbered attachment.

For purposes of the Application, neither of the following will be considered a source of financing: net operating income for a Rehabilitation Development or capital contributions.

(1) Financing Proposal

Financing proposal documentation, regardless of whether the documentation is in the form of a commitment, proposal, term sheet, or letter of intent, must meet the following criteria. Evidence for each funding source must be behind its own numbered attachment.

(a) Each financing proposal shall contain:

- (i) Amount of the construction loan, if applicable;
- (ii) Amount of the permanent loan, if applicable;
- (iii) Specific reference to the Applicant as the borrower or direct recipient; and
- (iv) Signature of all parties, including acceptance by the Applicant.

Note: Although Local Government Contributions is not included in this RFA as a point item, eligible Local Government financial commitments (i.e., grants and loans) can be considered a source of financing without meeting the requirements of (i) through (iv) above if the Applicant provides the properly completed and executed Local Government Verification of Contribution – Grant Form (Form Rev. 01-14) and/or the Local Government Verification of Contribution – Loan Form (Form Rev. 01-14) and such grant and/or loan is effective at least through December 31, 2015. The grant and loan forms (Form Rev. 01-14) are available on the Corporation Website at: <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2015-103/> (also accessible by clicking here). If the loan form is used, the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

(b) Financing that has closed:

- (i) If the financing has closed in the Applicant's name, provide a letter from the lender acknowledging that the loan has closed. The letter must also include the following information:
 - Amount of the construction loan, if applicable;
 - Amount of the permanent loan, if applicable; and
 - Specific reference to the Applicant as the borrower/direct recipient/mortgagee.
- (ii) Except for HUD funding, if the financing involves an assumption of debt not currently in the Applicant's name, as evidence that the lender approves of the proposal of assumption, the Applicant must provide a letter from the lender, dated within six (6) months of the Application Deadline, that includes the following information:

- Specifically references the Applicant as the assuming party;
- If a permanent loan, states the amount to be assumed; and
- If a construction loan, states the maximum amount of funding capacity.

If the debt being assumed is provided by HUD, the Applicant must provide a letter from HUD, dated within six (6) months of the Application Deadline, confirming the funding source. The letter must include the following information:

- Name of existing development;
 - Name of proposed Development;
 - Loan balance;
 - Acknowledgment that property is applying for Housing Credits; and
 - Applicable HUD program.
- (c) If the financing proposal is not from a Regulated Mortgage Lender in the business of making loans or a governmental entity, evidence of ability to fund must be provided. Evidence of ability to fund includes: (1) a copy of the lender's most current audited financial statements no more than 17 months old; or (2) if the loan has already been funded, a copy of the note and recorded mortgage. The age of all financial statements is as of the Application Deadline. In evaluating ability to fund, the Corporation will consider the entity's unrestricted current assets typically used in the normal course of business. Assets considered restricted include, but are not limited to, pension funds, rental security deposits, and sinking funds. Financing proposals from lenders who cannot demonstrate ability to fund will not count as a source of financing. Financial statements must be included in the Application. Note: This provision does not apply to deferred Developer fee.
- (d) If a financing proposal shows an amount less than the corresponding line item on the pro forma, only the financing proposal amount will be considered as a funding source. However, if a financing proposal shows an amount in excess of the corresponding line item on the pro forma, up to the total amount of the financing proposal amount may be utilized as a funding source, if needed.
- (e) The loan amount may be conditioned upon an appraisal or debt service coverage ratio or any other typical due diligence required during credit underwriting.
- (f) Financing proposals may be conditioned upon the Applicant receiving the funding from the Corporation for which it is applying.
- (g) If a financing proposal has a provision for holding back funds until certain conditions are met, the amount of the hold-back will not be counted as a source of construction financing unless it can be determined that the conditions for the release of the hold-back can be met prior to or simultaneous with the closing of the Development's permanent financing.
- (h) Grant funds are contributions to the Development, other than equity, which carry no repayment provision or interest rate. A commitment for grant funds will be considered a commitment for scoring purposes if the commitment is properly executed and, if applicable, evidence of ability to fund is provided.
- (2) Equity Proposal:

For the purpose of this RFA, to be counted as a source an equity proposal, regardless of whether the documentation is in the form of a commitment, proposal, term sheet or letter of intent, must: (i) if syndicating/selling the Housing Credits, meet the requirements outlined in (a) below and include the information outlined in (b) below, or (ii) if not syndicating/selling the Housing Credits, meet the requirements outlined in (a) below and include the information outlined in (c) below:

(a) If the Eligible Housing Credit Request Amount is less than the anticipated amount of credit allocation stated in the equity proposal, the equity proposal will not be considered a source of financing. However, if the Eligible Housing Credit Request Amount is greater than the anticipated amount of credit allocation stated in the equity proposal, the equity proposal will be considered a source of financing; and

(b) If syndicating/selling the Housing Credits:

(i) A Housing Credit equity proposal must also meet the following criteria:

- Be executed by all parties, including the Applicant;
- Include specific reference to the Applicant as the beneficiary of the equity proceeds;
- State the proposed amount of equity to be paid prior to construction completion;
- State the anticipated Eligible Housing Credit Request Amount;
- State the anticipated dollar amount of Housing Credit allocation to be purchased; and
- State the anticipated total amount of equity to be provided.

(ii) If the limited partnership agreement or limited liability company operating agreement has closed, the closed agreement must be provided. To be counted as a source of financing, the partnership agreement or operating agreement must meet the requirements of Item 12.e.(2)(b)(i) above or the Applicant must submit separate documentation, signed by the equity provider, expressly stating any required criteria not provided in the agreement.

Note: Item 2.b.(2) of the Applicant Certification and Acknowledgement form outlines the requirement and deadline for the Applicant's confirmation that the documented equity amount to be paid prior to or simultaneous with the closing of construction financing is at least 15 percent of the total proposed equity to be provided (the 15 percent criteria).

(c) If not syndicating/selling the Housing Credits, the owner's commitment to provide equity must be provided.

(i) The commitment must include the following:

- The proposed amount of equity to be paid prior to construction completion;
- The anticipated Eligible Housing Credit Request Amount;
- The anticipated dollar amount of Housing Credit allocation to be purchased; and
- The anticipated total amount of equity to be provided.

(ii) Evidence of ability to fund must be provided as an Attachment to the Application.

f. Per Unit Construction Funding Preference:

- (1) The following Applications will qualify for this funding preference, as outlined in Section Four B of the RFA:
- (a) Applications that select the Development Category of New Construction at question 5.c.(1) of Exhibit A; and
 - (b) Applications that select the Development Category of Rehabilitation or Acquisition and Rehabilitation (at question 5.c.(1) of Exhibit A) that reflect an amount of at least \$32,500 per unit when the amount listed in the Total column of the Development Cost Pro Forma for the Development Cost line item A1.1 Actual Construction Cost is divided by the number of total units in the Development.
- (2) The following Applications will not qualify for this funding preference:

Applications that select the Development Category of Rehabilitation or Acquisition and Rehabilitation (at question 5.c.(1) of Exhibit A) that reflect an amount less than \$32,500 per unit, when the amount listed in the Total column of the Development Cost Pro Forma for the Development Cost line item A1.1 Actual Construction Cost is divided by the number of total units in the Development.

Indicate whether the proposed development qualifies for this funding preference at question 12.f. of Exhibit A.

Except for deferred Developer fee, the Application requires complete information on all sources of non-Corporation funding for the Development and the proposed uses of those funds. All loans, grants, donations, syndication proceeds, etc., should be detailed in the Application as outlined above. The total amount of monetary funds determined to be in funding proposals must equal or exceed uses.

Addenda:

The Applicant may use the Addenda section of Exhibit A to provide any additional information or explanatory addendum for items in the Application except for Items 4.c., 9, 10 and 11 of Exhibit A. Please specify the particular Item to which the additional information or explanatory addendum applies.

B. Funding Selection:

1. Eligibility: Only Applications that are eligible for funding will be considered for funding selection. Eligibility requirements include the following:

Eligibility Requirements	Described in RFA at:
Submission Requirements	Section Three A and Section Five
Financial Arrearage Requirements	Section Five
LDA Development Conditions	Section Four A.6.c.
Total Development Cost Per Unit Limitation	Item 8 of Exhibit C
All Mandatory Items	Section Five

2. Group 1 and Group 2 Total Score Classifications:

All eligible Applications will first be sorted from highest total score to lowest total score. An eligible Application will be classified as a Group 1 Application if the Application achieves a total score of 32 points or more. An eligible Application will be classified as a Group 2 Application if the Application achieves a total score of less than 32 points. Eligible Applications in Group 1 will be considered for funding first and if funds remain after funding all eligible Group 1 Applications that can be funded, the eligible Applications in Group 2 will be considered for funding.

3. Group 1 Non-PHA Funding Goal:

The Corporation has a goal to fund one (1) Group 1 Application that does not have a PHA as a Principal of either the Applicant entity or the Developer entity, as further outlined in Section Four A.3.f. of the RFA.

4. Application Sorting Order:

After eligible Applications are sorted by score and classified as Group 1 and Group 2 Applications, Applications with scores that are tied will be sorted by the following tie-breakers in the following order:

- a. First by the Application's eligibility for the Per Unit Construction Funding Preference which is outlined in Section Four A.12.f. of the RFA (with Applications that qualify for the preference listed above Applications that do not qualify for the preference);
- b. Next by the Application's eligibility for the Development Category Funding Preference which is outlined in Section Four A.5.c.(4) of the RFA (with Applications that qualify for the preference listed above Applications that do not qualify for the preference);
- c. Next by the Application's Leveraging Classification, applying the applicable multipliers outlined in Item 9 of Exhibit C of the RFA (with Applications having the Classification of A listed above Applications having the Classification of B);
- d. Next by the Application's eligibility for the Qualifying Financial Assistance Preference which is outlined in Section Four A.12.c.(2) of the RFA (with Applications with the higher amount listed above Applications with a lower amount);
- e. Next by the Application's eligibility for the Florida Job Creation Preference which is outlined in Item 10 of Exhibit C of the RFA (with Applications that qualify for the preference listed above Applications that do not qualify for the preference); and
- f. Finally by lottery number, resulting in the lowest lottery number receiving preference.

4. Housing Credit Funding Tests:

- a. 100 Percent Funding Test: To meet the 100 Percent Funding Test, there must be enough funding available to fully fund the Eligible Housing Credit Request Amount.
- b. 85 Percent Funding Test: To meet the 85 Percent Funding Test, there must be enough funding available to fund at least 85 percent of the Eligible Housing Credit Request Amount.

5. County's Award Tally:

As each Application is selected for tentative funding, the county where the proposed Development is located will have one (1) Application credited towards the County's Award Tally.

The Corporation will prioritize eligible unfunded Group 1 Applications that meet the applicable funding test and are located in counties that have the lowest County Award Tally above other eligible unfunded Group 1 Applications with a higher County Award Tally that also meet the applicable funding test, even if the Applications with a higher County Award Tally are higher ranked. The Corporation will also prioritize eligible unfunded Group 2 Applications that meet the applicable funding test and are located in counties that have the lowest County Award Tally above other eligible unfunded Group 2 Applications with a higher County Award Tally that also meet the applicable funding test, even if the Applications with a higher County Award Tally are higher ranked. The Group 1 County Award Tally for each county will be carried forward to the Group 2 Application funding process.

6. Application Funding Process:

a. Group 1 Applications:

The first Application that will be selected for funding will be the highest ranking eligible Application that is eligible for the Group 1 Non-PHA Funding Goal. Once this goal is met or if there is no eligible Application that can meet the goal, the highest ranking eligible unfunded Group 1 Application will be selected for tentative funding if the Application (i) can meet the 100 Percent Funding Test; and (ii) has an County Award Tally that is less than or equal to any other Group 1 Applications that can also meet the 100 Percent Funding Test. If a Group 1 Application cannot meet both of these requirements, the process will continue with the next lower ranked eligible unfunded Group 1 Applications, subject to the same requirements.

If there are no unfunded eligible Group 1 Applications that can meet the 100% Funding Test, then the highest ranking eligible unfunded Group 1 Applications will continue to be selected for tentative funding if the Application (i) can meet the 85 Percent Funding Test; and (ii) has an County Award Tally that is less than or equal to any other Group 1 Applications that can also meet the 85 Percent Funding Test.

b. Group 2 Applications:

If funding remains and there are no unfunded eligible Group 1 Applications that can meet the 85 Percent Funding Test, then the Corporation will follow the same funding process (outlined in 6.a. above) for all eligible Group 2 Applications. The Group 1 County Award Tally for each county will be carried forward to the Group 2 Application funding process. When it is determined that no eligible unfunded Group 2 Applications can meet the 85 Percent Funding Test, no further Applications will be considered for funding and any remaining funding will be distributed as approved by the Board.

7. Returned Allocation: Funding that becomes available after the Board takes action on the Committee's recommendation(s), due to an Applicant withdrawing its Application, an Applicant declining its invitation to enter credit underwriting, or the Applicant's inability to satisfy a requirement outlined in this RFA and/or Rule Chapter 67-48, F.A.C., will be distributed as follows:

- a. If the funding was originally awarded to an Application selected to meet the Group 1 Non-PHA Funding Goal, the returned funding will be distributed as follows:
- (1) If another Application was funded that was eligible for the goal, then the goal will still be considered to be met and the returned funds will be distributed to the highest ranking eligible unfunded Group 1 Application that (i) can be fully funded and (ii) has an County Award Tally that is less than or equal to any other Applications that can be fully funded.
- or
- (2) If no other Application was funded that was eligible for the goal, then the returned funds will be distributed to the highest ranking eligible unfunded Application eligible for the Group 1 Non-PHA Funding Goal that (i) can be fully funded and (ii) has an County Award Tally that is less than or equal to any other Applications that can be fully funded. If there is no eligible unfunded Application that is eligible for the goal, the returned funds will be distributed to the highest ranking eligible unfunded Group 1 Application that (i) can be fully funded and (ii) has an County Award Tally that is less than or equal to any other Applications that can be fully funded.
- b. If the funding was originally awarded to an Application outside the goal, the returned funds will be distributed to the highest ranking eligible unfunded Group 1 Application that (i) can be fully funded and (ii) has an County Award Tally that is less than or equal to any other Applications that can be fully funded.
- c. If funding remains after following the applicable process outlined in a. or b. above, the remaining funding will be distributed as approved by the Board.

SECTION FIVE EVALUATION PROCESS

Committee members shall independently evaluate and score their assigned portions of the submitted Applications, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.

An Application will be deemed ineligible to be considered for funding if, as of close of business the day before the Committee meets to make a recommendation to the Board, there are any financial obligations for which an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of the Applicant or Developer is in arrears to the Corporation or any agent or assignee of the Corporation as reflected on the most recently published Past Due Report posted to the Corporation's Website under the link Property Owners & Managers/Past Due Reports (also accessible by clicking [here](#)), but not more

- g. During credit underwriting, all funded Applications will be held to the number of RA units stated in the letter provided by the Applicant as Attachment 8 to Exhibit A. This requirement will apply throughout the entire Compliance Period, subject to Congressional appropriation and continuation of the rental assistance program.

4. Required Construction Features:

The following required construction features are in addition to the Green Building Features (selected at question 7.a.(1) of Exhibit A) or the Green Building Certification Program (committed to by the Applicant at question 7.a.(2) of Exhibit A).

All rehabilitation units must include as many of the required Accessibility, General and Green Building features as are structurally and financially feasible within the scope of the rehabilitation work, utilizing a capital needs assessment and accessibility review ordered by the Credit Underwriter and performed by an independent third party(ies).

- a. All Applicants will be required to provide the following General Features and Accessibility, Universal Design and Visitability Features:

(1) The following General Features must be provided for all proposed Developments:

- Termite prevention;
- Pest control;
- Window covering for each window and glass door inside each unit;
- Cable or satellite TV hook-up in each unit and, if the Development offers cable or satellite TV service to the residents, the price cannot exceed the market rate for service of similar quality available to the Development's residents from a primary provider of cable or satellite TV;

- Full-size range and oven in all units;
- At least two full bathrooms in all 3 bedroom or larger new construction units;
- Bathtub with shower in at least one bathroom in at least 90% of the new construction non-Elderly units; and
- Washer and dryer hook ups in each of the Development's units or an on-site laundry facility for resident use. If the proposed Development consists of an on-site laundry facility, there must be a minimum of one (1) Energy Star qualified washer and one (1) dryer per every 15 units. To determine the required number of washers and dryers for the on-site laundry facility; divide the total number of the Developments' units by 15, and then round the equation's total up to the nearest whole number.

(2) Accessibility, Universal Design and Visitability Features:

- (a) All units of the proposed Development must meet all federal requirements and state building code requirements, including the following:

- 2012 Florida Accessibility Code for Building Construction as adopted pursuant to Section 553.503, Florida Statutes;
- The Fair Housing Act as implemented by 24 CFR 100;
- Section 504 of the Rehabilitation Act of 1973; and
- Titles II and III of the Americans with Disabilities Act of 1990 as implemented by 28 CFR 35, incorporating the most recent amendments, regulations and rules.

All Housing Credit and SAIL Developments must comply with Section 504 of the Rehabilitation Act of 1973, as implemented by 24 CFR Part 8 ("Section 504 and its related regulations"). To the extent that a Development is not otherwise subject to Section 504 and its related regulations, the Development shall nevertheless comply with Section 504 and its related regulations as requirements of the Housing Credit and SAIL Programs to the same extent as if the Development were subject to Section 504 and its related regulations in all respects. To that end, for purposes of the Housing Credit and SAIL Programs, a Housing Credit Allocation and a SAIL loan shall be deemed "Federal financial assistance" within the meaning of that term as used in Section 504 and its related regulations for all Housing Credit and SAIL Developments. Section 504 of the Rehabilitation Act of 1973, as implemented by 24 CFR Part 8, is available by clicking [here](#).

All units must meet accessibility standards of Section 504. Section 504 accessibility standards require a minimum of 5 percent of the total dwelling units, but not fewer than one unit, to be accessible for individuals with mobility impairments. An additional 2 percent of the total units, but not fewer than one unit, must be accessible for persons with hearing or vision impairments.

- (b) All new construction units that are located on an accessible route must have the features listed in (d) below.
- (c) All rehabilitation units that are located on an accessible route must include features listed in (d) below. The features in (d) must be incorporated to the maximum extent feasible within the scope of the rehabilitation work planned by the Applicant. The maximum extent feasible shall be determined by the scope of work, the capital needs assessment, the accessibility review, and the construction features that are affected by the rehabilitation work. Any major change affecting the features such as remodeling, renovation, rearrangement of structural parts or walls or full-height partitions requires

compliance with accessibility requirements below. For the purposes of this RFA, normal maintenance, re-roofing, painting or wallpapering, or changes to mechanical and electrical systems are not considered alterations. Where an alteration affects a construction feature, accessibility is required to the maximum extent feasible.

(d) Accessible Features:

- Primary entrance door shall have a threshold with no more than a ½-inch rise;
- All door handles on primary entrance door and interior doors must have lever handles;
- Lever handles on all bathroom faucets and kitchen sink faucets;

24 Hour Support to Assist Residents In Handling Urgent Issues:

An important aging in place feature of the Elderly Demographic is the residents' access to management support 24 hours per day, 7 days a week to assist them to appropriately and efficiently handle urgent issues or incidents that may arise. These issues may include, but are not limited to, an apartment maintenance emergency, security or safety concern, or a health risk incident in their apartment or on the property. The management's assistance will include a 24/7 approach to receiving residents' requests for assistance that will include a formal written process to effectively assess and provide assistance for each request. This assistance may include staff:

- Visiting or coordinating a visit to a resident's apartment to address a urgent maintenance issue;
- Responding to a resident being locked out of their apartment;
- Contacting on-site security or the police to address a concern;
- Providing contact information to the resident and directing or making calls on a resident's behalf to appropriate community-based emergency services or related resources to address an urgent health risk incident;

- Calling the resident’s informal emergency contact; or
- Addressing a resident’s urgent concern about another resident.

The 24 hour support approach may include contracted services or technology to assist the management to meet this commitment if these methods adequately address the intent of this service.

The Development’s owner and/or designated property management entity shall develop and implement policies and procedures for staff to immediately receive and handle a resident call and how staff shall assess and handle the call based on a resident’s request and/or need. At a minimum, residents shall be informed, at move-in and via a written notice(s)/instructions provided to each resident and displayed in the Development’s common or public areas, that staff are available to receive resident calls at all times. These notices shall also provide contact information and direction to first contact the community-based emergency services if they have health or safety risk concerns.

8. Total Development Cost Per Unit Limitation:

The Corporation shall limit the Total Development Cost (TDC) per unit for all Developments categorized by the construction type of the units as indicated by the Applicant in the RFA. The maximum amounts are provided on the TDC Per Unit Limitation chart set out below (the maximum TDC per unit exclusive of land costs and exclusive of any operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee, applying any applicable TDC multiplier and/or TDC add-on) and will be tested during the scoring of the RFA, during the credit underwriting process, and during the final allocation process, as outlined below.

Proposed Developments in the Florida Keys Area (Monroe County) will have an applicable TDC multiplier of 65 percent.

These TDC Per Unit Base Limitation amounts are effective from the Application Deadline through Final Cost Certification.

** Exclusive of land costs and exclusive of any operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) are mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves.

- a. Any Application that has an amount that exceeds these limitations will not be eligible to be considered for funding.
- b. Any Applicant that has the Credit Underwriter present a credit underwriting report with an amount that exceeds these limitations by more than 5 percent, taking into consideration an escalation factor for construction costs rising after the Application Deadline of either (i) 1.8 percent for any Applicant with the Development Category of New Construction or (ii) 1.4 percent for any Applicant with the Development Category of Rehabilitation or Acquisition and Rehabilitation, and incorporating any applicable TDC reduction and adjustments processes provided below will receive a negative recommendation by the Credit Underwriter.

Any Applicant that has the Credit Underwriter present a credit underwriting report with an amount that exceeds these limitations, taking into consideration the applicable escalation factor outlined above, will require staff to review the credit underwriting report for compliance to the TDC reduction and adjustment procedure provided below:

- (1) The Developer fee will be limited to the maximum allowable within the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, in all instances. A Developer fee can be earned on qualifying TDC exclusive of land and operating deficit reserves up to the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, but it cannot be earned on costs in excess of said limitation. If the Development costs exceed the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, then the maximum allowable Developer fee will be adjusted as outlined below. The maximum allowable Developer fee can be determined by multiplying the applicable TDC Per Unit Base Limitation with respect to the Development as provided in this RFA, inclusive of any applicable escalation factor, by the number of total units in the Development. Second, divide this product by 1.16* and then multiply the result by 16 percent. * This will yield the

maximum allowable Developer fee within the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor.

Prior to determining any necessary adjustment, if the Developer fee initially stated by the Applicant or Credit Underwriter is in excess of the maximum allowable Developer fee as provided in (1) above, the stated Developer fee will be reduced to said maximum allowable Developer fee and the TDC will be equally reduced to incorporate the cost reduction.

- (2) Subsequent to reducing the stated Developer fee to the maximum allowable amount provided above, additional adjustments may be necessary if the TDC Per Unit Base Limitation remains exceeded. An adjustment to the maximum allowable Developer fee shall be determined by reducing the maximum allowable Developer fee as determined in (1) above dollar-for-dollar for any costs in excess of the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, up to the lesser of (a) the actual amount of costs in excess of the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, (b) \$500,000, or (c) 25 percent of the maximum allowable Developer fee. If the stated Developer fee, inclusive of any necessary adjustments incorporated above, exceeds the maximum allowable Developer fee as adjusted herein, the stated Developer fee, inclusive of any necessary adjustments incorporated above shall be further adjusted to not exceed the new maximum allowable Developer fee and the TDC will be equally reduced to incorporate the cost reduction. If after following this Developer fee limitation process, the TDC exclusive of land costs and operating deficit reserves is reduced to be within the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, then the Developer fee adjustment calculation is complete. If the TDC exclusive of land costs and operating deficit reserves remains above the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, then there is an additional Developer fee adjustment, as outlined in (3) below.
- (3) An additional Developer fee adjustment will be initiated to further reduce the allowable Developer fee in the event the TDC exclusive of land costs and operating deficit reserves (as adjusted above) exceeds the TDC Per Unit Base Limitation. The reduction will be determined by deriving a percentage amount that the TDC exclusive of land costs and operating deficit reserves (as adjusted above) exceeds the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, and multiplying this excess percentage by the amount of the adjusted Developer fee, resulting in a product that is the additional adjustment to the Developer fee. For instance, if the Development's adjusted TDC exclusive of land costs and operating deficit reserves exceeds the limitation, inclusive of any applicable escalation factor, by 4 percent, then the allowable Developer fee is further reduced by 4 percent. Once this step is complete, there is no further Developer fee adjustment or corresponding cost savings to be incorporated into the TDC as a result of having a TDC exclusive of land costs and operating deficit reserves that exceeds the limitation.

As a note, if the Developer fee in the credit underwriting report is already at or below this allowable Developer fee, then there is no additional adjustment to be incorporated into the Developer fee. This also means there are no corresponding costs savings to reduce the TDC since all TDC cost reductions stemming from this process are coming from reducing the Developer fee. If the Developer fee in the credit underwriting report needs to be reduced to incorporate any adjustment as provided above, then as the Developer fee is reduced, so is the TDC in order to incorporate the reduced Developer fee cost.

For example:

An 85-unit development with a Development Category of New Construction and a Development Type of Garden Concrete reports a TDC of \$18,700,000, inclusive of a stated Developer fee of \$2,600,000, but exclusive of land costs and operating deficit reserves at time of credit underwriting, and also prior to any adjustment:

Calculate TDC Limitation for the Development and Maximum Allowable Developer fee

- 1.(a) TDC Per Unit Base Limitation, inclusive of any applicable escalation factor (1.8%) and the applicable TDC Multiplier (100%): $\$204,800 \text{ Per Unit} \times (1 + 1.8\%) / 100\% = \$208,486 \text{ Per Unit}$.
- 1.(b) Determine TDC Limitation for the Development: $\$208,486 \text{ Per Unit} \times 85 \text{ units} = \$17,721,344$.
- 1.(c) Implied maximum Development Cost per the limitation: $\$17,721,344 \div 1.16 = \$15,277,021$.
- 1.(d) Determine maximum allowable Developer fee within the limitation (prior to any developer fee adjustment): $\$15,277,021 \times 16\% = \$2,444,323$.

First Developer fee/TDC adjustment Calculation Methodology (If necessary)

- 2.(a)(i) Is the stated Developer fee greater than the maximum allowable? $\$2,600,000 > \$2,444,323$.
- 2.(a)(ii) If the response to 2.(a)(i) is yes, then determine the excess: $\$2,600,000 - \$2,444,323 = \$155,677$ (excess Developer fee and excess TDC).
- 2.(b) Reduce the stated Developer fee to the lesser of maximum allowable or stated fee and reduce the stated TDC by an equal amount: $\$2,600,000 - \$155,677 = \$2,444,323$; $\$18,700,000 - \$155,677 = \$18,544,323$.
- 2.(c) If the response to 2.(a)(i) is no or once the adjustment of 2.(b) has been completed, then determine if the TDC remains in excess of the limitation and if so, the amount of the excess: $\$18,544,323 - \$17,721,344 = \$822,979$.
- 2.(d) Determine the lesser of either (i) \$500,000, (ii) 25 percent of the maximum allowable Developer fee, or (iii) 100% of the excess TDC: $25\% \times \$2,444,323 = \$611,081$; $\$500,000 < \$611,081 < \$822,979$.
- 2.(e) Apply the least amount of the three (3) options in 2(d) above to determine the maximum allowable Developer fee, subject to this adjustment: $\$2,444,323 - \$500,000 = \$1,944,323$.
- 2.(f) TDC reduction due to Developer fee adjustment: $\$18,544,323 - \$500,000 = \$18,044,323$.

(As a note, this TDC is still greater than the TDC Per Unit Base Limitation, inclusive of the applicable upward adjustment so an additional adjustment to the maximum allowable Developer fee will need to be calculated.)

Second Developer fee/TDC adjustment Calculation Methodology (If necessary)

- 3.(a) The percentage the TDC without land costs and operating deficit reserves (as adjusted above for first adjustment) that exceeds the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor: $\$18,044,323 - \$17,721,344 = \$322,979$; $\$322,979 \div \$17,721,344 = 1.82\%$.
- 3.(b) Additional adjustment: $1.82\% \times \$1,944,323 = \$35,437$.

- 3.(c) Final maximum Developer fee, after adjustments, at time of credit underwriting:
 $\$1,944,323 - \$35,437 = \$1,908,886$.
- 3.(d) Final adjusted TDC at time of credit underwriting: $\$18,044,323 - \$35,437 = \$18,008,886$.
- 3.(e) Verify status of the 5% variance test: $(\$18,008,886 - \$17,721,344) / \$17,721,344 = 1.6\%$, which falls under the criteria of being less than or equal to 5% above of the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor.
- c. Any Applicant that presents a Final Cost Certification Application Package (FCCAP) that has amounts that exceed the TDC Per Unit Base Limitation, subject to an escalation factor of either (i) 1.8 percent for any Applicant with the Development Category of New Construction or (ii) 1.4 percent for any Applicant with the Development Category of Rehabilitation or Acquisition and Rehabilitation, will require staff to review the FCCAP for compliance to the procedure provided below. If the Development has already had its Developer fee adjusted at credit underwriting as provided in 8.b. above and the TDC without land in the FCCAP exceeds the TDC without land costs and operating deficit reserves provided in the credit underwriting report, then the Developer fee will have an additional adjustment to be incorporated as provided in (4) below.
- (1) The Developer fee will be limited to the maximum allowable within the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, in all instances. A Developer fee can be earned on qualifying TDC exclusive of land costs and operating deficit reserves up to the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, but it cannot be earned on costs in excess of said limitation. If the Development costs exceed the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, then the maximum allowable Developer fee will be adjusted as outlined below. The maximum allowable Developer fee can be determined by multiplying the applicable TDC Per Unit Base Limitation with respect to the Development as provided in this RFA, inclusive of any applicable escalation factor, by the number of total units in the Development. Second, divide this product by 1.16* and then multiply the result by 16 percent. * This will yield the maximum allowable Developer fee within the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor.
- Prior to determining any necessary adjustment, if the Developer fee initially stated by the FCCAP is in excess of the maximum allowable Developer fee as provided in (1) above, the Developer fee will be reduced to said maximum allowable Developer fee and the TDC will be equally reduced to incorporate the cost reduction.
- (2) Subsequent to reducing the Developer fee to the maximum allowable amount, additional adjustments may be necessary if the TDC Per Unit Base Limitation remains exceeded. An adjustment shall be determined by reducing the maximum allowable Developer fee as determined in (1) above dollar-for-dollar for any costs in excess of the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, up to the lesser of (a) the actual amount of costs in excess of the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, (b) \$250,000, or (c) 10 percent of the maximum allowable Developer fee. If the stated Developer fee, inclusive of any necessary adjustments incorporated above, exceeds the maximum allowable Developer fee as adjusted herein, the stated Developer fee, inclusive of any necessary adjustments incorporated above shall be further adjusted to not exceed the new maximum allowable Developer fee and the TDC will be equally reduced to incorporate the cost reduction. If after following this Developer fee limitation process, the TDC exclusive of land costs and operating deficit

reserves is reduced to be within the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, then the Developer fee adjustment calculation is complete. If the TDC exclusive of land costs and operating deficit reserves remains above the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor, then there is an additional Developer fee adjustment, as outlined in (3) below.

- (3) An additional Developer fee adjustment will be initiated to further reduce the allowable Developer fee in the event the TDC exclusive of land costs and operating deficit reserves (as adjusted above) exceeds the TDC Per Unit Base Limitation. The reduction will be determined by deriving a percentage amount that the TDC exclusive of land costs and operating deficit reserves (as adjusted above) exceeds the amount allowed by the TDC Per Unit Base Limitation, inclusive of any applicable escalation factor and multiplying this excess percentage by the amount of the adjusted Developer fee, resulting in a product that is the additional adjustment to the Developer fee. For instance, if the Development's adjusted TDC exclusive of land costs and operating deficit reserves exceeds the limitation, inclusive of any applicable escalation factor, by 4 percent, then the allowable Developer fee is further reduced by 4 percent. Once this step is complete, there is no further Developer fee adjustment or corresponding cost savings to be incorporated into the TDC as a result of having a TDC exclusive of land costs and operating deficit reserves that exceeds the limitation.

As a note, if the Developer fee in the FCCAP is already at or below this allowable Developer fee, then there is no additional adjustment to be incorporated into the Developer fee. This also means there are no corresponding costs savings to reduce the TDC since all TDC cost reductions stemming from this process are coming from reducing the Developer fee. If the Developer fee in the FCCAP needs to be reduced to incorporate any penalties provided above, then as the Developer fee is reduced, so is the TDC in order to incorporate the reduced Developer fee cost.

- (4) For those Developments that have already had its Developer fee adjusted at credit underwriting as provided in 8.b. above and whose TDC without land costs and operating deficit reserves in the FCCAP exceeds the TDC without land costs and operating deficit reserves provided in the credit underwriting report, the allowable Developer fee will incorporate an additional adjustment. This additional Developer fee adjustment will be the lesser of (a) the difference between the amount of TDC exclusive of land costs and operating deficit reserves as reported in the FCCAP that is in excess of the TDC exclusive of land costs and operating deficit reserves provided in the credit underwriting report, (b) \$250,000, or (c) 10 percent of the allowable Developer fee reported in the credit underwriting report. If the Developer fee in the FCCAP is already equal to or less than the allowable Developer fee as determined with the incorporation of this additional Developer fee adjustment, then neither the Developer fee nor the TDC is further reduced.

For example:

Assuming the Development in the example provided in 8.b. above provides a FCCAP with a TDC exclusive of land costs and operating deficit reserves of \$300,000 higher than the TDC exclusive of land costs and operating deficit reserves provided in the credit underwriting report, but the Developer fee is the same as provided in the credit underwriting report of \$1,908,886. The additional Developer fee adjustment will be the lesser of (a) \$300,000 (the new excess costs), (b) \$250,000 (the maximum dollar limit of this additional Developer fee

adjustment), or (c) \$190,889 (10% of the allowable Developer fee reported in the credit underwriting report).

Since (c) is the lowest of the three options, the allowable Developer fee and the TDC will both be lowered by \$190,889. The allowable Developer fee will be \$1,717,997 (the allowable Developer fee reported in the credit underwriting report of \$1,908,886, less the adjustment of \$190,889). The TDC exclusive of land costs and operating deficit reserves in the FCCAP would be adjusted to \$18,117,997 (\$18,008,886 from the credit underwriting report plus \$300,000 of new additional costs less \$190,889 for the reduction in allowable Developer fee).

*These figures represent the applicable Developer fee percentage for the Development (16%) and one plus the applicable Developer fee percentage for the Development (1+16%).

9. Leveraging Corporation Funding Per Set-Aside Unit:

Each eligible Application's Leveraging Classification will be determined as follows:

a. Calculating the Set-Aside Units:

The total number of set-aside units for each Application will be computed by multiplying the total number of units within the proposed Development by the highest Total Set-Aside Percentage the Applicant committed to as stated in the last row of the set-aside breakdown chart in the Set-Aside Commitment section of the Application. Results that are not a whole number will be rounded up to the next whole number.

b. Total Corporation Funding Per Set-Aside Unit will be determined by adding the applicable funding sources (a) and (b) below (as stated in Section 12 of Exhibit A of the RFA), and then applying the applicable multipliers as outlined in (c) below, as follows:

(1) Eligible SAIL Request Amount; and

(2) Eligible Housing Credit Request Amount - If the Development is not located in a HUD designated HCA, the Eligible Housing Credit Request Amount will be multiplied by 9.0. If the Development is located in a HUD designated HCA, the Eligible Housing Credit Request Amount will be multiplied by 9.0 and that product will be divided by 1.3.

(3) The total Corporation funding amount may be further adjusted as outlined below. NOTE: If a proposed Development meets all of the requirements of both (i) and (iii), the total Corporation funding amount will be multiplied by 0.65. If a proposed Development meets all of the requirements of both (b) and (c), the total Corporation funding amount will be multiplied by 0.785. If a proposed Development meets all of the requirements of both (c) and (d), the total Corporation funding amount will be multiplied by 0.692 (the result of both multipliers applied).

(a) If the proposed Development meets all of the following requirements, the total Corporation funding amount will be multiplied by 0.65:

- Applicant selected the High-Rise Development Type, and
- Applicant selected the Development Category of New Construction.

or

(b) If the proposed Development meets all of the following requirements, the total Corporation funding amount will be multiplied by 0.785:

- Applicant selected the Mid-Rise with Elevator (a building comprised of 5 or 6 stories) Development Type and at least 90 percent of the total units are in these Mid-Rise building(s), and
- Applicant selected the Development Category of New Construction.

or

(c) If the proposed Development meets all of the following requirements, the total Corporation funding amount will be multiplied by 0.865:

- Applicant selected the Development Category of New Construction, and
- The proposed Development met the requirements to be considered concrete construction.

or

(d) If the proposed Development is located in the Florida Keys Area, the total Corporation funding amount will be multiplied by 0.80.

- c. The total number of Applications will be multiplied by 90 percent and the resulting figure will be rounded up to the next whole number (the resulting figure after rounding will be referred to as the “A/B Cut-Off”). A line will be drawn below the Application whose place on the list is equal to the A/B Cut-Off. If any Application(s) below the line has the same total Corporation funding request per set-aside unit as the Application immediately above the line, the line will be moved to a place immediately below that Application(s). Applications above the A/B Cut-Off will be classified as Group A and Applications below the A/B Cut-Off will be classified as Group B.

10. Florida Job Creation Preference:

Each Application will be measured to determine whether it qualifies for the Florida Job Creation Preference. To determine eligibility for the preference, the Corporation will calculate the Application’s Florida Job Creation score, which will reflect the number of Florida jobs per \$1 million of implied eligible Housing Credit equity and loan funding, if applicable. For Applicants with new construction units, Applications must earn a Florida Job Creation score equal to or greater than 12 to qualify for the Florida Job Creation Preference in Section Four B of the RFA. For Applicants with rehabilitation units, Applications must earn a Florida Job Creation score equal to or greater than 7.0 to qualify for the Florida Job Creation Preference in Section Four B of the RFA.

Determination of the Florida Job Creation score will be based on the following information:

- The number of new construction and/or rehabilitation units committed to by the Applicant (as stated by the Applicant at question 5.e. of Exhibit A of the RFA);
- The applicable Florida job creation rate for the type of units:
 - Rate of 3.376 Florida Jobs per unit for proposed new construction units;
 - Rate of 1.534 Florida Jobs per unit for proposed rehabilitation units; and
- The Eligible Housing Credit Request Amount; and
- The Eligible SAIL Loan Request Amount.

The score for the Florida Rate of Job Creation per \$1 million of implied eligible Housing Credit equity and, if applicable, total SAIL Loan funding will be measured using one of the following calculations:

a. Developments consisting of only new construction units:

Number of new construction units x 3.376 Florida Jobs per unit x 1,000,000 / (the sum of the Eligible Housing Credit Request Amount x 9.0 plus the Eligible SAIL Loan Request Amount, if applicable) = Florida Jobs per \$1 million of Housing Credit Allocation.

For example:

Application A consists of 85 new construction units, has an Eligible Housing Credit Request Amount of \$2,300,000 and an Eligible SAIL Loan Request Amount of \$2,000,000.

$85 \times 3.376 \times 1,000,000 / (2,300,000 \times 9.0 + 2,000,000) =$ Florida Job Creation score of 12.64.

b. Developments consisting of only rehabilitation units:

Number of rehabilitation units x 1.534 Florida Jobs per unit x 1,000,000 / (the sum of the Eligible Housing Credit Request Amount x 9.0 plus the Eligible SAIL Loan Request Amount, if applicable) = Florida Jobs per \$1 million of Housing Credit Allocation.

For example:

Application B consists of 110 rehabilitation units and has an Eligible Housing Credit Request Amount of \$1,700,000.

$110 \times 1.534 \times 1,000,000 / (1,700,000 \times 9.0 + 0) =$ Florida Job Creation score of 11.03.

c. Developments consisting of both new construction units and rehabilitation units:

(Number of new construction units x 3.376 Florida Jobs per unit + number of rehabilitation units x 1.534 Florida Jobs per unit) x 1,000,000 / (the sum of the Eligible Housing Credit Request Amount x 9.0 plus the Eligible SAIL Loan Request Amount, if applicable) = Florida Jobs per \$1 million of Housing Credit Allocation.

For example:

Application C consists of 62 new construction units and 48 rehabilitation units with an Eligible Housing Credit Request Amount of \$2,300,000 and an Eligible SAIL Loan Request Amount of \$2,000,000.

$[(62 \times 3.376) + (48 \times 1.534)] \times 1,000,000 / (2,300,000 \times 9.0 + 2,000,000) =$ Florida Job Creation score of 12.46.

To determine the minimum Florida Job Creation score, multiply the number of new construction units by the new construction Florida Job Creation score and adding to it the product derived from multiplying the number of rehabilitation units by the rehabilitation Florida Job Creation score. Then taking this sum and dividing by the total number of units. $[(62 \times 12) + (48 \times 7)] / (62+48) = 9.818$.

In above examples, Application A (with 100% new construction and a funding request that includes a SAIL Loan) will qualify for the Job Creation Preference because it has a Florida Job Creation score that is at least 12. Applications B (with 100% rehabilitation units and a funding request consisting of only Competitive Housing Credits) will qualify for the Job Creation Preference because it has a Florida Job Creation score that is at least 7. Applicant C (with mixed new construction and

rehabilitation units and a funding request that includes a SAIL Loan) will qualify for the Florida Job Creation Preference because it has a Florida Job Creation score that is at least 9.818.

11. Fees:

The Corporation and, if applicable, the Credit Underwriter shall collect via check or money order from the Applicant the following fees and charges in conjunction with this RFA. Failure to pay any fee shall cause the Housing Credit allocation and, if applicable, the SAIL funding award to be withdrawn as outlined in the Carryover Allocation Agreement and the credit underwriting and program requirements outlined in Rule Chapter 67-48, F.A.C.

a. Application Fee:
