**FINANCING TO BUILD OR REHABILITATE
SMALLER PERMANENT SUPPORTIVE HOUSING PROPERTIES FOR
PERSONS WITH DEVELOPMENTAL DISABILITIES**

Issued by:

FLORIDA HOUSING FINANCE CORPORATION

Issued: March 11, 2016

Due: May 5, 2016

SECTION ONE INTRODUCTION

Florida Housing Finance Corporation (the Corporation) was appropriated \$10 million in grant funds by the 2015 Legislature for housing for Persons with Developmental Disabilities as defined in Section 393.063, F.S. On August 14, 2015, the Corporation issued a Request for Applications (RFA) and awarded preliminary financing to 12 Permanent Supportive Housing Developments for Persons with Developmental Disabilities for a total allocation of \$4,554,000. The remaining balance of the \$10 million allocation (\$5,446,000) plus \$294,684.50 in returned funding from previously issued RFAs for Persons with Developmental Disabilities will be made available through this RFA for a combined total of \$5,740,684.50 to finance small Permanent Supportive Housing Developments consisting of no more than four (4) Units.

The legislation specifies that the Corporation will offer the funding through a competitive grant program to private Non-Profit organizations that have a primary mission which includes serving Persons with Developmental Disabilities. Funding must be used for new construction and Renovation of existing housing Units, including Community Residential Homes as defined in Section 419.001, F.S. The Corporation is required to consider the extent to which funds from local and other sources will be used by Applicants to leverage these grant funds; employment opportunities and supports that will be available to Residents of the proposed housing; a plan for Residents to access community-based services, resources, and amenities; and partnerships with supportive services agencies.

This RFA is open to Applicants proposing the development of Permanent Supportive Housing for Persons with Developmental Disabilities, either Community Residential Homes or Supported Living Units, as defined in Exhibit C. Community Residential Homes (i) must be single family homes; (ii) must be licensed by the Florida Agency for Persons with Disabilities to serve no more than six (6) Residents; (iii) must serve no more than six (6) Residents; and (iv) must demonstrate at credit underwriting that they are adhering to licensing standards related to location, design, construction features and other requirements. Supported Living Units (i) must be single family, duplexes, triplexes, or quadraplexes; and (ii) the Supported Living provider must conduct a housing setting survey per Rule 65G-5.004, F.A.C. Applicants may propose the development of Shared Housing Units, as defined in Exhibit C, to allow unrelated Persons with Developmental Disabilities the choice to share Units. For purposes of this RFA, Community Residential Homes are considered Shared Housing. Applicants may propose to build Supported Living Units as either non-Shared Housing or Shared Housing.

The Corporation will target grant funds for the following Development Categories:

- **Adding Units that Serve Persons with Developmental Disabilities.** This can be done through (i) new construction of a Development; (ii) acquisition with Rehabilitation or Rehabilitation-only of a structure that, as of Application Deadline, does NOT serve Persons with Developmental Disabilities; or (iii) a combination of new construction and Rehabilitation (i.e., constructing additional Units and/or Bedrooms, bathrooms, and/or other improvements on an existing property that, as of Application Deadline, does NOT serve Persons with Developmental Disabilities). For this category, \$4,312,000 will be allocated for funding; and
- **Renovating Existing Units that Are Occupied by Persons with Developmental Disabilities.** Types of properties to be funded are Community Residential Homes

licensed by the Florida Agency for Persons with Disabilities that serve no more than six (6) Residents, or Supported Living Units in a Development that serve no more than eight (8) Residents. Community Residential Homes must be owned by the Applicant as of the Application Deadline, and must have been continuously licensed as such and in the name of the Applicant by the Florida Agency for Persons with Disabilities since March 1, 2015. Supported Living Units must be owned and operated by the Applicant, approved per housing setting survey per Rule 65G-5.004, F.A.C., and must have been housing Persons with Developmental Disabilities since March 1, 2015. For this category, \$1,428,684.50 will be allocated for funding.

The Corporation's objective is to ensure that the Non-Profit Applicants providing Permanent Supportive Housing are experienced. To accomplish this, the RFA will be open only to private Non-Profit Applicants with a primary mission which has included serving Persons with Developmental Disabilities since March 1, 2015, or earlier.

The Corporation is soliciting a maximum of two (2) Applications from qualified Applicants that commit to provide housing in accordance with the terms and conditions of this RFA, inclusive of applicable laws, rules and regulations, and the Corporation's generally applicable construction and financial standards.

4. Recommended to Applicants during Construction

NOTE: To ensure that that both new construction and Renovation of existing buildings is carried out to take the greatest advantage of energy efficiency options, the Corporation recommends that Applicants awarded financing incorporate the following into their construction plans (not a requirement):

- To most efficiently implement the recommendations from the pre-construction blower door test, hire a contractor that includes or works with an expert with blower door training from the Florida Solar Energy Center, RESNET or the Building Performance Institute (does not have to be a certified energy rater) who can work with the contractor on how to improve the building envelope in the most cost effective manner. This can reduce the amount of time looking for leaks, seal the building properly and save the Applicant money; and
- Minimize bends in all exhaust ductwork carried out as part of new construction and Renovation to be less than 90 degrees to provide less restriction on air movement.

H. Resident Community-Based Services Coordination (Mandatory only for Applicants requesting funding for Community Residential Homes):

The provision of community-based services coordination will be the responsibility of the Applicant, but may be in conjunction with public and/or private partnerships as approved by the Corporation in credit underwriting. All proposed Developments will be required to assist interested Residents with the coordination of their community-based services. The purpose is to assist each Resident to become aware of, access and/or maintain adequate and appropriate community-based services and resources. It is not the intent for this Resident service to take the place of services coordination already provided for a Resident by a program and/or agency as part of their supportive services plan. The focus shall be to assist Residents not receiving community-based services coordination by another program and/or agency, as well as to assist those Residents who need additional assistance with coordination of community-based services.

The approved provider of this service must have a minimum of three (3) years' experience administering and providing supportive services including outreach, information and referral services, benefits counseling, community-based services planning and coordination, and/or other related supportive services. Such experience must demonstrate that the supportive services listed above have been oriented to the needs and preferences of each intended Resident in assisting them to access services related to health care, independent activities of daily living, employment, income and housing. The provider of this Resident service shall also provide, at credit underwriting, information demonstrating its mission, qualifications, experience, agreements and/or contracts with state and federal supportive services programs, professional staffing and experience in serving the intended Residents described in question B. of Exhibit A.

Community-based services coordination shall be offered and made available to the Residents initially and regularly, and Resident participation shall be voluntary. If the proposed Development consists of Scattered Sites, the community-based services coordination shall be equally available to Residents of each Unit on each Scattered Site. Resident participation shall not be a requirement for new or continued residency. The Applicant shall commit to submit a services coordination plan at credit underwriting. The services coordination plan shall adhere to guidelines developed by the Corporation, in conjunction with state agencies, or their designee(s), that administer publicly funded supportive services for the intended Residents.

Property management and Resident community-based services coordination cannot be the responsibility of the same staff persons; the functions must be entirely separate.

I. Access to Community-Based Services and Resources (Maximum 60 Points):

The ability of the intended Residents described in question B. of Exhibit A. to effectively and efficiently access community-based services and resources is vital to assist these households in obtaining and maintaining choice, independence and full inclusion in the community. As specified in each section below, provide a description of the Applicant's plan to provide access to general community services including retail stores, recreation venues, and educational opportunities, as well as specific supportive services and resources that address the needs of the intended Residents, including healthcare centers and job-skills programs. Equitable access to community-based services and resources must be a consideration when proposing Scattered Site Units, and Applicants are expected to describe how each Unit in a proposed Scattered Site Development will have access to community-based services. In addition to the specific criteria for each section below, Applicant responses to these items will be evaluated based on the following criteria: (i) improvement to Residents' health, safety, stability, education and employment capacities, and quality of life; and (ii) improvement to Residents' ability to effectively utilize living skills to successfully live and be integrated in the community.

All Applicants proposing Community Residential Homes may be awarded points for providing information regarding access to community-based services and resources outlined in Section I.1. below.

J. Funding Available for the proposed Development

1. Non-Corporation Funding

To qualify for the Qualifying Financial Assistance Preference, the Applicant must state the amount of cash loans, cash grants and/or cash on hand ("Cash Funding") from local or other non-Corporation sources (all of which for purposes of this provision will be considered to be "Qualifying Financial Assistance"). If the Non-Corporation Funding total sources are equal to at least 10 percent of the Applicants' Maximum Eligible Funding Award Amount (the base loan described in J.2.b. below, plus \$17,000 described in J.2.c. below), the Applicant will receive funding preference as described in Section Five, A.1. Note: In-kind donations, donations of property or other assets, waivers of any fees, and any funding from the Corporation are not considered Qualifying Financial Assistance.

2. Corporation Funding

Determining the Maximum Eligible Funding Award Amount – Applications will initially be selected for funding using the Maximum Eligible Funding Award Amount. The Maximum Eligible Funding Award Amount will be determined by adding the maximum amount

that the Applicant is eligible for in b. below plus \$17,000 as described in c. below. This funding will be used for the hard costs associated with construction or Rehabilitation/Renovation as described in a. below, the costs associated with predevelopment inspections, technical assistance and credit underwriting as described in c. below, and reimbursable fees as described in d. below.

- a. Funding available for construction or Rehabilitation/Renovation - All Applicants will be required to address the following required items. If the Credit Underwriter, in consultation with the Corporation and the Applicant, determines that the required items below cannot be addressed with the Maximum Eligible Funding Award Amount from the Corporation (plus any additional funding obtained by the Applicant from other sources), the proposed Development will be deemed infeasible and the Corporation will withdraw funding from the proposed Development. The optional items are listed in order of priority and will be funded based on availability of funding remaining after required items below are addressed, based on a determination by the Credit Underwriter, in consultation with the Corporation and the Applicant.

Required items:

- Critical repair items as identified in the inspection(s). All health and safety deficiencies that should be immediately addressed;
- Immediate repair items as identified in the inspection(s). Repairs, replacements and significant deferred and other large system and maintenance items that must be addressed within 12 months;
- Required Features in Section Four, G. of the RFA, including construction, green building, accessibility, universal design and Visitability requirements. The final scope of work prepared in credit underwriting must explain how the property will meet these requirements; and
- Additional Bedrooms and bathroom requested by the Applicant in the Application (i.e., the funding requested by the Applicant for this purpose may only be spent for this purpose).

Hierarchy of optional items:

- Additional items, including energy and accessibility features, requested by the Applicant in the Description of Intended Construction, Rehabilitation, and Renovation as outlined in Section Four, K. below; and
- 12-36 Month Physical Needs. Repairs, replacements and deferred and other large system and maintenance items that must be addressed within 12-36 months.

- b. To complete this work, the Applicant will be eligible for the following amounts of funding up to the maximum specified below for construction needs, plus additional funding for the inspections and other work carried out as part of predevelopment and credit underwriting, and other soft costs associated with construction, as listed in c. below.

(D) As part of the funding request for one to three additional Bedrooms, the Applicant may request up to an additional \$15,000 to add new bathroom facilities.

The overall maximum funding award for adding up to three new Bedrooms and new bathroom facilities to an existing structure is \$87,000 (\$72,000 plus \$15,000), plus \$17,000 as outlined in c. below.

Note: The maximum funding award for both (i) and (ii) is \$171,000, plus \$17,000 as outlined in c. below.

- (b) Supported Living Unit Applicants will be initially awarded funding of up to \$14,000 per Resident (as enumerated in question E.8.b. of Exhibit A), for a maximum of \$112,000, plus \$17,000 as outlined in c. below.

- c. Predevelopment and Credit Underwriting Costs – \$17,000 will be added to all grant awards described in b. above. The base amount described in b. above plus \$17,000 will be considered the Maximum Eligible Funding Award Amount. This funding is for credit underwriting costs of \$8,000 and predevelopment costs

which are estimated to be \$9,000 or less. Any funding remaining from the amount set aside for predevelopment costs may be utilized for Development costs, up to the Total Development Cost.

- (1) The following costs are considered predevelopment costs when the Development consists of any proposed rehabilitation work, whether the Development Category is Renovation or Adding Units. The Corporation will pay these expenses directly and deduct the appropriate amounts from the award:
 - (a) An on-site physical needs assessment (PNA) ordered by the Credit Underwriter from an independent third party that will serve as the basis for the scope of work for the project. The PNA will be required to provide information according to the hierarchy of required items and optional items described in 2.a. above for Rehabilitation and Renovation specified in the RFA. This PNA may be carried out by a third party experienced in traditional multifamily PNAs, or may be done by a contractor or other third party chosen by the Credit Underwriter who has the expertise and capacity to carry out a detailed evaluation of a single family or small multifamily property, or may be a combination of several types of inspections. This inspection(s) may be combined with those listed below, provided the inspector(s) has the requisite certification and licensing;
 - (b) Blower door test conducted by a certified Home Energy Rater on the building to test for air infiltration. The Rater must test before and at the end of construction work. Raters must be trained by Florida Solar Energy Center, RESNET or the Building Performance Institute. As part of the test, the Rater must identify all leaks, cracks and penetrations in the building envelope. All leaks, cracks and penetrations identified in the building envelope must be included as part of the scope of work;
 - (c) HVAC equipment inspection performed by a licensed HVAC contractor. All leaks and joints in ductwork must be sealed with mastic. If HVAC equipment is being replaced, it must have a minimum SEER of 15. If any part of HVAC equipment is part of the rehabilitation, the HVAC servicing related to proper sizing and duct sealing must meet the same building code standards as are required for new construction. All HVAC replacements or rehabilitation identified in the inspection must be included in the final scope of work;
 - (d) Accessibility review - In credit underwriting, the Applicant is required to provide a floor plan and electronic photos for this review;

- (e) A cost analysis based on these inspections, which may be part of or separate from the above inspections. This will serve as or provide the background needed for the final scope of work, and must be aligned with the required items and hierarchy of optional items list in J.2.a.
 - (2) The following costs are considered predevelopment costs for proposed Developments that consist entirely of New Construction. The Corporation will pay these expenses directly and deduct the appropriate amounts from the award:
 - (a) A plan and cost review (desk review), ordered by the Credit Underwriter from an independent third party, including a cost analysis that will serve as the basis for a check on the proposed scope of work for the project. The review will be required to evaluate the feasibility of the required features in Section Four, G. of the RFA, including construction, green building, accessibility, universal design and Visitability requirements and all additional items, including energy and accessibility features, requested by the Applicant in the Description of Intended Construction, Rehabilitation, and Renovation provided as outlined in Section Four K below; and
 - (b) Accessibility review – In credit underwriting the Applicant is required to provide a floor plan and other documentation needed for this review.
 - (3) The Credit Underwriter reserves the right to assign a technical assistance provider to any Application in credit underwriting. If assigned, the provider will assist the Applicant as needed in formalizing the Development plans proposed in the response to this RFA and with the closing process.
- d. The following fees are eligible for reimbursement or direct payment from the grant funding:
- (1) Construction Inspection Fee – estimated to be \$668 for each site inspection and up to an additional \$170 per hour to process each draw by the Credit Underwriter. These fees will be due for each draw processed. When the scope of the development is rehabilitation, fees related to up to two (2) draws are eligible for reimbursement from the grant funding. When the scope of the development is new construction, fees related to up to four (4) draws are eligible for reimbursement from the grant funding;
 - (2) Grant Commitment Fee: 1.0% of the amount of the final grant award, up to a maximum of \$2,000; and

- (3) Compliance Monitoring Fees - \$100 per year for 10 years (the affordability period). Additional fees may be required if site visits and follow up reviews are necessary.
- (4) Third-party fees:
 - (a) Estimated cost for an appraisal of an unincorporated property being purchased is \$600;
 - (b) Estimated cost for an appraisal of a 2-4 unit residential facility is \$1,000;
 - (c) Estimated cost for a Transaction Screen Process (ASTM Standard E 1528) is \$1,000;
 - (d) Estimated costs to test for lead-based paint and asbestos is \$2,200;
 - (e) Estimated costs for property title report (Ownership and Encumbrance Report) is \$250;
 - (f) Cost for the recording fees for the grant closing is \$250; and
 - (g) Estimated cost for the boundary survey is \$1,000.

e. Non-reimbursable fees – the following fees are not eligible to be reimbursed to the Applicant from the grant funding:

- (1) Credit Underwriting Report Approval Deadline Extension Fee of \$250, if required, as further explained in Exhibit D, Part I, Item C.4.;
- (2) Closing Extension Fee of \$250, if required, as further explained in Exhibit D, Part I, Item C.5.; and
- (3) Assumption/Renegotiation Fees:

If the Applicant is requesting a sale and/or transfer and assumption of the Development, the Grantee shall submit to the Corporation a non-refundable assumption fee of one-tenth of one percent of the grant amount.

K. All Applicants must provide a Description of Intended Construction, Rehabilitation, and Renovation as **Attachment 11**. The description should include repair items known by the Applicant and any features desired by the Applicant, beyond those required in the RFA. The Description of Intended Construction may be a high level summary.

The Credit Underwriter assigned will be responsible for ordering inspections and coordinating with the Applicant on the Applicant's priorities toward developing a scope of work (including cost of construction) to complete the credit underwriting report. All costs associated with all

work, funding available to the proposed Development, the description of work provided by the Applicant, and the results of all inspections will be considered by the Credit Underwriter as the scope of work is developed.

1. To carry out such activities as credit underwriting, construction inspections and loan draws, compliance monitoring, and loan servicing fees will be assessed, as outlined in Section Four, J.2.c., of this RFA.
2. Sources of funding must equal or exceed expenses. However, if any funding shortfalls are discovered, the Applicant will be required to demonstrate during credit underwriting that it has secured adequate sources of funding to pay for all Development expenses. Sources of funding related to the value of in-kind donations of labor and/or materials will not be recognized in credit underwriting.
3. Any acquisition costs incurred earlier than 12 months prior to Application Deadline will not be allowed as part of Total Development Costs nor will the value of the subject property be allowed. The maximum cost permitted will be the lesser of the actual allowed cost of acquisition, or the appraised value of the land without improvements, as determined during credit underwriting. To document the cost of the property acquisition, the Credit Underwriter shall review the purchase contract, the closing settlement statement, and any other appropriate documentation indicating the cost. To document the appraised value of the property, the Credit Underwriter shall order and review an appraisal during the credit underwriting process. If an entity related to the Applicant is selling or has sold the property to the Applicant, the allowed cost of acquisition shall be the lesser of the Applicant's acquisition costs or the actual cost of acquisition incurred by the related entity in so far as the related entity's acquisition costs were incurred no earlier than 12 months prior to Application Deadline, in which case no acquisition costs will be allowed. Costs related to the value of in-kind donations of labor and/or materials will not be recognized in credit underwriting.
4. Developer overhead shall be limited to 10% of Development Cost.
5. The Maximum Eligible Funding Award Amount will be the amount of funding used for the Funding Selection Process; however, the actual amount of award may be less than the Maximum Eligible Funding Award Amount. To ensure that these scarce resources are allocated to Developments in a prudent manner, after preliminary awards are made, the Corporation may reduce the amount of the grant award based on needs determined in credit underwriting.

- A. Sorting Order - All Applications may receive points up to the maximum outlined above. Applications that received at least 60 points and met all other Mandatory Items ("eligible Applications") will be first be sorted by score (from the highest score to lowest score with a preference to select the Applicant with the highest score over one with a lower score). In the event that multiple Applications receive the same number of points, tie-breakers will be used in the following order to determine how these Applications are sorted in the funding selection process:

1. Qualifying Financial Assistance Preference – Applicants that can demonstrate use of cash loans, cash grants and/or cash on hand (“Cash Funding”) from local or other non-Corporation sources (all of which for purposes of this provision will be considered to be “Qualifying Financial Assistance”) will receive preference in the funding selection process if such sources are equal to at least 10 percent of the Applicants’ Maximum Eligible Funding Award Amount (the base loan described in Section Four, J.2.b., plus \$17,000 described in Section Four, J.2.c.) Cash Funding must be listed at question J.1. of Exhibit A, and may include pending, approved, and received funding. If the Applicant qualifies for this preference and is awarded funding under this RFA, the Applicant must provide and maintain at least 10 percent of the Maximum Eligible Funding Award Amount in Qualifying Financial Assistance within the permanent sources of financing or the award will be withdrawn. Note: In-kind donations, donations of property or other assets, waivers of any fees, and any funding from the Corporation are not considered Qualifying Financial Assistance.

2. Florida Job Creation Preference - Section 420.507, F.S., requires that all of the Corporation’s competitive programs include a preference for Applications that demonstrate the highest rate of Florida job creation in the development and construction of affordable housing.

To determine eligibility for the preference, the Corporation will calculate each Application’s Florida Job Creation score, which will reflect the number of Florida jobs per \$1 million of the Maximum Eligible Funding Award Amount.

Applications that choose **Adding Units that Serve Persons with Developmental Disabilities** must have a Florida Job Creation score equal to or greater than 5 to qualify for the Florida Job Creation Ranking Preference. Applications that choose Renovation of Existing Community Residential Homes must have a Florida Job Creation score equal to or greater than 11.0 to qualify for the Florida Job Creation Ranking Preference.

- a. The Corporation will calculate the Rate of Florida Job Creation using the following formulas:

(1) **Adding Units that Serve Persons with Developmental Disabilities:**

Number of Units x 2.141 Florida Jobs per Unit x \$1,000,000 / Maximum Eligible Funding Award Amount = Florida Jobs per \$1 million in Grant funding.

For example:

Application A consists of 1 new construction unit (with 3 Residents) and the Maximum Eligible Funding Award Amount is \$242,000 (\$225,000 base award plus \$17,000 for credit underwriting costs).

$1 \times 2.141 \times 1,000,000 / 242,000 =$ Florida Job Creation score of 8.85.

- (2) Applicants that choose Renovation of Existing Community Residential Homes:

Number of Units x 2.141 Florida Jobs per Unit x 1,000,000 / Maximum Eligible Funding Award Amount = Florida Jobs per \$1 million in Grant funding.

For example:

Application B consists of 1 Community Residential Home (with 3 Residents) and the Maximum Eligible Funding Award Amount is \$59,000.

$1 \times 2.141 \times 1,000,000 / 59,000 =$ Florida Job Creation score of 36.29.

- b. In the above examples, Application A will qualify for the Job Creation Preference because it has a Florida Job Creation score that is equal to or more than 5 and Application B will also qualify for the Job Creation Preference because it has a Florida Job Creation score that is equal to or more than 11.0.

3. Lottery – if the tie-breakers above do not break all ties, then the Application that received the lowest lottery number will receive preference.

B. Funding Selection

1. Funding Available: Amounts of Grant Funding available:

- \$4,312,000 will be used to fund Applications that are **Adding Units that Serve Persons with Developmental Disabilities** whether through new construction, Rehabilitation, or a combination of new construction and Rehabilitation (“Adding Units Applications” and “Adding Units Funding”)
- \$1,428,684.50 will be used to fund Applications that are **Renovating Existing Units that are Occupied by Persons with Developmental Disabilities** (“Renovation Applications” and “Renovation Funding”)

2. Funding Tests:

- a. 100% Funding Test - The 100% Funding Test means that Renovation Applications will be selected for funding only if there is enough Renovation Funding available to fully fund the Maximum Eligible Funding Award Amount, and Adding Units Applications will be selected for funding only if there is enough Adding Units Funding available to fully fund the Maximum Eligible Funding Award Amount.
- b. 90% Funding Test - The 90% Funding Test means that Renovation Applications will be selected for funding only if there is enough Renovation Funding available to fund at least 90% of the Maximum Eligible Funding Award Amount, and Adding Units Applications will be selected for funding only if there is enough

Adding Units Funding available to fund at least 90% of the Maximum Eligible Funding Award Amount.

3. County Award Tally: All counties will be listed on two (2) separate lists: the Community Residential Home County Award Tally and the Supported Living Unit County Award Tally.

As each Application proposing a Community Residential Home is selected for tentative funding, the county where the proposed Development is located will have one (1) Application credited toward the Community Residential Home County Award Tally.

As each Application proposing Supported Living Units is selected for tentative funding, the county where the proposed Development is located will have one (1) Application credited toward the Supported Living Units County Award Tally.

In the funding selection process, all Community Residential Home Applications and Supported Living Unit Applications will be sorted together. Every county will have two different County Award Tallies – one for Community Residential Homes and one for Supported Living Units. The Corporation will prioritize eligible unfunded Applications that meet the Funding Test and have the lowest applicable County Award Tally above other eligible unfunded Applications with a higher County Award Tally that also meet the applicable Funding Test, even if the Applications with a higher County Award Tally are higher ranked. If there are multiple eligible unfunded Applications that have the lowest County Award Tally, the Corporation will select the highest ranking Application among them for tentative funding.

4. Sorting Order: All eligible Applications will be sorted from highest score to lowest score, applying tie-breakers in the order described in Section Five, A. above.
5. Selection Process: Funding selection will start with the Adding Units Applications. The first Application selected for funding will be the highest scoring eligible Adding Units Application. After the first Application is selected for funding, the next highest scoring eligible Adding Units Application(s) will be selected for funding, provided the Application (i) can meet the 100% Funding Test, and (ii) has a County Award Tally that is less than or equal to all other eligible unfunded Adding Units Applications that also meet the 100% Funding Test.

If none of the eligible unfunded Adding Units Applications meet the 100% Funding Test, then the remaining funding will be awarded to the highest scoring eligible unfunded Adding Units Applications provided the Application (i) can meet the 90% Funding Test, and (ii) has a County Award Tally that is less than or equal to all other eligible unfunded Adding Units Applications that also meet the 90% Funding Test. If none of the unfunded eligible Adding Units Applications meet the 90% Funding Test, then the Adding Units Funding will be set aside.

At the conclusion of the Adding Units Application Funding process, the process will begin for the Renovation Applications in a manner identical to that described above for Adding Units Applications.

At the conclusion of the Renovation Application funding process, any Renovation and Adding Units Funding that remains will be pooled and first awarded to any Applications that were partially funded. Then, if funding remains, it will be awarded to the highest scoring eligible unfunded Adding Units Application(s), provided the Application(s) (i) can meet the 100% Funding Test, and (ii) has a County Award Tally that is less than or equal to all other eligible unfunded Adding Units Applications. If it is determined that no eligible unfunded Adding Units Applications can be fully funded, then funding will be awarded to the highest scoring eligible unfunded Adding Units Application(s) that (i) can meet the 90% Funding Test, and (ii) has a County Award Tally that is less than or equal to all other eligible unfunded Adding Units Applications.

If it is determined that no eligible unfunded Adding Units Applications can meet the 90% Funding Test, the funding will be awarded to the highest scoring eligible unfunded Renovation Application, provided the Application(s) (i) can meet the 100% Funding Test, and (ii) has a County Award Tally that is less than or equal to all other eligible unfunded Renovation Applications that also meet the 100% Funding Test. If it is determined that no eligible unfunded Renovation Applications can be fully funded, funding will be awarded to the highest scoring eligible unfunded Renovation Application(s) that (i) can meet the 90% Funding Test, and (ii) has a County Award Tally that is less than or equal to all other eligible unfunded Renovation Applications.

If an Application is selected for funding because it meets the 90% Funding Test but could not be fully funded, the Applicant will be required to demonstrate in credit underwriting that it can secure enough sources to pay for all expenses.

If none of the unfunded eligible Renovation Applications meet the 90% Funding Test, no further Applications will be considered for funding. All remaining eligible Applications will be listed on a list in the order they were ranked as approved by the Board, ("Ranked Waiting List"). If funding becomes available after the Board takes action on the Committee's recommendation(s), due to an Applicant withdrawing, an Applicant declining its invitation to enter credit underwriting or the Applicant's inability to satisfy a requirement outlined in this RFA, and/or provisions outlined in Exhibit D, ("Returned Funding"), and the Returned Funding is able to be offered to Applications on the Ranked Waiting List, the Returned Funding will be distributed to the Ranked Waiting List, subject to the 100% Funding Test and the County Award Tally, until the earlier of the following occurs: (i) the next competitive solicitation process for housing of this type is issued; or (ii) one year from the date the Board approves Applications through this RFA.

SECTION SIX AWARD PROCESS

- A. The Corporation's Executive Director will appoint a staff review Committee. Each member of the review Committee will be assigned a certain part or parts of each Application to review and score, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.
- B. The Committee shall conduct at least one public meeting during which the Committee members may discuss their evaluations, select Applicants to be considered for award, and make any

scoring adjustments deemed necessary to best serve the interests of the Corporation's mission. The Committee will list the Applications deemed eligible for funding in order from highest total score to lowest total score, applying the tie-breaker criteria, and then the funding selection criteria outlined in Section Five above, and develop a recommendation or series of recommendations to the Board.

- C. The Board may use the Applications, the Committee's scoring, any other information or recommendation provided by the Committee or staff, and any other information the Board deems relevant in its selection of Applicants to award funding.
- D. After the Board approves preliminary awards, the Corporation shall provide notice of its decision, or intended decision, for this RFA on the Corporation's Website the day of the applicable Board vote. After posting, an unsuccessful Applicant may file a notice of protest and a formal written protest in accordance with Section 120.57(3), Fla. Stat., et. al. Failure to file a protest within the time prescribed in Section 120.57(3), Fla. Stat., et. al., shall constitute a waiver of proceedings under Chapter 120, Fla. Stat.
- E. After issuance by the Board of all final orders regarding this RFA, each approved Application will be sent a Corporation letter of preliminary award outlining information that will need to be provided by the Applicant and the applicable deadlines as described in Part I, items A. and B. of Exhibit D. Once the Applicants meet those deadlines, they will be invited into credit underwriting. Credit underwriting reports for each preliminary award will be sent to the Board for final consideration. Notwithstanding a preliminary award by the Board pursuant to this RFA, a firm commitment of funding will be subject to a positive recommendation from the Credit Underwriter based on criteria outlined in the credit underwriting provisions in Exhibit D and subsequent approval of the credit underwriting report by the Board.

Exhibit D to RFA 2016-105 - Credit Underwriting and Program Requirements

Part I. Timeline for Providing Information to Corporation or Credit Underwriter

After the Board's decision to select the Applicant(s) for funding has become final action, the Corporation will send all successful Applicants a letter of preliminary award with the deadlines outlined in A. and B. below. An invitation to credit underwriting will not be issued until these requirements are met.

A. Site Control

Site control must be successfully demonstrated within 30 Calendar Days of the date of the Corporation letter of preliminary award if **Renovating Existing Units that Are Occupied by Persons with Developmental Disabilities**, or within 90 Calendar Days of the date of the Corporation letter of preliminary award if **Adding Units that Serve Persons with Developmental Disabilities**. Note: Before committing to a site, the Applicant must verify that all infrastructure, zoning, and site plan or plat approval requirements, as well as all other requirements of the RFA can be met for the proposed site. This includes verifying that sewer or septic tank systems are existing on the site and suitable for the proposed Development.

Failure to demonstrate site control by the applicable deadline shall result in the withdrawal of the Corporation letter of preliminary award. Site Control documents are:

1. Recorded Deed or Certificate of Title showing the Applicant as the sole grantee; or
2. Lease, including any sublease or assignment as applicable, showing the Applicant as the lessee or sub-lessee, or as the assignee of such interest. Applicants must provide a lease with a lease term of at least 10 years after the Application Deadline; or
3. Purchase contract, including any assignment as applicable, showing the Applicant as purchaser. Because the credit underwriting process can be lengthy, the Applicant should negotiate a closing date for the purchase that does not expire prior to a date that is six (6) months after the Application Deadline inclusive of extensions; or
4. Written agreement from the current owner of the site, whereby the owner agrees or otherwise commits to grant, donate or gift the site to the Applicant and demonstrating that title to the site will be transferred to the Applicant no later than six (6) months after the Application Deadline.

B. Ability to Proceed Documentation must be submitted within the following deadlines:

Within 30 Calendar Days of the date of the Corporation letter of preliminary award if the proposed Development is **Renovating Existing Units that Are Occupied by Persons with Developmental Disabilities**, or within 90 Calendar Days of the date of the Corporation letter of preliminary award if the proposed Development is **Adding Units that Serve Persons with Developmental Disabilities**.

Failure to demonstrate Ability to Proceed by the applicable deadline shall result in the withdrawal of the Corporation letter of preliminary award unless a written extension of time that is appropriate for the situation has been approved by staff. In determining whether to grant

an extension, staff shall consider the facts and circumstances of the Applicant's request, inclusive of the responsiveness of the Development team and its ability to deliver the Development timely. Ability to Proceed documents are:

1. Either the completed and executed (i) Florida Housing Finance Corporation Local Government Verification of Status of Site Plan Approval for Multifamily Developments form* to certify the status of site plan approval; or (ii) Florida Housing Finance Corporation Local Government Verification of Status of Plat Approval for Residential Developments form* to certify the status of plat approval;
2. The completed and executed Florida Housing Finance Corporation Local Government Verification that Development is Consistent with Zoning and Land Use Regulations form* or the completed and executed Florida Housing Finance Corporation Local Government Verification that Permits are not Required for this Development form*, as applicable, to certify that the site is appropriately zoned for the proposed Development; and
3. Evidence from the Local Government or service provider, as applicable, confirming the availability of the following for the entire Development site, including confirmation that these items are in place: electricity, water, sewer service, and roads for the proposed Development. Such confirmation can be by submission of the completed and executed Florida Housing Finance Corporation Verification of Availability of Infrastructure (Electricity, Water, Sewer, and Roads) forms* or by submission of a letter from the service provider which is dated within 12 months of the Application Deadline, is Development specific, and specifically states that the applicable service (electricity, water, sewer or roads) is available to the proposed Development, or in the case of septic systems, there are no known prohibitions regarding the installation of a septic system or, if necessary, the upgrade of an existing septic system.

* The required site plan, plat approval, zoning, and infrastructure forms are available on the Corporation's Website at <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2016-105/RelatedForms/> (also accessible by clicking [here](#)). The version of these forms that must be submitted is the one that states (Form Rev 11-14) at the bottom left corner, with the exception of the sewer form. The Applicant may submit the Florida Housing Finance Corporation Verification Of Availability Of Infrastructure - Sewer Capacity, Package Treatment, Or Septic Tank form with either (Form Rev. 11-14) or (Form Rev. 03-16) printed at the bottom left corner. Either form would satisfy this requirement. Both forms can be found on the Corporation's Website at <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2016-105/RelatedForms/> (also accessible by clicking [here](#)).

- C. After an Applicant has successfully demonstrated both site control and Ability to Proceed by submitting the above documentation by the applicable deadlines, the Corporation will invite the Applicant into credit underwriting. The invitation will outline the following deadlines. Failure to provide the required information by the stated deadline shall result in the withdrawal of the invitation to credit underwriting.

1. Within seven (7) Calendar Days of the date of the invitation to enter credit underwriting, the Applicant must accept the invitation.
2. Within 14 Calendar Days of the date of the invitation to enter credit underwriting, Applicants must submit:
 - (a) IRS Tax Information Authorization Form 8821 for all Financial Beneficiaries to the Corporation; and

3. Within two (2) months of the date of the invitation to enter credit underwriting,, the Applicant must provide either a Transaction Screen Process (TSP) report that has been completed within 12 months of the Application Deadline by an environmental engineer in accordance with ASTM Practice E 1528 standards; or Phase I Environmental Site Assessment, dated within 12 months of the Application Deadline, for the entire Development site. If the Development consists of any building constructed pre-1978, there must be a lead inspection or risk assessment with any necessary testing completed. If necessary, an appropriate remedial action plan must be determined, approved by the Credit Underwriter, and become part of the scope of work. If the TSP or Phase I Environmental Site Assessment determines the need to test for asbestos or any other environmental concern, testing must be completed. If necessary, an abatement program must be developed and then approved by the Credit Underwriter to become part of the scope of work. If remediation and/or abatement is not adequately addressed or if the cost of its implementation is prohibitive within the scope of the Development, the funds will be de-obligated.
4. Within nine (9) months of the date of the invitation to enter credit underwriting, the credit underwriting report must be approved by the Board. Unless a written extension of time has been approved by staff or the Board, a credit underwriting report missing the approval deadline shall result in withdrawal of the funding. In determining whether to grant an extension, staff shall consider the facts and circumstances of the Applicant's request, inclusive of the responsiveness of the Development team and its ability to deliver the Development timely. If staff's decision is to deny the Applicant's request for an extension, then prior to the withdrawal of the invitation, the Board shall consider the facts and circumstances of the Applicant's request, staff's denial, and any credit underwriting report, if available, and make a determination of whether to grant the requested extension. The Corporation shall charge a non-refundable extension fee of \$250 if the request to extend the commitment beyond the initial closing deadline is approved by either staff or the Board. In the event the funding does not close by the end of the extension period, the funds will be de-obligated.
5. The grant funding must close within 12 months of the date of the invitation to enter credit underwriting. Applicants may request one (1) extension of up to 12 months. All

extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting an extension and shall detail the time frame to close the grant(s). Staff will consider the facts and circumstances of each Applicant's request and any credit underwriting report, if available, prior to determining whether to grant the requested extension. If staff determines to not recommend an approval of the extension request, the written request will then be submitted to the Corporation's Board for consideration. The Board shall consider the facts and circumstances of each Applicant's request and any credit underwriting report, if available, prior to determining whether to grant the requested extension. The Corporation shall charge a non-refundable extension fee of \$250 if the request to extend the commitment beyond the initial closing deadline is approved by either staff or the Board. In the event the funding does not close by the end of the extension period, the funds will be de-obligated.

D. The Credit Underwriter will provide an itemized list for additional documentation needed to complete the credit underwriting report such as the following:

If the Applicant intends to provide Resident community-based services coordination in conjunction with public and/or private partnerships, the coordination and plan must be approved by the Corporation prior to approval of the final credit underwriting report.

To ensure assistance to those Residents that are receiving community-based services coordination through another program or agency, as well as to ensure assistance to those Residents who need additional service coordination, the provider of this Resident service shall also provide, at credit underwriting, information demonstrating its mission, qualifications, experience, agreements and/or contracts with state and federal supportive services programs, professional staffing and experience in serving the intended Residents.

3. If the Applicant is developing a Community Residential Home, the Applicant shall submit a hard copy of the facility's license to the Corporation within 30 Calendar Days from the date the license is issued by the licensing agency.

E. The Applicant must demonstrate it is meeting all of the criteria committed to within the RFA either at time of Application, credit underwriting, or executed closing agreements, as applicable.

Part II. Credit Underwriting Procedures

The following credit underwriting requirements apply to all Applications funded under this RFA.

Credit underwriting is a de novo review of all information supplied, received or discovered during or after any Application scoring and funding preference process, prior to final board approval and the

closing on funding. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team's experience, past performance or financial capacity is satisfactory. The credit underwriting review shall include an analysis of the Applicant, the real estate, the economics of the proposed scope of work, the ability of the Applicant and the Development team to proceed, and determine a recommended Grant Funding amount, as applicable. Corporation funding where property acquisition is involved will be based on an appraisal of comparable developments and other documents evidencing justification of costs. As part of the credit underwriting review, the Credit Underwriter will consider the applicable provisions of the credit underwriting and program requirements outlined in this RFA.

1. At the completion of all litigation and approval by the Board of all final agency action as defined in the Administrative Procedure Act, Chapter 120, Florida Statutes with regard to this RFA, the Corporation shall send all Applicants within the funding range a letter of preliminary award. After an Applicant has successfully demonstrated both site control and Ability to Proceed by submitting the required documentation by the applicable deadlines outlined in Part I., A. and B. above, the Corporation will invite the Applicant into credit underwriting. The Corporation shall select the Credit Underwriter for each Development.
2. The invitation to enter credit underwriting constitutes a preliminary commitment for the Grant Funding.
3. A response to the invitation to enter credit underwriting must be received by the Corporation and the Credit Underwriter not later than seven (7) Calendar Days after the date of the invitation. For any invitation to enter credit underwriting that is offered to an Applicant after Board approval of the list of Applications that is sorted from highest funding preference to lowest, where the Applicant's response is to decline to enter credit underwriting, the result shall be the removal of the Application's eligibility for funding for this RFA and any other funding where that list of eligible Applications will be used.
4. The Credit Underwriter shall review all information in the Application and subsequently provided during the credit underwriting process, including information relative to the Applicant, Developer, and General Contractor, as applicable, as well as other members of the Development team. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development. A General Contractor is necessary when new construction is part of the development scope for the Development.
5. In determining whether or not to provide a positive recommendation in connection with a proposed Development, the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor, as applicable, in connection with any other affordable housing development including but not limited to credit reports and bank references. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any affordable housing development or the documents governing financing or operation of any such development.

A negative recommendation may result from the review of:

- a. An Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor, as applicable;
 - b. Financial capacity of an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor, as applicable; or
 - c. Any other relevant matters relating to an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor, as applicable, if, in the Credit Underwriter's opinion, one or more members of the Development team do not possess the ability to proceed.
6. The Credit Underwriter shall report any inconsistencies, discrepancies or changes made to the Applicant's Application during credit underwriting.
7. The Applicant will be responsible for all fees in connection with the documentation submitted to the Credit Underwriter.
8. If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of the Credit Underwriter's expertise, the fee for such services shall be borne by the Applicant.
9. If the scope of the Development includes property acquisition, an appraisal shall be ordered by the Credit Underwriter, at the Applicant's expense, from an appraiser qualified for the geographic area and development type not later than completion of credit underwriting. The Credit Underwriter shall review the appraisal to properly evaluate the proposed property's financial feasibility. Appraisals which have been ordered and submitted by first mortgagors, if applicable, directly involved in the Development financing and which meet the above requirements and are acceptable to the Credit Underwriter (inclusive of the date of the appraisal) may be used instead of the appraisal referenced above.
11. If the scope of the Development includes new construction, the Corporation's assigned Credit Underwriter shall require a guaranteed maximum price construction contract, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant's sole expense, and review a pre-construction analysis. If the Development includes the rehabilitation of existing units, the Credit Underwriter may require a review of the Development's costs based on the scope of the proposed work.
12. The Applicant must provide the process, including dollar amounts, of how the Development will address capital replacement reserves, real estate taxes, and insurance coverages for review by the Credit Underwriter.
13. The Credit Underwriter may request additional information, but at a minimum, the following will be required during the underwriting process:
 - a. For the Applicant and any applicable general partner(s) and guarantors, financial statements either audited, compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If financial statements that are either audited, compiled or reviewed by a licensed Certified Public Accountant are not available,

unaudited financial statements prepared within the last 90 days and reviewed by the Credit Underwriter and the two most recent years' tax returns. If any of the applicable entities are newly formed (less than 18 months in existence as of the date that credit underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules. The financial statements and information provided for review should be in satisfactory form (inclusive of the substitution of the Multifamily Underwriting Certificate referenced in Section 407 with a similar certification meeting the same criteria) and shall be reviewed in accordance with Part IIIA, Sections 401 through 408 and 410, of Fannie Mae's Multifamily Selling and Servicing Guide, in effect as of June 10, 2015, which is available on the Corporation's Website at <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2016-105/OtherInformation/> (also accessible by clicking [here](#)); and

- b. For the General Contractor, if applicable, financial statements either audited, compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications.

14. The Credit Underwriter shall consider the following when determining the adequacy of construction completion guarantees:

- a. Liquidity of the Applicant and, if applicable, the guarantor(s);
- b. Developer and, if applicable, General Contractor's history in successfully completing Developments of similar nature;
- c. Problems encountered previously with Developer or contractor; and
- d. Relative exposure of Corporation funds compared to Total Development Cost.

At a minimum, the Credit Underwriter shall require a guarantee for completion of construction from the principal, the corporate general partner, or a similar entity of the borrowing entity. In addition, the Credit Underwriter may require additional surety if the Credit Underwriter determines after evaluation of paragraphs a.-d. in this subsection that it is needed.

15. For all Developments, Developer overhead and, if applicable, General Contractor's fee shall be limited to:

- a. The Developer overhead shall be limited to 10 percent of Development Cost; and
- b. The General Contractor's fee shall be limited to a maximum of 18 percent of the actual construction cost.

16. The General Contractor, if applicable, must meet the following conditions:

- a. Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor's budget;
- b. Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor's budget;

- c. Secure building permits and have them be issued in the name of the General Contractor;
 - d. Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted;
 - e. Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity, unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and the General Contractor's fees; and
 - f. Ensure that no construction cost is subcontracted to any entity that has common ownership or is affiliated with the General Contractor unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and ownership interests in the Development.
17. Contingency reserves are limited to the combined maximum hard and soft cost contingencies. Hard costs are considered to be actual construction costs and hard cost contingencies are limited to 5 percent of any new construction costs provided within the actual construction cost category and 15 percent of all non-new construction costs within the actual construction cost category. Soft costs are considered to be general development costs and soft cost contingencies are limited to 5 percent of the total general development costs category. These limited contingency reserves may be included within the Total Development Cost for Application and credit underwriting purposes.
18. The Credit Underwriter will review and determine if the number of loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation-funded Development.
19. All items required for the Credit Underwriter's credit underwriting report must be provided in a timely manner in order for the credit underwriting report to be approved by the Board within nine (9) months of the date of the invitation to enter credit underwriting. In determining whether to grant an extension, the Corporation shall consider the facts and circumstances of the Applicant's request, inclusive of the responsiveness of the Development team and its ability to deliver the Development timely. If the Corporation's decision is to deny the Applicant's request for an extension, then prior to the withdrawal of the invitation, the Board shall consider the facts and circumstances of the Applicant's request, the Corporation's denial, and any credit underwriting report, if available, and make a determination of whether to grant the requested extension.
20. The Credit Underwriter shall complete its analysis and submit a written draft report and recommendation to the Corporation. Upon receipt, the Corporation shall provide to the Applicant the section of the written draft report consisting of supporting information and schedules. The Applicant shall review and provide written comments to the Corporation and Credit Underwriter within 48 hours of receipt. After the 48 hour period, the Corporation shall provide to the Credit Underwriter comments on the draft report and, as applicable, on the Applicant's comments. Then, the Credit Underwriter shall review and incorporate, if deemed appropriate, the Corporation's and Applicant's comments and release the revised report to the

Corporation and the Applicant. Any additional comments from the Applicant shall be received by the Corporation and the Credit Underwriter within 72 hours of receipt of the revised report. Then, the Credit Underwriter will provide a final report, which will address comments made by the Applicant, to the Corporation.

21. The Credit Underwriter's grant recommendations will be sent to the Board for approval.
22. The Corporation shall issue a firm grant commitment within seven (7) Calendar Days after approval of the Credit Underwriter's recommendation for funding by the Board.
23. At least five (5) Calendar Days prior to any grant closing:
 - a. The Applicant must provide evidence of all necessary consents or required signatures from first mortgagees or subordinate mortgagees to the Corporation and its counsel, and
 - b. The Credit Underwriter must have received all items necessary to release its letter confirming that all closing contingencies have been met, including the finalized sources and uses of funds and Draw schedule.
24. All consulting fees and any financial or other guarantees required for the financing must be paid out of the Developer overhead. Consulting fees and any financial or other guarantees required for the financing cannot cause the Developer overhead to exceed the maximum allowable fee as set forth in Item 15 above.
25. All contracts for hard or soft Development Costs must be itemized for each cost component.

Part III. Program Procedures and Requirements for Grant Funding

1. General Program Procedures:
 - a. An Applicant is not eligible to apply for or retain Grant Funding available under this RFA if the proposed Development has previously accepted an invitation to enter credit underwriting that has not been withdrawn by the Applicant or the Corporation as of Application Deadline, or the Development site or any part thereof is subject to any Land Use Restriction Agreement (LURA) or Extended Use Agreement (EUA), or both, in conjunction with any Corporation affordable housing financing intended to foster the development or maintenance of affordable housing, unless the only LURA that was recorded was in conjunction with the Predevelopment Loan Program.
 - b. For purposes of the following, a material change shall mean 33.3 percent or more of the Applicant, and a non-material change shall mean less than 33.3 percent of the Applicant.

The Applicant entity cannot be changed in any way until after closing on the grant funding. After closing, (a) any material change will require review and approval of the Credit Underwriter, as well as approval of the Board prior to the change, and (b) any non-material change will require review and approval of the Corporation, as well as approval of the Board prior to the change. Changes to the Applicant entity prior to the closing or without Board approval after the closing shall result in disqualification from

receiving funding and shall be deemed a material misrepresentation.

- c. The name of the Development provided in the Application may not be changed or altered after submission of the Application during the history of the Development with the Corporation unless the change is requested in writing and approved in writing by the Corporation. Such determination shall be either pursuant to a proceeding conducted pursuant to Sections 120.569 and 120.57, F.S., or as a result of a finding by a court of competent jurisdiction. When the Corporation initiates a proceeding under this part, all pending transactions under any program administered by the Corporation involving the Applicant or its Affiliates shall be suspended until the conclusion of such a proceeding.

- e. A Development will be withdrawn from funding if, at any time, the Board determines that the Applicant's Development or Development team is no longer the Development or Development team described in the Application or to the Credit Underwriter, and the changes made are prejudicial to the Development or to the market to be served by the Development.
- f. If an Applicant or Developer or any Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer has any existing Developments participating in any Corporation programs that remain in non-compliance with applicable loan documents and use restriction agreements, and any applicable cure period granted for correcting such non-compliance has ended as of the time of submission of the Application or at the time of issuance of a credit underwriting report, the requested funding will, upon a determination by the Board that such non-compliance substantially increases the likelihood that such Applicant or Developer will not be able to produce quality affordable housing, be denied and the Applicant or Developer and the Affiliates of the

Applicant or Developer will be prohibited from new participation in any of the Corporation's programs until such time as all of their existing Developments participating in any Corporation programs are in compliance.

- g. Notwithstanding any other provisions of this RFA, the following items as identified by the Applicant in the Application of the RFA must be maintained and cannot be changed by the Applicant after the Application deadline unless provided otherwise below:

2. Grant Funding:

Grant Funding will be subject to the credit underwriting provisions outlined in Part II. above and the funding provisions outlined below:

a. Grant Funding Terms and Conditions:

- (3) The Corporation shall monitor compliance of all terms and conditions of the Grant Funding and shall require that certain terms and conditions be embodied in the Restrictive Covenant and Grant Agreement and recorded in the public records of the county wherein the Development is located. Violation of any material term or condition of the documents evidencing or securing the Grant Funding shall constitute a default during the term of the grant. The Corporation shall take appropriate legal action to effect compliance if a violation of any material term or condition relative to the set-asides of units is discovered during the course of compliance monitoring or by any other means.
- (4) The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender, the Corporation, or the Corporation's servicer, which shall meet the standards established in Part IIIA, Section 322 of the Fannie Mae Multifamily Selling and Servicing (DUS) Guide, effective February 3, 2014, (and as amended from time to time), which is available on the Corporation's Website at <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/>

 - (a) Grant Funding amount originally awarded;
 - (b) Expenses of the sale; and
 - (c) If there will be insufficient funds available from the proposed sale of the Development to satisfy paragraphs (3)(a)-(b) above, the Grant Funding shall not be satisfied until the Corporation has received:

the parties, as supported by a draft and final closing statement;

 - (a) The Corporation or the Corporation's servicer determines at any time that the actual cost budget or progress of construction differs from that as shown on the grant documents; or
 - (b) The percentage of progress of construction of the improvements differs from that shown on the request for a Draw.
- (6) The servicer may request submission of revised construction/rehabilitation budgets.
- (7) Based on the Applicant's progress of construction, if the Corporation determines that further analysis by the Credit Underwriter is required prior to the release of the final Draw, the Applicant shall pay to the Credit Underwriter a

fee based on an hourly rate determined pursuant to the contract between the Corporation and the Credit Underwriter.

- (8) Retainage in the amount of 10 percent per Draw shall be held by the servicer during construction until the Development is 50 percent complete.
