Subject: Local Government Contribution for 2017-18 RFAs

Ken:

It appears that the LG Contribution requirement will not be applicable for the upcoming 4%/SAIL and 9% RFAs (per the recent workshops) and the Area of Opportunity bonus will be implemented to afford locals the ability to endorse or prioritize an application of interest to them. As you probably know, Escambia County did not provide LG support for any of the 20 or so applications in the RFA rounds last year, effectively making them non-competitive in the 9% round. It will be important for developers to know the status of the LG Contribution requirement as early as possible since this will most definitely play into site/location selection for the 2017-18 RFAs.

Thank you,
Randy Wilkerson
