67-21.003 Application and Selection Process for Developments.

(1) Applicants shall apply for MMRB, Non-Competitive HC, or a combination of MMRB and Non-Competitive HC as set forth below. For purposes of this subsection only, the term NC Award shall refer to MMRB, Non-Competitive HC, or a combination of MMRB and Non-Competitive HC, and funding from the following Corporation programs will not be considered to be other Corporation funding: Predevelopment Loan Program (PLP) and Elderly Housing Community Loan (EHCL) Program.

(a) If the NC Award will be used with other Corporation funding, the Applicant shall apply for the NC Award using the forms and procedures specified in the applicable competitive solicitation for such other funding. Unless

otherwise specifically provided in the solicitation, all of the substantive provisions of this chapter will continue to apply to the NC Award. Any references in this chapter to “Application” shall mean the application or response submitted for such other funding.

(b) If the NC Award will not be used with other Corporation funding, the Applicant shall utilize the Non-Competitive Application Package in effect at the time the Applicant submits the Application. The Non-Competitive Application Package or NCA (Rev. 10-15) is adopted and incorporated herein by reference and consists of the forms and instructions available, without charge, on the Corporation’s Website under the Multifamily Programs link labeled Non-Competitive Programs or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-05890>, which shall be completed and submitted to the Corporation in accordance with this rule chapter.

(c) All Applications must be complete, legible and timely when submitted, except as described below. Corporation staff may not assist any Applicant by copying, collating, or adding documents to an Application nor shall any Applicant be permitted to use the Corporation’s facilities or equipment for purposes of compiling or completing an Application.

(2) Failure to submit an Application completed in accordance with the Application instructions and these rules will result in the failure to meet threshold in accordance with the instructions in the Application and this rule chapter.

(3) Each submitted Application shall be evaluated and preliminarily scored using the factors specified in the Non-Competitive Application Package and these rules. The Contact Person shall be notified by e-mail of items identified by the Corporation to be addressed by the Applicant, which may include financial obligations for which an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer is in arrears to the Corporation or any agent or assignee of the Corporation. For the Corporation to deem an Application complete, all arrearages must be satisfied.

(4) Each Applicant shall be allowed to cure its Application by submitting additional documentation, revised pages and such other information as the Applicant deems appropriate (“cures”) to address the issues raised pursuant to subsection (3) above that could result in failure to meet threshold. A new form, page or exhibit provided to the Corporation prior to the time the Application is deemed complete shall be considered a replacement of that form, page or exhibit if such form, page or exhibit was previously submitted in the Applicant’s Application. Documents executed by third parties must be submitted in their entirety, including all attachments and exhibits referenced

therein, even if only a portion of the original document was revised. Where revised or additional information submitted by the Applicant creates an inconsistency with another item in that Application, the Applicant shall also be required to make such other changes as necessary to keep the Application consistent as revised.

(5) For Applications requesting MMRB only or MMRB and Non-Competitive HC, based on the availability of State Bond Allocation designated by the Board of Directors for multifamily housing, the Board of Directors shall designate Applications for funding and offer the opportunity to enter Credit Underwriting.

(6) If an Applicant or any Affiliate of an Applicant:

The Applicant and any of the Applicant's Affiliates will be ineligible for funding or allocation in any program administered by the Corporation for a period of up to two (2) years, which will begin from the date the Board of Directors makes such determination or from the date the Corporation initiates a legal proceeding under this part. Such determination shall be either pursuant to a proceeding conducted pursuant to Sections 120.569 and 120.57, F.S., or as a result of a finding by a court of competent jurisdiction. When the Corporation initiates a proceeding under this part, all pending transactions under any program administered by the Corporation involving the Applicant or its Affiliates shall be suspended until the conclusion of such a proceeding.

(7) The Corporation shall reject an Application if, following the submission of the additional documentation, revised pages and other information as the Applicant deems appropriate as described in subsection (4) above:

(a) The Development is inconsistent with the purpose of the MMRB Program, the Housing Credit Program, or both, or does not conform to the Application requirements specified in this rule chapter;

(b) The Applicant fails to achieve the threshold requirements as detailed in these rules, the applicable Application and Application instructions;

(c) The Applicant fails to file all applicable Application pages and exhibits that are provided by the Corporation and adopted under this rule chapter;

(d) The Applicant fails to satisfy any arrearages described in subsection (3) above.

(8) Notwithstanding any other provision of these rules, there are certain items that must be included in the Application and cannot be revised, corrected or supplemented after the Application is deemed complete. Those items are as follows:

(a) Name of Applicant entity; notwithstanding the foregoing, the name of the Applicant entity may be changed only by written request of an Applicant to Corporation staff and approval of the Board after the Applicant has been invited to enter Credit Underwriting. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of validity and consistency of Application documentation;

(b) Principals of each Developer, including all co-Developers; notwithstanding the foregoing, the Principals of the Developer(s) may be changed only by written request of an Applicant to Corporation staff and approval of the Board after the Applicant has been invited to enter Credit Underwriting. (c) Program(s) applied for;

(d) Applicant applying as a Non-Profit or for-profit organization;

(e) Site for the Development; notwithstanding the foregoing, after the Applicant has been invited to enter Credit Underwriting and subject to written request of an Applicant to Corporation staff and approval of the Corporation, the site for the Development may be increased or decreased, provided the Development Location Point is on the site. With regard to said approval, the Corporation shall consider the facts and circumstances of each Applicant's request, inclusive of validity and consistency of Application documentation;

(f) Development Category;

(g) Development Type;

(h) Demographic Commitment;

(i) Total number of units; notwithstanding the foregoing, the total number of units may be increased after the Applicant has been invited to enter Credit Underwriting, subject to written request of an Applicant to Corporation staff and approval of the Corporation. With regard to said approval, the Corporation shall consider the facts and circumstances, inclusive of each Applicant's request, in evaluating whether the changes made are prejudicial to the Development or to the market to be served by the Development;

(j) The Total Set-Aside Percentage as stated in the last row of the total set-aside breakdown chart for the program(s) applied for in the Set-Aside Commitment section of the Application; notwithstanding the foregoing, the Total Set-Aside Percentage may be increased after the Applicant has been invited to enter Credit Underwriting, subject to written request of an Applicant to Corporation staff and approval of the Corporation. With regard to said approval, the Corporation shall consider the facts and circumstances, inclusive of each Applicant's request, in evaluating whether the changes made are prejudicial to the Development or to the market to be served by the Development;

(k) Submission of one original hard copy with the required number of photocopies of the Application by the applicable Application submission deadline, as outlined in the Non-Competitive Application instructions;

(l) Payment of the required Application fee and, if applicable, the TEFRA fee at submission of the Application;

(m) The Application labeled "Original Hard Copy" must include a properly completed Applicant Certification reflecting an original signature.

All other items may be submitted as cures pursuant to subsection (4) above.

(9) A Development will be withdrawn from funding and any outstanding commitments for funds will be rescinded if at any time the Board of Directors determines that the Applicant's Development or Development team is no longer the Development or Development team described in the Application or to the Credit Underwriter, and the changes made are prejudicial to the Development or to the market to be served by the Development.

(10) If an Applicant or Developer or any Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer has any existing Developments participating in any Corporation programs that remain in non-compliance with the Internal Revenue Code, Title 67, F.A.C., or applicable loan documents, and any applicable cure period granted for correcting such non-compliance has ended as of the time of submission of the Application or at the time of issuance of a Credit Underwriting Report, the requested allocation will, upon a determination by the Board of Directors that such non-compliance substantially increases the likelihood that such Applicant or Developer will not be able to produce quality affordable housing, be denied and the Applicant or Developer and the Affiliates of the Applicant or Developer will be prohibited from new participation in any of the Corporation's programs until such time as all of their existing Developments participating in any Corporation programs are in compliance.

(11) The withdrawal by the Applicant from any one program will be deemed by the Corporation to be a withdrawal of the Application from all programs.

(12) The name of the Development provided in the Application may not be changed or altered after submission of the Application during the history of the Development with the Corporation unless the change is requested in writing and approved in writing by the Corporation. The Corporation shall consider the facts and circumstances of each Applicant's request and any Credit Underwriting Report, if available, prior to determining whether to grant such request.

(13) For Applications requesting MMRB:

(a) The Corporation shall initiate TEFRA Hearings on the proposed Developments after Applications are submitted. Neither the TEFRA Hearing, the invitation into Credit Underwriting, nor the Acknowledgment Resolution obligate the Corporation to finance the proposed Development in any way.

(b) Upon receipt of the Credit Underwriting Report, the Corporation shall submit the Application to its IRMA for a preliminary recommendation of the method of bond sale for each Development pursuant to Rule 67-21.0045, F.A.C.

(c) The Corporation shall notify the Applicant, in writing, of the Board of Directors determination related to approval of the Credit Underwriting Report and require the Applicant to submit one-half of the good faith deposit within seven (7) Calendar Days from the receipt of such notice.

The Board of Directors shall consider authorizing the execution of the Loan Commitment and shall consider final Board of Directors approval reserving State Bond Allocation for a Development. Requests for Taxable Bonds shall be considered by the Board of Directors in an amount recommended by the Credit Underwriter. The Board of Directors shall also assign an Investment Banker or, structuring agent, an IRMA, and any other professionals necessary to complete the transaction. Staff shall assign the Corporation Bond Counsel and Special Counsel and Trustee as needed.

(e) Following receipt of one-half of the good faith deposit, the Corporation's assigned Special Counsel shall begin preparation of the Loan Commitment.

(f) Upon execution of a Loan Commitment, the Applicant shall pay the balance of the good faith deposit and the Corporation shall authorize Bond Counsel and Special Counsel to prepare the Program Documents.

- (3) The Development shall consist of similar units, containing complete facilities for living, sleeping, eating, cooking and sanitation for a Family.
- (4) None of the units in the Development shall be used on a transient basis, nor shall they be knowingly leased

for a period of less than 180 days unless a determination is made by the Corporation that there is a specific need in that particular area for leasing arrangements of less than 180 days, but in no event shall a lease be for a period less than 30 days, nor shall a Development be used as a hotel, motel, dormitory, fraternity house, sorority house, rooming house, hospital, sanitarium, nursing home, rest home or trailer court or park.

(5) All of the dwelling units shall be rented or shall be available for rent on a continuous basis to members of the general public, and the Applicant shall not give preference to any particular class or group in renting the dwelling units in the Development, except to the extent that dwelling units are required to be occupied in compliance with the Internal Revenue Code or are being held for the Elderly, Commercial Fishing Workers, the Homeless, Persons with Special Needs, or Farmworkers.

(6) The Applicant shall have no present plan to convert the Development to any use other than the use as affordable residential rental property.

(7) None of the units shall at any time be occupied by the owner of the Development or an individual related to the owner as such terms are defined by the IRC; provided, however, that in Developments containing more than 50 residential units, such owner or related person may occupy up to one unit per each 100 units in a Development and such owner or related person must reside in a unit that is in a building or structure which contains at least five (5) residential units.

(8) Commencing with the date on which at least 10 percent of the units in the Development are occupied:

(a) At least 20 percent or 40 percent, whichever is applicable based on Applicant's selection of the minimum federal set-aside, of the occupied and completed residential units in the Development shall be occupied by Lower Income Residents, prior to the satisfaction of which no additional units shall be rented or leased, except to a Family that is also a Lower Income Resident;

(b) After initial rental occupancy of such residential units by Lower Income Residents, at least 20 percent or 40 percent, whichever is applicable based on Applicant's selection of the minimum federal set-aside, of the completed residential units in the Development at all times shall be rented to and occupied by Lower Income Residents as required by section 142(d) of the Internal Revenue Code if the Development is financed with the proceeds of Tax-exempt Bonds, or as required by the Act, if the Development is financed with the proceeds of Taxable Bonds, or held available for rental if previously rented to and occupied by a Lower Income Resident.

(9) The Applicant shall obtain and maintain on file income certifications from each Lower Income Resident

immediately prior to initial occupancy and at least annually thereafter.

(10) The Applicant shall not take, permit, or cause to be taken any action which would adversely affect the exemption from federal income taxation of the interest on Tax-exempt Bonds, nor shall the Applicant fail to take any action which is necessary to preserve the exemption from federal income taxation of the interest on Tax-exempt Bonds.

(11) The Applicant shall take such action or actions as shall be necessary to comply fully with the Internal Revenue Code, Florida Statutes, and the Corporation's rules.

(12) The Applicant may limit the leasing of units in a Development to the Elderly, Commercial Fishing Workers, the Homeless, Persons with Special Needs, or Farmworkers as permitted hereby.

(13) In the event that the Applicant has determined that the market no longer supports the Development as Elderly Housing and desires to rent to younger persons or families, the following criteria must be met:

(a) A viable marketing plan is submitted to and is acceptable to the Corporation showing a good faith effort to market the unit as Elderly Housing.

(b) The Applicant demonstrates that a good faith effort was made to lease the unit as Elderly Housing and that such effort was made for at least six (6) months after the certificate of occupancy for the relevant unit was issued.

(c) The Applicant has requested and received Board of Directors' approval that the Development no longer qualifies as Elderly Housing, with said approval being based upon the criteria outlined in paragraphs (a) and (b) above.

(15) The owner of a Development must notify the Corporation of an intended change in the management company. The Corporation must approve, pursuant to Rule Chapter 67-53, F.A.C., the Applicant's selection of a management company prior to such company assuming responsibility for the Development. HUD, including the HUD Risk Sharing Program.

(17) The Applicant shall provide annually to the Trustee not later than 151 days after the end of the Applicant's fiscal year, audited financial statements prepared by an independent certified public accounting firm, consolidated or consolidating, on the Development and any other information required by the Corporation to comply with continuing disclosure requirements imposed by law.

(18) Unless otherwise approved by the Board of Directors, Cross-collateralization shall not be allowed. With regard to said approval, the Board shall consider the facts and circumstances, inclusive of each Applicant's request, in evaluating whether the changes made will have a negative impact to the Development or whether Cross-collateralization with some or all of the Applicant's other assets would strengthen the security of the Corporation's mortgage.

67-21.007 MMRB Fees.

In addition to the fees specified in the Non-Competitive Application Package, the Corporation shall collect the following fees and charges in conjunction with the MMRB Program:

(1) Refundable Fees and Charges:

(a) Good faith deposit means a total deposit equal to one percent of the Loan amount reflected in the Loan Commitment paid by the Applicant to the Corporation. The Applicant shall pay a total deposit equal to one percent of the aggregate principal amount of proposed Taxable and Tax-exempt Bonds, or \$75,000, whichever is greater, to the Corporation, which deposit may be applied toward the Cost of Issuance Fee. The maximum good faith deposit required is \$175,000. The good faith deposit is payable in two equal installments: the first installment (one-half of one percent) is due within seven (7) Calendar Days of the date the Board of Directors approves the Credit Underwriting Report. The balance is payable no later than the date when the Applicant executes the Loan Commitment. If the good faith deposit is exhausted, the Applicant shall be required to pay, within three (3) days of notice, an additional deposit to ensure payment of the expenses associated with the processing of the Application, the sale of the Bonds, including document production and the securitization of the Loan. The good faith deposit shall be remitted by certified check or wire transfer. In the event the MMRB Loan does not close, the unused portion of the good faith deposit shall be refunded to the Applicant. Notwithstanding the foregoing, the Applicant is

responsible for all expenses incurred in preparation for loan closing. Any and all costs of the Corporation will be deducted from the good faith deposit prior to refunding any unused funds to the Applicant. In the event that additional invoices are received by the Corporation subsequent to a determination that the MMRB Loan will not close and refunding any unused funds to the Applicant, which invoices related to costs incurred prior to such determination and refunding, Applicant shall be responsible for payment of the balance due as invoiced.

(b) Cost of Issuance Fee: the Corporation shall require Applicants or participating Qualified Lending Institutions selected for participation in the program, to deliver to the Corporation, or, at the request of the Corporation, directly to the Trustee, before the date of delivery of the Bonds, a Cost of Issuance Fee in an amount determined by the Corporation to be sufficient to pay the costs and expenses relating to issuance of the Bonds, which amount shall be deposited into an account to be held by the Trustee. The Corporation shall provide the Applicant with a good faith estimate of the Cost of Issuance Fee prior to closing. The Applicant shall pay all costs and expenses incurred by the Corporation in connection with the issuance of the Bonds, the expenditure of the MMRB Loan proceeds, and provision of Credit Enhancement, if any, even if such costs and expenses exceed the Cost of Issuance Fee. Any amounts remaining in this account at the time the balance is transferred and the account closed pursuant to the trust indenture shall be returned to the Applicant.

(2) Non-refundable Fees and Charges:

(a) TEFRA fee: Applicants shall submit a non-refundable TEFRA fee to the Corporation in the amount of \$1,000 upon submission of the Application or request for refunding. This fee shall be applied to the actual cost of publishing required newspaper advertisements and Florida Administrative Register notices of TEFRA Hearings. If the actual cost of the required publishing exceeds \$1,000, Applicant shall be invoiced for the difference. Any issuance of non-Credit Enhanced revenue Bonds shall be sold only to a Qualified Institutional Buyer. Such non-Credit Enhanced revenue Bonds may only be utilized for financings where the Applicant has demonstrated that the issuance produces a substantial benefit to the Development not otherwise available from Credit Enhancement structures. The analysis of the substantial benefit must be provided in a format acceptable to the Corporation and shall include the initial issuer cost of issuance, underwriter's discount or structuring agent fee, annual debt service, total debt service and any other factors necessary and appropriate to demonstrate that the issuance produces a substantial benefit to the Development. This analysis must be provided both prior to the review of the method of Bond sale conducted by the Corporation's IRMA, and again prior to the pricing of the Bonds, showing any changes affecting the original estimated substantial benefit. The Corporation shall engage the Investment Banker or structuring agent with respect to such Bonds. The Corporation, in its discretion, will allow only an underwriting discount or a structuring agent fee, but not both. Unless such Bonds are rated in one of the four highest rating categories by a nationally recognized rating service, such Bonds shall not be held in a full book-entry system (but may be Depository Trust Company (DTC)-Eligible) and shall comply with at least one of the following criteria:

(1) The Bonds shall be issued in minimum denominations of \$100,000 (subject to reduction by means of redemption) and each purchaser of such Bond, including subsequent purchasers unless the requirements of subsection (2) or (3) below are met, shall certify to the Corporation prior to any purchase or transfer of any Bond that such purchaser is a Qualified Institutional Buyer; or

(2) The Bonds shall be issued in minimum denominations of \$250,000 (subject to reduction by means of redemption) and an investment letter satisfactory to the Corporation and its counsel shall be obtained from each initial purchaser of the Bonds (including any purchaser purchasing such Bonds in an immediate resale from an underwriter), but shall not be required of subsequent purchasers of the Bonds, to the effect that, among other things, such purchaser is a Qualified Institutional Buyer, is purchasing such Bonds for its own account and not for immediate resale to a purchaser other than a Qualified Institutional Buyer, and has made an independent investment decision as a sophisticated or institutional investor; or

(3) The Bonds shall be issued in minimum denominations of \$250,000 (subject to reduction by means of redemption) and an investment letter satisfactory to the Corporation and its counsel shall be obtained from each initial purchaser of the Bonds and from each subsequent transferee of the Bonds prior to any transfer thereof, to the effect that such purchaser is a Qualified Institutional Buyer.

67-21.014 MMRB Credit Underwriting Procedures.

Credit Underwriting is a de novo review of all information supplied, received or discovered during or after any application scoring process, prior to the closing on funding. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team's experience, past performance or financial capacity is satisfactory.

(1) An invitation into Credit Underwriting shall require that the Applicant submit the Credit Underwriting and appraisal fee and information required to complete the Credit Underwriting, to the Credit Underwriter in accordance with the schedule established by the Corporation upon the recommendation of the Credit Underwriter. Failure to submit the Credit Underwriting and appraisal fee or meet the deadlines as set forth in the schedule shall result in the immediate termination of Credit Underwriting activities.

(2) The Credit Underwriter shall in Credit Underwriting analyze and review all information in the Application, or any proposed changes made subsequent thereto, in order to make a recommendation to the Board of Directors on the feasibility of the Development, without taking into account the willingness of a Credit Enhancer to provide Credit Enhancement. Credit Underwriting services shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, and

the evidence of need for affordable housing in order to determine that the Development meets the MMRB Program requirements. The Credit Underwriter shall determine a recommended Bond amount that should be made to a Development, whether an initial loan or a refunding.

(a) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of normal underwriting procedures, the cost of such expertise shall be borne by the Applicant.

(b) The Credit Underwriter shall review the proposed financing structure to determine whether the MMRB Loan is feasible. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development. In making that determination the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any affordable housing development or the documents governing financing or operation of any such development.

(c) Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter:

1. Considering all affordable housing developments in which any party named above has been involved, if:

a. During the period prior to August 1, 2010, 5 percent or more of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more, or

b. During the period beginning on or after August 1, 2010, any of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default is uncured at the present or, if cured, remained uncured for a period of 60 days or more.

2. Mitigating factors to be considered by the Credit Underwriter, to the extent such information is reasonably available and verifiable, shall include the extent to which the party funded the operations of the development from that party's own funds in an attempt to keep the development afloat, the election by a party to forego financial

participation in a development in an attempt to keep the development afloat, the party's satisfactory performance history over the last ten (10) years in connection with that party's affordable housing developments, and any other extenuating circumstances deemed relevant by the Credit Underwriter in connection with the party's involvement in a development.

3. A negative recommendation may also result from the review of:

a. An Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development,

b. Financial capacity of an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor, and for MMRB Applicants that have Housing Credits, the Housing Credit Syndicator, or

c. Any other relevant matters relating to an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor if, in the Credit Underwriter's opinion, one or more members of the Development team do not possess the ability to proceed.

(d) In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves when calculating the final net operating income available to service the debt. A minimum amount of \$300 per unit per annum must be deposited annually in the replacement reserve account for all Developments.

1. The initial replacement reserve will have limitations on the ability to be drawn upon during the following time periods:

a. New construction or Redevelopment Developments shall not be allowed to draw during the first five (5) years or until the establishment of a minimum balance equal to the accumulation of five (5) years of replacement reserves per unit, or

b. Preservation or Rehabilitation Developments (with or without acquisition) shall not be allowed to draw until the start of the scheduled replacement activities as outlined in the pre-construction capital needs assessment report ('CNA') subject to the activities completed in the scope of rehabilitation, but not sooner than the 3rd year.

2. The amount established as a replacement reserve shall be adjusted based on a CNA to be received by the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers at the time the CNA is required, beginning no later than the 10th year after the first residential building in the development receives a certificate of occupancy, a temporary certificate of occupancy, or is placed in service, whichever is earlier ('Initial Replacement Reserve Date'). A subsequent CNA is required no later than the 15th year

after the Initial Replacement Reserve Date and subsequently every five (5) years thereafter. If the Applicant does not provide a copy of a CNA to the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers within the stated time frames, then one shall be ordered by the Corporation or its servicers at the Applicant's expense. The only events allowed to drop the balance below the minimum are items related to life safety, structural and systems as approved by the Corporation and its servicers. In the event the first mortgage lender or a Housing Credit Syndicator requires replacement reserves with replacement reserve deposit requirements that include the same or higher deposits, the Corporation's rights to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender or the Housing Credit Syndicator, as applicable. The replacement reserve funds are not to be used by the Applicant for normal maintenance and repairs but shall be used for structural building repairs, major building systems replacements and other items included on the Eligible Reserve for Replacement Items list, effective October 15, 2010, which is incorporated by reference and available on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-02850>. An Applicant may choose to fund a portion of the replacement reserves at closing from moneys other than the proceeds of the Bonds. This partial funding cannot exceed 50 percent of the required replacement reserves for two (2) years and must be placed in escrow with the Bond Trustee at closing. Applicants with Credit Enhancement may employ a different replacement reserve structure with the Corporation's approval.

(e) The Corporation shall consider the following when determining the need for construction completion guarantees based on the recommendations of the Credit Underwriter:

1. Liquidity of any guarantee provider.
2. Applicant's, Developer's and General Contractor's history in successfully completing Developments of similar type.
3. The past performance of the Applicant, Developer, General Contractor, or management company, in developing, constructing or managing Developments financed by the Corporation or its predecessor, including, by way of example and not limitation, nonpayment of fees and noncompliance with program requirements.
4. Percentage of the Corporation's funds utilized compared to Total Development Costs. At a minimum, the general partner(s) (individual and entity) or manager(s)/managing member(s) (individual and entity), as applicable, of the Applicant shall provide a guarantee for completion of construction. In addition, one or more entities or

individuals (other than a general partner or manager/managing member) having an ownership interest, either directly or indirectly, in the Applicant or in the general partner or managing member of the Applicant shall be required to provide guarantees or personal guarantees, as applicable, for completion of construction as recommended by the credit underwriter or as otherwise required by the Corporation. A letter of credit or payment and performance bond shall be required if the Corporation determines upon recommendation of the Credit Underwriter after evaluation of conditions in subparagraphs 1. through 3., above, that additional surety is needed.

(f) The Credit Underwriter shall review and make a recommendation to the Corporation whether the number of existing loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation Development.

(g) The Credit Underwriter shall consider the appraisal of the Development and other market study documentation to make a recommendation as to whether the market exists to support both the demographic and income restriction set-asides committed to within the Application. The Credit Underwriter shall consider the market study and other documentation to make a recommendation of whether to approve or disapprove an allocation when the proposed Development would financially impair an existing Development previously funded by the Corporation. The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater.

(h) For a Development that has rehabilitation with or without acquisition, a capital needs assessment, prepared in accordance with generally accepted industry investment grade standards, shall be ordered by the Credit Underwriter. Its findings shall be used to determine the amount of rehabilitation that will be carried out and to set replacement reserves.

(i) If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process to complete the Credit Underwriting Report, the Credit Underwriter shall notify the Corporation and request the information from the Applicant. Such requested information shall be submitted within ten (10) business days of receipt of the request therefor. Failure for any reason to submit required information on or before the specified deadline shall result in immediate termination of Credit Underwriting activities.

(j) At a minimum, the Credit Underwriter shall require the following information during Credit Underwriting:

1. For Credit Enhancers, audited financial statements for their most recent fiscal year ended, if published; otherwise the previous year's audited statements will be provided until the current statements are published or Credit

Underwriting is complete.

2. For guarantors, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If financial statements that are either audited, compiled or reviewed by a licensed Certified Public Accountant are not available, unaudited financial statements prepared within the last 90 days and reviewed by the Credit Underwriter and the two (2) most recent years tax returns. If any of the applicable entities are newly formed (less than 18 months in existence as of the date that Credit Underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules. The financial statements and information provided for review should be in satisfactory form and reviewed in accordance with Part IIIA, Sections 401 through 411, of the Fannie Mae Multifamily Delegated Underwriting and Servicing (DUS) Guide, as of November 4, 2013, which is incorporated by reference and available on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-04910>.

3. For the General Contractor, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. The audited or compiled statements may be waived if a payment and performance bond equal to 100 percent of the total construction cost is issued in the name of the General Contractor by a company rated at least "A-" by AMBest & Co.

4. For the Applicant and general partner, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If the entities are newly formed (less than 18 months in existence as of the date that Credit Underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules.

(k) The Credit Underwriter shall require an operating deficit guarantee. The operating deficit guarantee will be released when the Development achieves a 1.15x debt service coverage ratio on the MMRB Loan and 90 percent occupancy and 90 percent of the gross potential rental income, all for 12 consecutive months as certified by an independent Certified Public Accountant, and verified by the Credit Underwriter. The calculation of the debt service coverage ratio shall be made by the Corporation or its agent. Notwithstanding the above, the operating deficit guarantee shall not terminate earlier than three (3) years following the final certificate of occupancy.

(l) The Credit Underwriter shall also require environmental indemnity and recourse obligation guarantees.

(m) Required appraisals, market studies, pre-construction analyses, physical needs assessments, capital needs assessments and environmental studies (other than Phase I Environmental Site Assessments) shall be completed by professionals approved by the Credit Underwriter. Approval of appraisers and contractors to complete market and environmental studies shall be based upon review of qualifications, professional designations held, references and prior experience with similar types of Developments.

(n) A full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice and a separate market study shall be ordered by the Credit Underwriter from an appraiser qualified for the geographic area and development type not later than when an Application enters Credit Underwriting. The Credit Underwriter shall review the appraisals to properly evaluate the MMRB Loan request in relation to the property value.

(o) Appraisals and separate market studies which have been ordered and submitted by third party Credit Enhancers or syndicators and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal or market study referenced above.

(p) The Credit Underwriting Report shall include a thorough analysis of the proposed Development and a statement as to whether a MMRB Loan is recommended, and if so, the amount recommended. The Credit Underwriter or the Corporation may request such additional information as is necessary to properly analyze the credit risk being presented to the Corporation and the Bond holders. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have:

1. An average physical occupancy rate of 92 percent or greater, and
2. For Developments with new construction units, an average market rental rate, based on unit mix and annualized rent concessions, of 110 percent or greater of the applicable maximum Housing Credit rental rate.

(q) Developer Fee shall be limited to 18 percent of Development Cost excluding land. Consulting fees, if any, and any financial or other guarantees required for the financing must be paid out of the Developer Fee. Consulting fees include payments for Application consultants, construction management or supervision, or Local Government consultants. Fees of the Applicant's or Developer's attorney(s) awarded in conjunction with litigation against the Corporation with respect to a Development shall also not be included in Total Development Costs. Fees for services provided by architects, accountants, appraisers, engineers or Investment Bankers may be included as part of the

Total Development Costs, except that those fees for an Investment Banker that are in excess of \$18,000 must be paid out of the Developer Fee. In the event of extraordinary circumstances, Applicant may petition the Board for relief from the cap on Investment Banker fees. The Corporation shall not authorize fees to be paid for duplicative services or duplicative overhead.

(r) General Contractor's fees are inclusive of general requirements, profit and overhead and shall be limited to 14 percent of actual construction costs. For the purpose of the HUD Risk Sharing Program, if there exists an Identity of Interest as defined herein between the Applicant or Developer and the General Contractor, the allowable fees shall in no case exceed the amount allowable pursuant to the HUD subsidy layering review requirements.

Additionally, fees shall be allowed to be paid only to the person or entity that actually meets the definitional requirements to be considered a General Contractor. The Corporation shall not allow fees for duplicative services or duplicative overhead. The General Contractor must meet the following conditions:

1. Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor's budget;
2. Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor's budget;
3. Secure building permits, issued in the name of the General Contractor;
4. Secure a payment and performance bond whose terms do not adversely affect the Corporation's interest (or approved alternate security for General Contractor's performance, such as a letter of credit), issued in the name of the General Contractor, from a company rated at least "A-" by AMBest & Co.;
5. Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted;
6. Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity, with the exception of a subcontractor contracted to deliver the building shell of a building of at least five (5) stories which may not have more than 31 percent of the construction cost in a subcontract, unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and the General Contractor's fee; and
7. Ensure that no construction cost is subcontracted to any entity that has common ownership or is affiliated with the General Contractor unless otherwise approved by the Board for a specific Development. With regard to said

approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and ownership interests in the Development.

(3) The Applicant shall review and provide written comments on the draft Credit Underwriting Report to the Corporation and the Credit Underwriter within the time frame established by the Corporation. The Corporation shall provide comments on the draft report and, as applicable, on the Applicant's comments to the Credit Underwriter. The Credit Underwriter shall then review and incorporate the Corporation's and, if deemed appropriate, the Applicant's comments and release the revised report to the Corporation and the Applicant. Any additional comments from the Applicant shall be received by the Corporation and the Credit Underwriter within the established time frame. Then, the Credit Underwriter shall provide a final report, which shall address comments made by the Applicant to the Corporation.

(4) After approval by the Board of Directors following presentation of the Credit Underwriting Report and payment of one-half of the good faith deposit, Corporation staff and Special Counsel shall begin negotiations of the MMRB Loan Commitment with the Applicant.

(5) At a minimum, a 10 percent retainage will be held by the Trustee or the servicer administering the construction loan funds until the Development is 50 percent complete. At 50 percent completion, no additional retainage will be held from the remaining draws. The total retainage dollars will be held by the Trustee or the servicer and released pursuant to the terms of the construction loan agreement.

(1) Any transfer of ownership of any Development shall be subject to compliance with the provisions of this

section, provided that transfers of the limited partnership interest or limited liability company interest in the owner to a Housing Credit Syndicator, or the transfer of ownership to a creditor by means of foreclosure or deed in lieu of foreclosure, need not comply with this provision. The determination of whether a transfer of ownership of a Development shall be deemed to take place for purposes of this rule shall be made in accordance with the provisions of the MMRB Land Use Restriction Agreement and other Program Documents for such Development. Owners shall advise the Corporation in writing of any change of ownership of the owner aggregating 50 percent or more of ownership interests in the owner within any six-month period.

(h) Any extension or extensions of maturity cumulatively exceeding 60 months shall be deemed to constitute a

refunding for purposes hereof; and

67-21.026 HC Credit Underwriting Procedures.

Credit Underwriting is a de novo review of all information supplied, received or discovered during or after any application scoring process, prior to the closing on funding, including the issuance of IRS Forms 8609 for Housing Credits. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team's experience, past performance or financial capacity is satisfactory. The Credit Underwriting review shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, the evidence of need for affordable housing in order to determine that the Development meets the program requirements and determine a recommended Housing Credit Allocation amount, if any; and for any Development that has rehabilitation with or without acquisition, a capital needs assessment prepared in accordance with generally accepted industry investment grade standards shall be ordered by the Credit Underwriter, and its findings shall be used to determine rehabilitation that will be carried out and to set replacement reserves. Corporation funding will be based on appraisals of comparable developments, cost benefit analysis, and

other documents evidencing justification of costs. As part of the Credit Underwriting review, the Credit Underwriter will consider the applicable provisions of this rule chapter.

(1) Within 10 business days after the Application is deemed complete, the Corporation shall offer Applicants that pass threshold an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.

(2) A response to the invitation to enter credit underwriting must be received by the Corporation and the Credit Underwriter not later than seven (7) Calendar Days after the date of the invitation.

(3) If the invitation to enter credit underwriting is accepted, all Applicants shall submit the Credit Underwriting fee to the Credit Underwriter within seven (7) Calendar Days of the date of the invitation to enter Credit Underwriting. Failure to submit the Credit Underwriting fee within this time frame shall result in withdrawal of the invitation.

(4) The Credit Underwriter shall review all information in the Application, including information relative to the Applicant, Developer, Housing Credit Syndicator, General Contractor, and, if an assisted living facility, the service provider(s), as well as other members of the Development team based on information provided to the Credit Underwriter. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development.

(5) In determining whether or not to provide a positive recommendation in connection with a proposed Development, the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, and any Financial Beneficiary of the Applicant or Developer in connection with any other affordable housing development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any affordable housing development or the documents governing financing or operation of any such development.

(a) Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter:

1. Considering all affordable housing developments in which any party named above has been involved, if:

a. During the period prior to August 1, 2010, 5 percent or more of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more, or

b. During the period beginning on or after August 1, 2010, any of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default is uncured at the present or, if cured, remained uncured for a period of 60 days or more.

2. Mitigating factors to be considered by the Credit Underwriter, to the extent such information is reasonably available and verifiable, shall include the extent to which the party funded the operations of the development from that party's own funds in an attempt to keep the development afloat, the election by a party to forego financial participation in a development in an attempt to keep the development afloat, the party's satisfactory performance history over the last 10 years in connection with that party's affordable housing developments, and any other extenuating circumstances deemed relevant by the Credit Underwriter in connection with the party's involvement in a development.

(b) A negative recommendation may also result from the review of:

1. An Applicant, Developer, and any Financial Beneficiary of the Applicant or Developer in connection with any other affordable housing development,

2. Financial capacity of an Applicant, Developer, and any Financial Beneficiary of the Applicant or Developer,

or

3. Any other relevant matters relating to an Applicant, Developer, and any Financial Beneficiary of the Applicant or Developer if, in the Credit Underwriter's opinion, one or more members of the Development team do not possess the ability to proceed.

(6) The Credit Underwriter shall report any inconsistencies or discrepancies or changes made to the Applicant's Application during Credit Underwriting.

(7) The Applicant will be responsible for all fees in connection with the documentation submitted to the Credit Underwriter.

(8) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of the Credit Underwriter's expertise, the fee for such services shall be borne by the Applicant.

(9) A full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice and a separate market study shall be ordered by the Credit Underwriter, at the Applicant's expense, from an appraiser qualified for the geographic area and product type not later than completion of Credit Underwriting. The Credit Underwriter shall review the appraisal to properly evaluate the proposed Development's financial feasibility. Appraisals which have been ordered and submitted by third party credit enhancers, first mortgagors or Housing Credit Syndicators and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal referenced above. The market study must be completed by a disinterested party who is approved by the Credit Underwriter. The Credit Underwriter shall consider the market study, the Development's financial impact on Developments in the area previously funded by the Corporation, and other documentation when making its recommendation of whether to approve or disapprove a Housing Credit Allocation. The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater. The Credit Underwriter shall also review the appraisal and other market documentation to determine if the market exists to support both the demographic and income restriction set-asides committed to within the Application. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have:

(a) An average physical occupancy rate of 92 percent or greater, and

(b) For Developments with new construction units, an average market rental rate, based on unit mix and annualized rent concessions, of 110 percent or greater of the applicable maximum Housing Credit rental rate.

(10) The Corporation's assigned Credit Underwriter shall require a guaranteed maximum price construction contract, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant's sole expense, and review a pre-construction analysis for all new construction units or a physical needs assessment for rehabilitation units and review the Development's costs.

(11) In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves and operating expense reserves deemed appropriate by the Credit Underwriter when calculating the final net operating income available to service the debt. A minimum amount of \$300 per unit per annum must be used for all Developments.

(a) The initial replacement reserve will have limitations on the ability to be drawn upon during the following time periods:

1. New construction or Redevelopment Developments shall not be allowed to draw during the first five (5) years or until the establishment of a minimum balance equal to the accumulation of five (5) years of replacement reserves per unit, or

2. Preservation or Rehabilitation Developments (with or without acquisition) shall not be allowed to draw until the start of the scheduled replacement activities as outlined in the pre-construction capital needs assessment report ('CNA') subject to the activities completed in the scope of rehabilitation, but not sooner than the 3rd year.

(b) The amount established as a replacement reserve shall be adjusted based on a CNA to be received by the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers at the time the CNA is required, beginning no later than the 10th year after the first residential building in the development receives a certificate of occupancy, a temporary certificate of occupancy, or is placed in service, whichever is earlier ('Initial Replacement Reserve Date'). A subsequent CNA is required no later than the 15th year after the Initial Replacement Reserve Date and subsequently every five (5) years thereafter. If the Applicant does not provide a copy of a CNA to the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers within the stated time frames, then one shall be ordered by the Corporation or its servicers at the Applicant's expense. The only events allowed to drop the balance below the minimum are items related to life safety, structural and systems as approved by the Corporation and its servicers. In the event the first mortgage lender or a Housing Credit Syndicator requires replacement reserves with replacement reserve deposit requirements that include the same or higher deposits, the Corporation's rights to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender or the Housing Credit Syndicator, as applicable. The replacement reserve funds are not to be used by the Applicant for normal maintenance and repairs, but shall be used for structural building repairs, major building systems replacements and other items included on the Eligible Reserve for Replacement Items list, effective October 15, 2010, which is incorporated by reference and available on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-02851>. An Applicant may choose to fund a portion of the replacement reserves at closing. The amount cannot exceed 50 percent of the required replacement reserves for two (2) years and must be placed in escrow at closing.

(12) The Developer fee and General Contractor fee shall be limited to:

(a) The Developer fee shall be limited to 18 percent of Development Cost for proposed Developments qualified

for Non-Competitive Housing Credits pertaining to Tax-Exempt Bond-Financed Developments; and

(b) The General Contractor's fee shall be limited to a maximum of 14 percent of the actual construction costs.

For the purpose of any necessity to prepare a HUD subsidy layering review, if there exists an Identity of Interest as defined herein between the Applicant or Developer and the General Contractor, the allowable fees shall in no case exceed the amount allowable pursuant to the HUD subsidy layering review requirements.

(13) The General Contractor must meet the following conditions:

(a) Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor's budget;

(b) Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor's budget;

(c) Secure building permits, issued in the name of the General Contractor;

(d) Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted;

(e) Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity, with the exception of a subcontractor contracted to deliver the building shell of a building of at least five (5) stories which may not have more than 31 percent of the construction cost in a subcontract, unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and the General Contractor's fees; and

(f) Ensure that no construction cost is subcontracted to any entity that has common ownership or is affiliated with the General Contractor unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and ownership interests in the Development.

(14) Contingency reserves which total no more than 5 percent of total actual construction costs (hard costs) and total general development costs (soft costs) for Redevelopment and Developments where 50 percent or more of the units are new construction may be included within the Total Development Cost for Application and underwriting purposes. Contingency reserves which total no more than 15 percent of total actual construction costs (hard costs) and no more than 5 percent of total general development costs (soft costs) for Rehabilitation and Preservation may be included within the Total Development Cost for Application and underwriting purposes; however, in the event

financing is obtained through a federal government rehabilitation program, a contingency reserve up to 20 percent may be utilized if required by the program.

(15) The Credit Underwriter will review and determine if the number of loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation-funded Development.

(16) If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process, the Credit Underwriter shall request same from the Applicant and shall specify deadlines for the submission of same.

(17) The Credit Underwriter shall complete its analysis and submit a written draft report and recommendation to the Corporation. Upon receipt, the Corporation shall provide to the Applicant the section of the written draft report consisting of supporting information and schedules. The Applicant shall review and provide written comments to the Corporation and Credit Underwriter within 48 hours of receipt. After the 48 hour period, the Corporation shall provide to the Credit Underwriter comments on the draft report and, as applicable, on the Applicant's comments. Then, the Credit Underwriter shall review and incorporate, if deemed appropriate, the Corporation's and Applicant's comments and release the revised report to the Corporation and the Applicant. Any additional comments from the Applicant shall be received by the Corporation and the Credit Underwriter within 72 hours of receipt of the revised report. Then, the Credit Underwriter will provide a final report, which will address comments made by the Applicant, to the Corporation.

(18) For Housing Credit Applications, the Credit Underwriter shall use the following procedures during the credit underwriting evaluation:

(a) The Credit Underwriter, in determining the amount of Housing Credits a Development is eligible for when using the qualified basis calculation, shall use a Housing Credit percentage of:

1. A percentage of 30 basis points over the percentage as of the date of invitation to enter Credit Underwriting up to 9 percent for 9 percent credits for new construction and Rehabilitation Developments unless the Applicant has previously locked-in the percentage to which the Credit Underwriter shall use the locked-in Housing Credit percentage;

2. A percentage of 15 basis points over the percentage as of the date of invitation to enter Credit Underwriting up to 4 percent will be used for Developments receiving Tax-exempt Bonds.

(b) Costs such as syndication fees and brokerage fees cannot be included in eligible basis. All consulting fees and any financial or other guarantees required for the financing must be paid out of the Developer Fee. Consulting fees cannot cause the Developer Fee to exceed the maximum allowable fee as set forth in subsection (12) above.

(c) All contracts for hard or soft Development Costs must be itemized for each cost component.

(d) The allocation amount for acquisition Housing Credits shall be limited to the lesser of the sale price or the appraised value of the building(s).

(e) If the Credit Underwriter is to recommend a Non-Competitive Housing Credit Allocation, the recommendation will be the lesser of the qualified basis calculation result or the gap calculation result.

(f) As part of the process the Corporation uses to determine financial feasibility as set forth in Section 42(m)(2), Internal Revenue Code, the Corporation shall utilize the greater of:

1. The actual percentage of the Applicant's Housing Credit Allocation being sold to the Housing Credit Syndicator/direct investor(s), or
2. 99.99 percent of the Applicant's Housing Credit Allocation.

The actual percentage of the Applicant's Housing Credit Allocation being sold must be equal to or less than the percentage of ownership interest held by the limited partner (inclusive of any special limited partner) or member.

(g) When any Housing Credit Allocation is syndicated or sold directly to an investor, the Corporation will require that the net proceeds received on the sale of the Housing Credits be reflective of market rate pricing as depicted by the price per dollar of Housing Credit Allocation available to the Development. All Non-Competitive Housing Credits not retained by the Applicant must be sold directly or indirectly to an investor at market rate pricing. The amount of equity capital contributed by investors to an Applicant shall not be less than the amount generally contributed by investors to similar Developments as determined by using sales of comparable Housing Credit Developments and the Corporation's evaluation of market trends. The Applicant shall have documentation provided to the Corporation by the Housing Credit Syndicator (for Non-Competitive Housing Credits that are syndicated) or by the Applicant (for any Non-Competitive Housing Credits that are not syndicated) that details, for each Housing Credit investor (naming the investor is optional), the following information:

1. The gross dollar amount of funding provided to the Housing Credit Syndicator or the Applicant, as applicable, in exchange for the purchase of the Housing Credits,

2. The net dollar amount of funding provided to the Housing Credit Syndicator or the Applicant, as applicable, that will be passed along to the Applicant as Housing Credit equity, and

3. The annual dollar amount of Housing Credit allocation sold to the investor in exchange for the funding provided.

The Corporation will base all calculations of the minimum net syndication/investor proceeds available to the Development on the assumption that a minimum of 99.99 percent of the Housing Credit Allocation is being sold to raise equity capital. The Corporation will use the greater of:

- a. The actual equity capital contributed to the Development, or
- b. The required minimum equity capital contributed to the Development based on the criteria provided herein.

(19) If the Credit Underwriter recommends that Housing Credits be allocated to the Development, the Corporation shall determine the credit amount, if any, necessary to make the Development financially feasible and viable throughout the Housing Credit Extended Use Period and shall issue a Preliminary Determination of Housing Credits in the case of Tax-Exempt Bond-Financed Developments. If the Credit Underwriter recommends that no credits be allocated to the Development and the Executive Director accepts the recommendation, the Applicant shall be notified that no Housing Credits will be allocated to the Development. All contingencies required in the Preliminary Determination shall be met or satisfied by the Applicant within 45 Calendar Days from the date of issuance or as otherwise indicated on the certificate unless an extension of this deadline is requested in writing by the Applicant and is granted by the Corporation in writing for good cause.

67-21.027 HC General Program Procedures and Requirements.

(1) Each Housing Credit Development shall comply with the minimum Housing Credit Set-Aside provisions, as specified in Section 42(g)(1) of the IRC, with respect to the reservation of 20 percent of the units for occupancy by persons or families whose income does not exceed 50 percent of the area median income, or the reservation of 40 percent of the units for occupancy by persons or families whose income does not exceed 60 percent of the area median income. Further, each Housing Credit Development shall comply with any additional Housing Credit Set-Aside chosen by the Applicant in the Application.

(2) The Development shall provide safe, sanitary and decent residential rental housing and shall be developed,

constructed and operated in accordance with the commitments made and the facilities and services described in the Application at the time of submission to the Corporation. Applications will not be considered approved to receive an allocation of Housing Credits until the Corporation issues a Preliminary Determination to the Applicant and all contingencies of such documents are satisfied. Allocations are further contingent on the Applicant complying with its Application commitments, this rule chapter, and Section 42 of the IRC.

(3) All of the dwelling units within a Housing Credit Development shall be rented or available for rent on a continuous basis to members of the general public. The owner of the Housing Credit Development shall not give preference to any particular class or group in renting the dwelling units in the Housing Credit Development, except to the extent that dwelling units are required to be rented to Eligible Persons. All Housing Credit Developments must comply with the Fair Housing Act as implemented by 24 CFR Part 100, Section 504 of the Rehabilitation Act of 1973 as implemented by 24 CFR Part 8 (“Section 504 and its related regulations”), and Titles II and III of the Americans with Disabilities Act of 1990 as implemented by 28 CFR Part 35. To the extent that a Housing Credit Development is not otherwise subject to Section 504 and its related regulations, the Housing Credit Development shall nevertheless comply with Section 504 and its related regulations as requirements of the Housing Credit Program to the same extent as if the Housing Credit Development were subject to Section 504 and its related regulations in all respects. To that end, for purposes of the Housing Credit Program, a Housing Credit Allocation shall be deemed “Federal financial assistance” within the meaning of that term as used in Section 504 and its related regulations for all Housing Credit Developments.

(4) Each Housing Credit Development shall complete the Final Cost Certification Application Package by the earlier of the following two dates:

- (a) The date that is 75 Calendar Days after all the buildings in the Development have been placed in service, or
- (b) The date that is 30 Calendar Days before the end of the calendar year for which the Final Housing Credit Allocation is requested.

The Corporation may grant extensions for good cause upon written request.

(5) Prior to execution of the limited partnership agreement or limited liability company operating agreement between the Applicant and the limited partners/members, the Applicant must receive written approval from the Corporation or its Credit Underwriter that the Housing Credit Syndicator is in good standing with the Corporation. Proceeding with execution of a partnership agreement or operating agreement with a Housing Credit Syndicator that

is not in good standing shall result in withdrawal of the Housing Credit Allocation.

(6) The Final Cost Certification Application Package (Form FCCAP) shall be used by an Applicant to itemize all expenses incurred in association with construction or Rehabilitation of a Housing Credit Development, including Developer's and General Contractor's fees as described in Rule 67-21.026, F.A.C. Such form package shall be completed, executed and submitted to the Corporation in both hard copy format and electronic files of the Microsoft Excel spreadsheets for the HC Development Final Cost Certification (DFCC) and the General Contractor Cost Certification (GCCC) included in the form package, along with the executed Extended Use Agreement and appropriate recording fees, IRS Tax Information Authorization Form 8821 for all Financial Beneficiaries, a copy of the syndication agreement disclosing the rate and all terms, the required certified public accountant opinion letter for both the DFCC and GCCC, an unqualified audit report prepared by an independent certified public accountant for both the DFCC and GCCC, photographs of the completed Development, the monitoring fee, and documentation of the placed-in-service date as specified in the Form FCCAP instructions. The Final Housing Credit Allocation will not be issued until such time as all required items are received and processed by the Corporation. The Final Cost Certification Application Package (Form FCCAP) is adopted and incorporated herein by reference, effective October 2014, and is available on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-04911>, or by contacting the Housing Credit Program at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1321.

(7) After the final evaluation and determination of the Housing Credit Allocation amount has been made by the Corporation and the Extended Use Agreement has been executed in accordance with Rule 67-21.029, F.A.C., the IRS Low-Income Housing Credit Allocation and Certification Forms 8609 are issued to the Applicant of the Housing Credit Development, as provided below. The Corporation will issue only one complete set of Forms 8609 per Development which will be no earlier than total Development completion, the Corporation's acceptance and approval of the Development's Final Cost Certification Application Package, and determination by the Corporation that all financial obligations for which an Applicant or Developer, or Principal, Affiliate or Financial Beneficiary of an Applicant or Developer is in arrears to the Corporation or any agent or assignee of the Corporation have been satisfied. At the time the Applicant's first tax return with which Form 8609-A is filed with the Internal Revenue Service, the Applicant must submit to the Corporation a copy of IRS Form 8609 with a completed Part II.

(8) Annually, within 151 Calendar Days following the Applicant's fiscal year end, the Applicant shall provide the Corporation with an audited financial statement and a fully completed and executed Financial Reporting Form (SR-1) (Rev. 05-14), which is incorporated by reference and available on the Corporation's Website under the Property Owners & Managers link labeled Forms or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-04908>. The audited financial statement and a copy of the signed Form SR-1, with Parts 1, 2, and 5 completed, shall be submitted in both PDF format and in electronic form as a Microsoft Excel spreadsheet to the Corporation at the following web address: financial.reporting@floridahousing.org. The initial submission will be due following the fiscal year within which the first unit is occupied. The initial submission for Housing Credit Developments that contain occupied units at the time of acquisition will be due following the fiscal year within which the 12 month anniversary of the closing is observed of either the Housing Credit equity partnership agreement or the acquisition of the development site, whichever comes first. The audited financial statement is to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

- (a) Comparative Balance Sheet with prior year and current year balances;
- (b) Statement of revenue and expenses;
- (c) Statement of changes in fund balances or equity;
- (d) Statement of cash flows; and
- (e) Notes to financial statements.

The financial statements referenced above should also be accompanied by a certification of the Applicant as to the accuracy of such financial statements. A late fee of \$250 will be assessed by the Corporation for failure to submit the above documents by the stated deadline.

67-21.031 Qualified Contracts.

(1) An owner's written request to the Corporation for a qualified contract (a "qualified contract request") shall be governed by 26 CFR 1.42-18 (the "qualified contract regulations"), Section 42 of the Code, as applicable, and this rule section in effect at the time of the qualified contract request.

(2) After the fourteenth year of the Compliance Period, unless otherwise obligated under the Extended Use Agreement, or a Land Use Restriction Agreement under another Corporation program, and provided the right to request a qualified contract for the Development was not waived in exchange for or in connection with the award of Housing Credits, the owner of a Development may submit a qualified contract request to the Corporation. When submitting a qualified contract request, the owner shall utilize the Qualified Contract Package in effect at the time of the request and shall remit payment of the required Qualified Contract Package fee as provided therein. The Qualified Contract Package consists of the forms and instructions, obtained from the Corporation at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, or on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-02855>, which shall be completed and submitted to the

Corporation in order to request a qualified contract. The Qualified Contract Package, (Rev. 09-2012), is adopted and incorporated herein by reference.

(3) All information contained in a Qualified Contract Package is subject to independent review, analysis and verification by the Corporation or its agents. The Corporation may request additional information to document the qualified contract amount calculated by the owner. The Corporation may also engage the services of its own certified public accountant (CPA) and real estate appraiser to assist in the review of a Qualified Contract Package. Real estate appraisers involved in the qualified contract process must be licensed by the state of Florida as certified general appraisers and otherwise acceptable to the Corporation.

(4) The qualified contract regulations provide that the fair market value of the non-low-income portion of the building includes the fair market value of the underlying land and that the valuation of the underlying land must take into account the existing and continuing requirements contained in the Extended Use Agreement. Pursuant to Section 193.017, F.S., and the statutes cited therein, the Extended Use Agreement recorded in connection with a Housing Credit property is a land-use regulation and a limitation on the highest and best use of the property during the term of the agreement that must be considered by the county property appraiser in assessing the value of the property. Unless the owner elects otherwise as provided below, for purposes of a qualified contract request, the fair market value of the underlying land shall be the value attributed to the underlying land by the county property appraiser in the most recent year's assessed value of the Development. If the owner is of the opinion that the county property appraiser's valuation does not represent the fair market value of the underlying land within the contemplation of the qualified contract regulations at the time of the qualified contract request, the owner may elect to submit with its qualified contract request a value (the "owner's appraised value") for the underlying land at the fair market value determined by a real estate appraiser (the "owner's appraiser") engaged by the owner for that purpose in lieu of the county property appraiser's valuation. A copy of the real estate appraisal (the "owner's appraisal report") upon which the owner's appraised value is based shall be included with the owner's qualified contract request. The owner's appraiser must certify in the appraisal report that the valuation represents the fair market value of the underlying land taking into account the existing and continuing requirements contained in the Extended Use Agreement for the property. The owner's appraisal report must also include a narrative describing the methodology or manner in which the requirements contained in the Extended Use Agreement were considered by the owner's appraiser in arriving at the owner's appraised value of the underlying land, and, for comparison and

evaluation purposes, the opinion of the owner's appraiser as to what the fair market value of the underlying land would be if unencumbered by the requirements of the Extended Use Agreement. The owner's appraised value of the underlying land and the owner's appraisal report shall be subject to review and approval by the Corporation. The Corporation may engage the services of one or more real estate appraisers, or other professionals, to assist in the review and evaluation of the owner's appraised value and the owner's appraisal report.

(5) In addition to the Qualified Contract Package fee, the owner shall be responsible for all third party fees in connection with the owner's qualified contract request. Third party fees include, but are not limited to, the costs of the services provided by CPAs and real estate appraisers or other real estate professionals engaged by the Corporation to assist it in the review of a qualified contract request, and the fees and commissions of any real estate broker in connection with the marketing and sale of the development to a buyer under a qualified contract.

(6) When offering a development for sale to the general public pursuant to a qualified contract request, the Corporation may, but shall not be required to, utilize the services of a real estate broker under contract with or designated by the Corporation to market and sell the development. The owner of the development shall be responsible for the fees and commissions due any such real estate broker in connection with the marketing and sale of the development, and, upon request of the Corporation or the real estate broker, the owner shall enter into a written agreement with the real estate broker pursuant to which the owner agrees to pay to the real estate broker such fees and commissions in connection with the marketing and sale of the development.

(7) The running of the one-year period described in Section 42(h)(6)(I) of the Code shall be suspended by the Corporation at any time upon written notice to the owner if:

(a) The Corporation concludes that the owner's request lacks information required in the Qualified Contract Package or other essential information;

(b) The owner fails to pay the Qualified Contract Package fee or, thereafter, fails to timely pay any other fees or costs for which the owner is responsible hereunder;

(c) The owner and the Corporation are unable to reach mutual agreement on the qualified contract amount;

(d) The Development that is the subject of the qualified contract request is not in compliance with the applicable program requirements or if any fees related to the Development are delinquent;

(e) The owner fails to allow the Corporation, its agents or prospective buyers access to the Development for purposes of verification, inspection or due diligence;

(f) The Applicant or Developer, or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer is in arrears to the Corporation or any agent or assignee of the Corporation;

(g) Following request, the owner fails to enter into the written agreement with the real estate broker designated by the Corporation to market and sell the development; or

(h) The owner otherwise fails to comply with the requirements of this rule section or the qualified contract regulations.

The term of any such suspension shall begin on the date of the written notice provided by the Corporation to the owner, and shall continue unabated until such date as the deficiency, non-payment or disagreement giving rise to the suspension is cured or otherwise resolved. The Corporation shall acknowledge the cure or resolution by written notice to the owner within 10 days thereafter. The owner's election to value the underlying land based on the owner's appraised value as provided in subsection (4) above shall automatically prevent the owner's purported qualified contract request from beginning the one-year period described in Section 42(h)(6)(I) of the Code until such time as the Corporation and the owner shall mutually agree on the value of the underlying land for purposes of the owner's qualified contract request.

(8) Upon mutual agreement of the owner and the Corporation, the qualified contract amount shall be documented in writing signed by the Corporation and the owner.

(9) The owner shall cooperate with the Corporation and its agents, real estate brokers and prospective buyers in connection with the processing of the owner's qualified contract request and the marketing of the Development to prospective buyers. The owner shall exercise good faith in acting upon a qualified contract as may be presented within the one-year period. If the Corporation provides a qualified contract within the one-year period and the owner rejects or fails to act upon the contract, the Development shall remain subject to the Extended Use Agreement, and the owner shall be deemed to have waived any right or option to submit another qualified contract request for the Development.

(10) An owner shall be allowed only one qualified contract request per Development.
