C. Fiscal years covered by the Plan: 2023-2024,-2024-2025, 2025-2026

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face-to-face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

1. Very low-income
2. Special Needs until the 20% threshold is met
3. Low-income
4. Moderate-income

- J. Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.
- L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. Local HFA Numbers	X

- M. Income Limits, Rent Limits, and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments

shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county, or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	All Strategies Other than Down Payment Assistance	10%
Third Party Entity/Sub-recipient	Down Payment Assistance Program Strategies	0%

- R. First-time Homebuyer Definition:** For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. A. Name of the Strategy: Expedited Permitting

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

Established policy and procedures: City of Palm Bay's Code of Ordinances adopted Ordinance 2018-61 providing for expedited permitting and expedited site plan review for affordable housing projects.

The City of Palm Bay clearly identifies affordable housing projects through coordination of the builder / developer and the Housing Division. An email is issued from the Housing Division to the City's Building Division, which identifies the project as affordable and specifically requests expedited processing and issuance of building permits. The Building Division has pledged that all permit applications that are

identified in this manner will receive expedited processing and issuance.

B. Name of the Strategy: **Ongoing Review Process**

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

Established policy and procedures: The City of Palm Bay's Community Development Advisory Board acts in the capacity of a local affordable housing task force that meets as needed to discuss updates on current SHIP Strategies and issues which may affect affordable housing. In addition, this Board may also occasionally review policies, ordinances, regulations, and plan revisions, prior to adoption, that could impact continued production of housing, and more particularly, affordable housing.

C. Other Incentive Strategies Adopted:

- i. The Community & Economic Development Department maintains an inventory of city-owned surplus real estate, some of which may be suitable for affordable housing development projects.
- ii. The City of Palm Bay staff reported potential financial impacts regarding reduction/waiver of impact fees to the AHAC. The City has in place a mechanism whereby a developer can request to enter into a Impact Fee Deferment Agreement. The conditions and timeframe on the deferment is considered on a case-by-case basis.
- iii. The City of Palm Bay currently permits flexibility in densities for all housing, particularly under its Planned Unit Development (PUD) process. The City Council approved Voluntary Inclusionary Zoning Ordinance 2022-73 at their meeting on July 21, 2022, which added a section related to density or intensity bonus incentives or more floor space than allowed under the current or proposed future land use designation or zoning; or greater height, reducing or waiving certain fees; or granting other incentives.
- iv. The City of Palm Bay currently permits accessory residential units in residential zoning districts.
- v. Flexible setback requirements are presently offered to all development upon approval by Planning and Zoning Board and City Council. Council approved Ordinance 2022-73 on July 21, 2022, which allows for an Administrative Variance that involves matters such as setbacks, floor area ratios, frontage requirements, subdivision regulations, height limitations, lot coverage/size restrictions, yard requirements, parking, and other variances which have no relation to change of use of the property in question. An administrative variance may be granted by the City Manager, or designee, as authorized by the procedure set forth and shall be used for a variance from the provisions of this Code limited to improvements existing at the time of application as opposed to planned construction. Administrative variances will not be granted within easements. The maximum amount of the waiver is up to, but not greater than, twenty percent (20%) of

the requirement. As part of the Ordinance a section was added related to Voluntary Inclusionary Housing density or intensity bonus incentives or more floor space than allowed under the current or proposed future land use designation or zoning; or greater height, reducing or waiving certain fees; or granting other incentives.

- vi. The City of Palm Bay currently offers zero-lot-line configurations in its Planned Unit Development (PUD) process.
- vii. The City of Palm Bay has a process by which a local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
