C. Fiscal years covered by the Plan: 2026-2027, 2027-2028, 2028-2029

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs. In addition, the Charlotte County Board of County Commissioners (BOCC) offer the Charlotte HOME program, an incentive, subsidy, and funding program for affordable housing developments.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

Special Needs Households; Extremely Low/Very Low/Low-Income Households

J. Discrimination: In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. Support Services and Counseling: Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

U.S. Treasury Department	X
Local HFA Numbers	

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely

on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan. Sub-recipient organizations are eligible for administrative funds not to exceed 10% of the award, subject to eligible expenses. The total, combined administrative budget (County administrative funds + sub-recipient administrative funds) will not exceed 10% of the annual allocation.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: *"A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."*

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "*The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.*

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	Administer and maintain all strategies	10%
Third Party Entity/Sub-recipient	Administer and maintain 1 or more strategies	10%

The total, combined administrative budget (County administrative funds + sub-recipient administrative funds) will not exceed 10% of the annual allocation.

R. First-time Homebuyer Definition: For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

Owner Occupied Rehab.

T. Essential Service Personnel Definition (ESP): ESP includes teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.

U. Describe efforts to incorporate Green Building and Energy Saving products and processes: In May 2009, Charlotte County adopted a Green Building Ordinance to become a more sustainable community by reducing the environmental impact of buildings and promoting economic and environmental health in the County. The program encourages, advocates and educates green building and development, and offers incentives to participants. Involvement in the program is voluntary to private residential and commercial projects. However, it is a mandatory policy in the design and construction of all buildings owned and constructed by or on behalf of Charlotte County.

The establishment of this Ordinance requires that the County, in all construction projects, abide by County adopted building codes that result in innovative, energy efficient and wind resistant construction practices. This Ordinance was adopted as a direct result of the 2004 Hurricane season that resulted in widespread damage to County structures. The adoption of this Ordinance strongly encourages non-governmental construction projects follow the same requirements on a voluntary basis. These requirements are reviewed as part of the permitting process and have/will continue to result in these changes in construction industry of the County.

V. Describe efforts to meet the 20% Special Needs set-aside: The Charlotte County SHIP Program markets through its partners, the County Web Page and public outreach, that funds are available for Special Needs clients. Applicants are screened to determine basic qualifications as well as a determination of any Special Needs. The Charlotte County Human Services Department receives referrals of special needs clients from Human Services Intake, Veteran Services, Aging & Adult Services, Family Stability Services, and Neighborhood Services, as well as the Continuum of Care, COAD (Community Organizations Active in Disaster), and from the integrated partners at the Family Services Center.

W. Describe efforts to reduce homelessness: The Charlotte County LHAP includes a strategy for Rental Assistance, Utility Deposits and Rapid Re-Housing. This strategy helps homeless families and those at risk of homelessness to acquire and/or maintain rental housing. Funds are awarded to renter households in need of utility deposit assistance, rent assistance or rent subsidy. Those experiencing homelessness are referred to the Continuum of Care (CoC) for Rapid Re-housing via Sub-recipient Agreement. Charlotte County's Housing and Financial Stability Program (HFSP) also provides funding to prevent homelessness via rent/mortgage/utility assistance and minor home repairs, when available. The United Way's Season of Sharing program, Charlotte County's CSBG & TANF funds also provide housing assistance as funding allows.

X. Additional provisions:

a. Residency - Applicants must have lived in Charlotte County for a minimum 6 months or worked full time in Charlotte County for a minimum 12 months to qualify for assistance (with the exception of Rapid Re-Housing and Disaster assistance).

b. Fraud – (s. 420.518 of the Florida Statutes) An applicant or affiliate of an applicant may be precluded from

participation in any corporation program if the applicant or affiliate of the applicant has: 1) Made a material misrepresentation or engaged in fraudulent actions in connection with any corporation program. 2) Been convicted or found guilty of, or entered a plea of guilty or nolo contendere to, regardless of adjudication, a crime in any jurisdiction which directly relates to the financing, construction, or management of affordable housing or the fraudulent procurement of state or federal funds. III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. **Expedited Permitting** Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Section 3-9-5.4 of the Charlotte County Code of Laws and Ordinances (County Code), adopted in 1998, established an Expedited Process for Certified Affordable Housing Development. This places a priority on the review of "Certified Affordable Housing Development" projects, as defined as housing projects in which at least 25 percent of the total units constructed are made available to low- or very-low income residents. This expedited process does not apply to plan amendments, rezoning petitions, plat applications, or a petition before the Board of Zoning Appeals.

B. **Ongoing Review Process** An ongoing process for review of local policies, ordinances, regulations, and plan provisions that increase the cost of housing prior to their adoption. Proposed policies, ordinances, and plan amendments submit an Economic Impact Estimate to review their potential costs or savings.

C. **Modification of Impact Fees** Including a reduction or waiver of fees and alternative methods of fee payments for affordable housing. Impact fees are waived on units determined affordable (reserved for <80% AMI) for a minimum term of 20 years.

D. **Flexible Densities** Section 3-9-150 of the County Code allows the County to award Incentive Density, which provides increased density for the development of multifamily rental housing or workforce and affordable housing, in tandem with a future land use map amendment and rezoning. Total densities may not exceed that established by the future land use map.

E. **Parking and Setback Requirements** Parking reduction is currently allowed with the submission of a study showing that a reduced number of parking spaces are necessary. Section 3-9-79 of the County Code allows a developer to submit a parking study during the Site Plan Review process demonstrating why parking requirements for their development may be reduced below 1.5 spaces per unit for multifamily development or 2.0 spaces per unit for single-family development. This policy is not exclusive to the development of affordable housing.

F. **Affordable Accessory Dwelling Units** The County's Transfer of Density Units program requires a transfer of density to raise the maximum residential density on any site. An existing home on two or more contiguous lots may construct an accessory dwelling unit, since the property overall has as many density units as included lots.

G. **Flexible Lot Configurations** The Planned Development (PD) zoning district allows flexible performance criteria to replace conventional zoning requirements, including lot sizes. Section 3-9-67 of the County Code allows the development of cluster housing, where "a lot size smaller than normally required is permitted so long as density does not exceed the maximum density permitted in such district".

H. **Modification of Street Requirements** Reduced sidewalk and street walk requirements are used as an incentive for the inclusion of affordable housing in large-scale development on a case-by-case basis in the County. An affordable housing development can apply for a variance to reduce the eight-foot sidewalk width requirement with the County Engineer. The County Engineer will review the request as it relates to the incentive strategies approved by the Board of County Commissioners. The majority of development in the City is infill oriented on an existing grid system.

I. **Public Land Inventory** Florida Statute 125.379 requires that every three (3) years, each county is to prepare an inventory list of county-owned property deemed appropriate for Affordable Housing. A list of current available county-owned properties is sent to Housing Staff for selection of properties deemed appropriate for use as Affordable Housing. Once properties have been selected, a Public Hearing is held, and approval is received by the Board of County Commissioners to add properties to list of Affordable Housing Inventory.

*Qualified non-profit Affordable Housing developers may request the donation of county-

owned property on the inventory list via application to the Charlotte HOME program. Donated properties are subject to a Land Use Restriction Agreement (LURA) that outlines the term of affordability and eligibility criteria (income, special needs, etc.). Proceeds from the sale of properties on the inventory list are credited to the affordable housing trust fund to support future development. The inventory list is revised/updated as surplus properties are acquired, donated, or sold – no less frequently than every 3 years.

*Qualified non-profits are those non-profit organizations whose mission, financial and staff capacity, board governance, and experience have been reviewed and verified and have been approved for participation in County incentives, subsidies, funding, etc.

J. **Support of Development Near Transportation Hubs** Charlotte County does not currently have any transportation hubs to support a policy for development. If a fixed-route transit system is put into place, Transit Oriented Development policies could be developed and implemented.

Exhibit H

Additional Instructions and Information for Down Payment Assistance for Community Land Trust Purchases:

To qualify, homes must be purchased from a Charlotte County approved community land trust (CLT). The CLT will execute a 99-year ground lease with the homebuyer. A memorandum of that ground lease is recorded in the public records immediately following the deed. The terms of the ground lease restrict the resale of the property to an income eligible household and provide a right of repurchase to the CLT in the event of default. The CLT must approve the subsequent homebuyer. In the event of a default, the CLT must notify Charlotte County whether it intends to exercise its right of repurchase. In the event the CLT is not willing or able to exercise its right of repurchase, it shall transfer its right of repurchase to Charlotte County, giving Charlotte County the right, but not the obligation to purchase the property.

The assistance shall be treated as a development cost pay-down to further reduce the sales price to the homebuyer. The assistance amount shall be excluded from the Base Price and Formula Price as defined in the ground lease. The balance of the assistance must be included in the Purchase Option Price as defined in the ground lease to repay the funds to the Charlotte County in the event of default. If the maximum subsidy was not provided to the first homebuyer, the Charlotte County may provide additional assistance to the subsequent buyer to ensure that the property remains affordable, up to the amount of the maximum subsidy allowable at the time of subsequent purchase minus the original subsidy amount provided to the first homebuyer. Any additional SHIP investment will extend the original loan term. At the end of the loan term, the loan will be forgiven, and the lien released. However, the CLT ground lease will remain in effect and the requirements for residency, resale price, and subsequent buyer's income eligibility will continue.

When selling a CLT home, the seller must notify the CLT. The CLT will then enter into a purchase and sale agreement with the seller, that will get assigned to the subsequent homebuyer. The Purchase Option Price for the CLT will be calculated as follows:

Purchase Option Price = Formula Price + Payoff Amount of Deferred Payment Loans

The Formula Price is calculated using a Base Price calculated by subtracting the amount of down payment assistance from the purchase price. For example:

Purchase Price:	$185,000
MINUS Assistance Provided (maximum ELI):	- $30,000
EQUALS Base Price (sales price) for first buyer:	**$155,000**

Base price is the amount the buyer would need to finance (plus transaction costs) and is used to calculate the Formula Price in the ground lease.

Suppose the Formula (re-sale) Price in the ground lease is calculated by a 1% annual increase to the Base Price, compounded. Suppose the home is sold after 5 years. To calculate the Purchase Option Price (price that will go in the purchase and sale agreement between the CLT and the seller), first calculate the Formula Price:

Formula Price = Base Price x Compound Rate

Calculated as follows:

Year 1 = $155,000 x 1.01 = $156,550
Year 2 = $156,550 x 1.01 = $158,116
Year 3 = $158,116 x 1.01 = $159,697
Year 4 = $159,697 x 1.01 = $161,294
Year 5 = $161,294 x 1.01 = $162,907

Formula Price = $162,907

Purchase Option Price = $162,907 + $30,000 = $192,907

The price to the subsequent buyer equals the Purchase Option price minus the assumed down payment assistance:

Purchase Option Price:	$192,907
DPA assumed:	- $30,000
Sales price for subsequent buyer:	**$162,907** (New Base Price for Formula Price)

The new price should be affordable to the subsequent buyer without additional subsidy.

At the end of the loan term, the value of the Purchase Option Price will be equal to the Formula Price.
