Does this LHAP contain an interlocal agreement?	No
If yes, name of other local government(s)	N/A

B. Purpose of the program:

- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2024-2025, 2025-2026, 2026-2027

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face-to-face meetings and online surveys with housing providers, social service providers and local lenders. Public input was solicited through the local advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list of interested participants for the Preliminary Program Application Entry Form.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

Ranking Priority:

1. Special Needs Households
 - a. Very-Low
 - b. Low
 - c. Moderate
2. After Special Needs Set-asides are met
 - a. Very-Low
 - b. Low
 - c. Moderate

Interested participants that meet the SHIP income guidelines based on income estimation, may submit a Preliminary Program Application Entry Form for the Rehabilitation/Replacement random drawing selection process during the advertised 30-day "Application Period."

Following the end of the application period, all entry forms will be reviewed to ensure that they meet the threshold requirements for property location, taxes, liens, and homestead. Special Needs as defined in s. 420.0004 (13), F.S., Preliminary Program Application Entry forms will be randomly drawn for order to be served on a first qualified, first served basis. Once the 20% set aside for Special Needs has been met, the remainder of special needs applicants will be added to the general pool for a general random drawing process for order to be served on a first qualified, first served basis.

Those properties with required repairs exceeding 70% of the total assessed value will be assisted under the Demolition/Reconstruction strategy, if funds are available. Selected households will be assisted until funds are exhausted. Those households unable to be assisted will be notified to reapply the following year, based on funding availability.

- J. Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.
- L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

Local HFA Numbers	

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	Manatee County Government	10%
Third Party Entity/Sub-recipient	N/A	

R. First-time Homebuyer Definition: For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

S. Project Delivery Costs: In addition to the administrative costs listed above, the county may charge a reasonable project delivery cost to cover inspections performed by County staff for rehabilitation projects. The fee will not exceed 2% of the contracted SHIP award and will be treated as soft costs for the project.

T. Essential Service Personnel Definition (ESP): Essential Services Personnel shall include Manatee County’s school district employees; police and fire personnel; government employees; health care personnel; retail workers; tourism industry personnel; food service personnel; and building trades personnel.

U. Describe efforts to incorporate Green Building and Energy Saving products and processes:

The Manatee County Community and Veterans Services Department has incorporated the HUD Green Standards and procedures into all of its construction/renovation projects. These standards are verified through the specifications and inspections procedures.

Innovative design, green building principles, storm-resistant construction or other elements that reduce long-term costs relating to maintenance, utilities or insurance are encouraged as part of the project consideration for rehabilitation repairs and replacement of existing dilapidated housing. All rehabilitation or new construction of residential buildings up to three stories must be designed to meet the standard for Energy Star Qualified New Homes.

Other residential rehabilitation activities must meet these standards to the extent applicable to the rehabilitation work undertaken, e.g., replace older obsolete products and appliances with Energy Star labeled products. Water efficient toilets, showers, and faucets, such as those with the WaterSense label, must be installed.

Where possible, the housing should be improved to mitigate the impact of disasters and flood prone areas (e.g. earthquake, hurricane, flooding, fire.)

V. Describe efforts to meet the 20% Special Needs set-aside: Manatee County does a separate random drawing application for Special Needs residents in order to meet the Special Needs set-aside. The remaining un-served Special Needs applicants are then added to the general random drawing and are prioritized if the 20% set-aside was not previously met. This goal is met through the owner-occupied Rehabilitation and Demolition/Replacement strategies.

W. Describe efforts to reduce homelessness: The County works with agencies serving the homeless populations primarily through its Federal Emergency Solutions Grant rental assistance program to rapidly re-house or prevent homelessness through placing these individuals or families in rental or transitional housing for the purpose of providing a stable housing situation for twelve months or more as determined eligible.

Provide a description of the procedures used to implement this strategy: Developers of affordable housing must submit an application for Affordable Housing Designation identifying the project and households to be served. Upon ensuring that the project will meet affordable housing criteria, an Affordable Housing Designation is issued for Rapid Response/Fast Tracking of the project planning review process and a certificate is provided to initiate the expedited permitting process. Through provision of the Rapid Rehousing/Fast Tracking and Expedited Permit process, affordable housing projects are expedited to a greater degree than other projects.

E. Name of the Strategy: **Reservation of Infrastructure**

The prioritization of Certificate of Level of Service (CLOS) extension request ahead of other residential projects.

Provide a description of the procedures used to implement this strategy: Developers of affordable housing must submit an application for Affordable Housing Designation identifying the project and households to be served. Upon ensuring that the project will meet affordable housing criteria, Manatee County will issue an Affordable Housing designation that will allow the Developer to request an extension of an initial transportation component of a CLOS which shall be prioritized for processing ahead of residential project(s) not containing affordable housing if the residential project containing affordable housing is located (1) within the Urban Core and (2) within one quarter (1/4) mile of a public transit stop.

F. Name of the Strategy: **Reduction of Parking and Setback Requirements for Affordable Housing and Modification of Street Requirements**

4. Setback requirements

G. Name of the Strategy: **Allowance of Flexible Lot Configurations, Including Zero-Lot-Line Configurations**

Projects rezoned to a planned development district that provide 25% or more of their residential units as affordable housing may opt to utilize zero lot line.

Provide a description of the procedures used to implement this strategy: Developers of affordable housing must submit an application for Affordable Housing Designation identifying the project and households to be served. Upon ensuring that the project will meet affordable housing criteria, Manatee County will issue an Affordable Housing designation that will allow the Developer to request zero lot line configuration. Developers may request a reduced setback for such developments if parking is designed not to obstruct sidewalks, roadways or street tree requirements. Additionally, developments utilizing the above designs may reduce the required lot size to no less than 3,500 square feet.

H. Name of the Strategy: **Preparation of a Printed Inventory of Locally Owned Public Lands Suitable for Affordable Housing**

County owned surplus property which is suitable for the development of affordable housing may be dispersed on an as needed basis pursuant to procedures established by the Board in accordance with Section 2-17-1, Code of Ordinance (Conveyance of County Owned Property to Nonprofit Agencies) and other applicable law.

Provide a description of the procedures used to implement this strategy: Manatee County's Department of Community and Veterans Services has the responsibility of conducting a review of County owned lands for suitability for affordable housing development and maintaining an inventory list for conveyance to nonprofit agencies for development of affordable rental or for sale housing. Interested nonprofit developers of affordable housing must submit a request for conveyance of county-owned that have been identified for affordable housing development to the Department of Community and Veterans Services. Upon review of the request, a conveyance deed and Land Use Restriction Agreement is established between the Nonprofit and Manatee County for conveyance and end use.

I. Name of the Strategy: **Support of Development Near Transportation Hubs and Major Employment Centers and Mixed-Use Developments**

Manatee County encourages revitalization of its Urban Core/SWTIF district through the creation of development incentives that assist in the development of mixed-use affordable housing developments near transportation hubs and major employment centers.

Provide a description of the procedures used to implement this strategy: Manatee County's Department of Community and Veterans Services has the responsibility of administrating

Manatee County's Southwest Tax Increment Financing (SWTIF) district and has adopted the Urban Corridor district to provide improved opportunities for redevelopment along the major corridors in southwest county. Developers of affordable housing within the Urban Corridor may request increased densities and provide mixed use developments through the planned development review process.
