Tax credit or State Apartment Incentive Loan (SAIL) projects seeking local government contribution under the Florida Housing Finance Corporation's funding are eligible for assistance under this strategy. The County may provide a local government contribution in the form of a loan, in an amount that meets the current tax credit minimum amount, which is required to allow a developer to compete for funding at the State level. Orange County may elect to support a tax credit project based on the Local Government Areas of Opportunity using a Request for Application process.

- b. Fiscal Years Covered: 2024-2025, 2025-2026, 2026-2027

- c. Income Categories to be served: Very low and Low.

For non-tax credit projects: Developers will be required to enter into a Developer's Agreement with the county that specifies the terms and conditions under which the SHIP funds will be provided. The County's financial assistance is a repayment loan secured with a recorded mortgage and note at a minimal interest rate.
2. Interest Rate: Rates for tax credit or SAIL projects will be based on the financial capability of the project and capped at 2%.
3. Years in loan term: 15-35 years.
4. Forgiveness: The developer's agreement will specify the terms based on the financial capability of the project and amount of investment. New construction will have a longer term due to the useful life expectancy of the building. In the event of a foreclosure or deed in lieu of foreclosure, the debt, lien, and affordability period will be considered terminated unless the developer's agreement contains a land restrictive covenant or deed restriction.

6. Default: If a SHIP assisted development is offered for sale prior to the end of its affordability period, affordability requirements will apply without regard to the term of any loan or mortgage or the transfer of ownership and will be imposed by deed restrictions.

Developers will be required to submit a complete 5 year operating pro-forma, line-item construction cost estimates and sources and uses statement.

a. **Summary:** The purpose of this strategy is to provide funding to developers building single family affordable homes for sale to qualified homebuyers. The developer will identify a SHIP eligible buyer and construct a home. Funds will be awarded to the developer as a construction loan and may pay for site acquisition, site development, construction of new homes, reconstruction, and any related soft cost associated with the development. SHIP may only pay for expenses that are directly related to the housing being assisted with SHIP funds.

c. **Income Categories to be served:** Very low, low, and moderate.

d. **Maximum award:** \$200,000 per unit

3. **Years in loan term:** developer: 2 years. homebuyer: 10 years.
4. **Forgiveness:** Sponsor: The majority of the loan to the developer is not forgiven. It must be repaid upon the sale of a home to an eligible homebuyer.  
Homebuyer: Forgiven at 10% per year.

deferred Loan secured by a recorded subordinate mortgage and note. The loan to the developer, if the home is not sold to an eligible homebuyer within six (6) months after the final certificate of occupancy is issued, the developer will be required to repay the County the full amount of the County's investment for the construction of the home. Homebuyer is not required to make payments as long as the loan is in good standing.

6. Default: The Sponsor will be in default if a house was not successfully constructed within 2 years and sold to a qualified homebuyer. Homebuyer: The homebuyer purchasing the home with a DPA loan will be in default if one of the events occurs during the 10 year loan period: (a) the Homeowner sells, transfers or disposes of the property or home either voluntarily or involuntarily; (b) the Homeowner fails or ceases to occupy the home as their principal residence; (c) the Homeowner, or if the Homeowner is married, the survivor of the Homeowner or the Homeowner's spouse, dies; or (d) the Homeowner refinances the first mortgage loan at which time the principal balance is due unless the Mortgagee agrees to subordination of its second mortgage loan to the new first mortgage loan.   - In addition to receiving a construction loan, the developer may also qualify for impact fee waivers and impact fee discounts.
  - The county may act as a developer to construct affordable homes on county owned lots for sale to qualified homebuyers.

### III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

- A. Name of the Strategy: **Expedited Permitting**  
Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Orange County's affordable housing expedited review process is described under Orange County Administrative Regulation 4.08.01. Developments certified as affordable by the Housing and Community Development Division and Building Department are "fast-tracked" through the development review process. This policy gives certified affordable housing projects priority on the agendas of the Board of Zoning Adjustment, Planning and Zoning Commission, Development Review

Committee, and the Board of County Commissioners. Implicit in this policy is that rezoning applications, engineering plan review and sufficiency reviews will be completed in an expeditious manner.

To qualify for the expedited review process, affordable housing projects need to be certified. To be certified, each project requesting expedited review must meet the earlier referenced threshold criteria. An application detailing the development plan must be submitted. The application illustrates the design and layout of the development and demonstrates that the project is financially feasible. The County's Housing and Community Development Division in conjunction with the Planning Division will review the submitted information. Housing and Community Development Division issues a certificate of affordability for all qualified housing projects. Once a project is certified as an affordable housing project, the developer is entitled to receive priority processing through the County's public hearing process. Specifically, certified projects are given priority time slots on the agendas of the Board of Zoning Adjustment, the Planning and Zoning Commission and the Development Review Committee. The certified projects are also identified so the Clerk of County Commissioners can schedule them promptly before the Board of County Commissioners.

The expedited review process currently in place in Orange County will save the developer up to 30 days or more for certified affordable housing applications requiring variances or rezoning procedures. In addition, applications requiring a review by the Development Review Committee (DRC) will save anywhere from 14-45 days depending on the level of activity.

B. Name of the Strategy: **Ongoing Review Process**

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Orange County currently has a program for this incentive. A ten (10) member Development Advisory Board (DAB) appointed by the Board of County Commissioners has the primary responsibility of reviewing all Orange County policies, ordinances and regulations affecting land development, with the exception of zoning, and to suggest changes to the Board of County Commissioners. Issues discussed at DAB meetings relating to potential increases in costs to affordable housing are brought back to the Orange County Affordable Housing Advisory Board (AHAB) for discussion.

C. Name of the Strategy: **Modification of Impact Fees**

Orange County, through the SHIP program, has a strategy to reimburse developers building affordable single-family housing for impact fees, excluding water capital charges and wastewater capital charges assessed.

The reimbursement rate for affordable single-family developments is up to 100 percent of total impact fees, to be capped at \$21,000. Developments housing moderate-income households will receive up to 50 percent reimbursement, developments housing low-income households will receive up to 75 percent reimbursement, and developments housing very low-income households will receive up to 100 percent reimbursement.

D. Name of the Strategy: **Inventory of Locally Owned Public Lands Suitable for Affordable Housing.**

Orange County, through its Housing and Community Development Division, provides public notices to convey county-owned lots to nonprofit entities for the purpose of constructing and selling affordable homes to eligible homebuyers. A Request for Proposal (RFP) process is implemented to convey the lots.

**ADOPTION OF THE LOCAL HOUSING ASSISTANCE PLAN;  
AUTHORIZATION TO THE MAYOR OR DESIGNEE TO

**Resolution No. 2024-M-11**

WHEREAS, in 1992, the State of Florida enacted the William E. Sadowski Affordable Housing Act (Chapter 92-317, Laws of Florida) allocating a portion of documentary stamp tax revenues to local governments for the development and maintenance of affordable housing and creating the State Housing Initiatives Partnership ("SHIP") Act codified in Sections 420.907-9079, Florida Statutes; and

WHEREAS, in order to receive funds, the SHIP Act and its corresponding rules codified in Chapter 67-37, Florida Administrative Code ("Rules"), require local governments to develop, and adopt via resolution, a local housing assistance plan describing, in part, how SHIP funds will be used; and

WHEREAS, the SHIP Act requires local governments to establish the maximum SHIP funds allowable for each strategy described in the local housing assistance plan; and

WHEREAS, the Rules allow local governments to set a sales price or value of new or existing homes that are sold or rehabilitated under the SHIP program, and the methodology used to set such prices or values is further described in the Local Housing Assistance Plan prepared by the County's Housing and Community Development Division and attached to this Resolution as "**Attachment 1**" ("Plan"); and

WHEREAS, in accordance with Section 420.9075(7), Florida Statutes, the Board of County Commissioners hereby finds that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the Plan, and therefore the cost of administering the Plan may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund; and

WHEREAS, the County's Housing and Community Development Division has prepared the three-year Plan for submission to the Florida Housing Finance Corporation ("FHFC"); and
