Dear Mr. Auger and Mr. Reecy,

Is it possible to limit the maximum HOME request per development so more developments may have the opportunity to be funded? If the maximum request was limited to \$3,000,000 this might enable five or more developments to be funded, assuming \$15,000,000 in HOME funding is available.

In many of our small cities and counties FHFC development is a main source of economic development and an opportunity for local subcontractors and laborers to work in their community, instead of traveling to another area for work.

Thank you for your consideration,
