**Subject:** RFA 2023-203: Public Comment (MetroRail Goal)

Hi Jean –

Regarding RFA 2023-203, Related Urban strongly believes that Florida Housing’s Urban Center / MetroRail Goal should equally prioritize all MetroRail stations as meeting the criteria of the goal. It is our belief that affordable housing is critically needed around each MetroRail station in Miami-Dade County, and unlocking all MetroRail locations for funding will best enable additional qualified / “shovel-ready” sites to commence construction expeditiously to solve the County’s affordability crisis.

Best regards,

Jordan
