

Subject: Expanded Military Radius RFA 2024-215

Jean,

Considering that military bases cover extensive acreage and restrictions prevent development on the bases, leading to an uneven distribution of available sites in specific directions, we suggest permitting a radius of 5 miles from any point on the base. As a minimum measure, we advocate extending the buffer by an additional mile, bringing the total to 6 miles, to address the challenge of housing unavailability near the bases.

Thank you,
