RFA 2018-109 DEVELOPMENT COST PRO FORMA

NOTES:

(1) Developer fee may not exceed the limits established in Rule Chapter 67-48, F.A.C., this RFA or the RFA under which the original funding was awarded. Any portion of the fee that has been deferred must be included in Total Development Cost. When the maximum Developer fee is 21%, the 5% portion available for ODR must be entered on its own separate line and the remaiining 16% portion would be the limiting amount on the other Developer fee line(s).

(2) General Contractor's fee is limited to 14% of actual construction cost (for Application purposes, this is represented by A1.1, Column 3), rounded down to nearest dollar. The General Contractor's fee must be disclosed. The General Contractor's fee includes General Conditions, Overhead, and Profit.

(3) For Application purposes, the maximum hard cost contingency allowed cannot exceed 5% of the amount provided in column 3 for A1.3. TOTAL ACTUAL CONSTRUCTION COSTS for Developments where 50 percent or more of the units are new construction. Otherwise the maximum is 15%. The maximum soft cost conlintengy allowed cannot exceed 5% of the amount provided in column 3 for A2.1 TOTAL GENERAL DEVELOPMENT COST. Limitations on these contingency line items post-Application are provided in Rule Chapter 67-48, F.A.C.

(4) Operating Deficit Reserves (ODR) of any kind are not to be included in C. DEVELOPMENT COST and cannot be used in determining the maximum Developer fee. However, **an ODR is permitted in the Application** and must only be included in E. OPERATING DEFICIT RESERVES (exclusive of the ODR portion of the 21% Developer fee which is on its own cost line item). The amount permitted in E. OPERATING DEFICIT RESERVES is limited to the amount provided by the syndicator in its Letter of Intent as an attachment to the Application and is considered to be in addition to any ODR portion in the Developer fee.

(5) Although the Corporation acknowledges that the costs listed on the Development Cost Pro Forma, Construction or Rehab Analysis and Permanent Analysis are subject to change during credit underwriting, such costs are subject to the Total Development Cost Per Unit Limitation as provided in the RFA under which the original funding was awarded, as well as the other cost limitations provided in Rule Chapter 67-48, F.A.C., as applicable.
